Almanac Sixties In America:

The Sixties in America Tom Pendergast, Sara Pendergast, 2004-11-19 V 1 Almanac v 2 Biographies v 3 Primary sources v 4 Index
The Columbia Guide to America in the 1960s David R. Farber, Beth L. Bailey, 2001 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era

Lee Cooper, Wayne S. Haney, 1995 How does rock music impact culture According to authors B Lee Cooper and Wayne S Haney it is central to the definition of society and has had a great impact on shaping American culture In Rock Music in American Popular Culture insightful essays and book reviews explore ways popular culture items can be used to explore American values This fascinating book is arranged alphabetically for quick and easy reference to specific topics but the book is equally enjoyable to read straight through The influence of rock era music is evident throughout the text demonstrating how various topics in the popular culture field are interconnected Students in popular culture survey courses and American studies classes will be fascinated by these unique explorations of how family businesses games nursery rhymes rock and roll legends and other musical ventures shed light on our society and how they have shaped American values over the years Index to America Norma Olin Ireland, 1989 The Rockin' 60s: The People Who Made the Music Brock Helander, 2001-01-01 The Rockin 60s is a comprehensive guide through the decade that produced the greatest music of all time The Beatles The Rolling Stones Bob Dylan Jimi Hendrix Led Zeppelin Phil Spector The Beach Boys Aretha Franklin and hundreds more emerged from this era Delve into a narrative history of each group and examine the people behind the music along with an analysis of key recordings discography and archival photos throughout **Donkey Work** Patrick Andelic, 2024-11-13 What happened to the Democratic Party after the 1960s In many political histories the McGovern defeat of 1972 announced the party's decline and the conservative movement's ascent What the conventional narrative neglects Patrick Andelic submits is the role of Congress in the party's and the nation's political fortunes In Donkey Work Andelic looks at Congress from 1974 to 1994 as the Democratic Party's stronghold and explores how this twenty year tenure boosted and undermined the party's response to the conservative challenge If post 1960s America belongs to the conservative movement Andelic asks how do we account for the failure of so much of the conservative agenda especially the shrinking of the federal government Examining the Democratic Party's unusual durability in Congress after 1974 Donkey Work disrupts the narrative of inexorable liberal decline since the 1970s and reveals the ways in which liberalism and conservatism actually developed in tandem The book traces the evolution of ideologies within the Democratic Party particularly the emergence of neoliberalism suggesting that this political philosophy was as much an anticipation of America's right turn as a reaction to it as factions vied for control of the party Congress itself both strengthened and weakened liberal resistance to the conservative movement By putting the focus on Congress and legislative politics in contrast to the presidential synthesis that dominates US political history Andelic's book offers a new deeply informed

perspective on two turbulent decades of American politics a perspective that alters and expands our understanding of how we arrived at our present political moment Senior High Core Collection Raymond W. Barber, Patrice Bartell, 2007
