Almost Married:

Almost Married Darcy Maguire, Yoko Inoue, 2014-12-30 Cassie Winters gave up on marrying for love after her parents who she'd always thought were passionately in love with each other got a divorce. Instead she's decided to marry a man compatible with her on paper but for whom she feels nothing. But the morning after her bachelorette party she finds herself naked in a strange bed alongside a man she's never met before. Now she's stuck on a cruise with this stranger she can't even remember spending the night with. While she tries to avoid him she finds it difficult to ignore her growing feelings for him. Will her feelings about marriage keep her from falling for this man or will she follow her heart and risk making the same mistake her parents did. Getting Married Carrie Yodanis, Sean Lauer, 2016-09-01 In Getting Married Carrie Yodanis and Sean Lauer examine the social rules and expectations that shape our most personal relationships. How do couples get together? How do people act when they're married? What happens when they're not? Public factors influence our private relationships. From getting engaged to breaking up, social rules and expectations shape and constrain whom we select as a spouse, when and why we decide to get married, and how we arrange our relationships day to day. While this book is about marriage, it is also about sociology. Yodanis and Lauer use the case of marriage to explore a sociological perspective. Getting Married will bring together students' academic and social worlds by applying sociology to the things they are thinking about and experiencing outside of the classroom. This book is a useful tool for many sociology courses, including those on family, gender, and introduction to sociology. *Men Getting Married in England, 1918-60* Neil Pennington, 2023-03-31 Starting after the Great War, this book charts the rise of the ritualistic engagement, the modern white wedding, and the more widely available honeymoon holiday to show changes and continuities in English masculinity by considering power relations between men and women. Through a close reading of a range of sources, including first-person testimonies, newspapers, and etiquette manuals, power relations between bride and groom and between different generations are revealed in the context of social class and the rise of consumerism. Married and Singles Bukola Agunbiade Olajide, 2021-05-06 God never created a marriage to fail hurt or be frustrated The only reason marriage is failing today is simply because we are trying to do different things from what God designed it to be Every couple has 100 percent chances for a successful marriage only if they can do it the way God planned it The problem is not with the marriage it's couples ignorance in understanding each other The best couples are the couple that realised they have many differences and make every effort to work on their differences If you are already married but going through a rough patch or simply want to strengthen your bond by allowing God to restore your marriage this particular book is for you If you're single contemplating marriage choosing a life partner is one of the most important decisions to make in life The choice of life partner you make can determine the quality of your life in the future much more than any other decision you make in your life Many singles spend more time developing academic knowledge deciding where to go to college choosing the cause to study building physical fitness but spending little time or no time on choosing the right future partner which has led to many failures in marriages today If you give God a chance to choose for you he can give you a description of the kind of person that he desires you to marry For you to have a successful marriage and if you want God's blessing over your marriage which you do then it's better to listen to God about the kind of person he wants you to marry Love alone is not enough reason to marry
