Almost An Island Story Of Wallasey:

Sixteen Decades in Wallasey Roy Dutton, 2013-04-01 Reminiscences of New Brighton and Liverpool The constant procession of ocean going liners up and down the Mersey was a real spectacle Wallasey has eight miles of promenade fringed by golden sands with children s talent contests Joytime in Vale Park The Tower Grounds rides skating and a figure of eight We even had a circus and a zoo The New Palace indoor amusement park was the largest in England Tommy Mann s miniature railway operated in the Tower Grounds next to the Promenade Trips on the Royal Iris the ferries and a magnificent pier And don t forget the largest outdoor swimming pool in Europe What a place to grow up in It was my Disneyland and on my very own doorstep

Wirral in the Great War Stephen McGreal, 2014-09-30 On 4 August 1914 Britain declared war on Germany Originally perceived as a short campaign to curtail Germanic imperialism it developed into a four year long war of attrition The Great War is justifiably associated with the horrors of trench warfare and the death of a generation but history has overlooked the home fronts colossal contribution to victory On the outbreak of war thousands of troops arrived in Wirral to defend the coast from invasion and guard the docks and shipyards under the watchful eyes of the gunners of the Bidston Hill artillery batteries The transition to a military garrison also led to the conversion of schools to military hospitals predominately financed by the community Thousands of wounded service men arriving at Woodside station were dispersed and administered to by a plethora of military or auxiliary hospitals Voluntary organizations also procured funds for ambulances and comforts for those at the front At the beginning of hostilities the Government swiftly introduced draconian regulations to restrict liberty particularly for those of foreign extraction Following the 1915 sinking of the Lusitania the xenophobia vented itself in Wallasey and Birkenhead where riots resulted in the destruction of German owned business premises The resentment was further fueled by the German submarines attempt to destroy the British merchant fleet and starve Britain into submission they almost succeeded As vital cargoes plunged to the sea bed food became the latest rationed commodity consequently unused tracts of Wirral land were turned over to food production and German prisoners of war helped clear the river Birkett The local shipyards and factories came under the control of the Ministry of Munitions and unlikely companies were involved in the national preoccupation of producing artillery shells Following the 1916 introduction of compulsory military service female workers increasingly replaced the men thereby making undreamed of advances in female emancipation Also involved in the war effort were school children who collected food for wounded soldiers boy scouts patrolled the coastline sister Susie famously sewed shirts for soldiers and a Dad s Army was established to repel invaders Their activities and others are generally overlooked by twentieth century chroniclers This is the fascinating but forgotten story of how Wirral provided the sinews for war and made a significant contribution to the comprehensive defeat of Germany

The Wreckers Bella Bathurst, 2013-08-23 An entertaining historical investigation into the scavengers who have profited off the spoils of maritime disasters The Washington Post Even today Britain s coastline remains a dangerous place It is an

island soaked by four separate seas with shifting sand banks to the east veiled reefs to the west powerful currents above and the world's busiest shipping channel below The country's offshore waters are strewn with shipwrecks and for villagers scratching out an existence along Britain's shores those wrecks have been more than simply an act of God in many cases they have been the difference between living well and just getting by Though Daphne du Maurier and Poldark have made Cornwall famous as Britain's most notorious region for wrecking many other coastal communities regarded the sea's bounty as a way of providing themselves with everything from grapefruits to grand pianos Some plunderers were held to be so skilled that they could strip a ship from stem to stern before the Coast Guard had even left port Some were rumored to lure ships onto the rocks with false lights and some simply waited for winter gales to do their work This book uncovers tales of ships and shipwreck victims from shoreline orgies so Dionysian that few participants survived the morning to humble homes fitted with silver candelabra from coastlines rigged like stage sets to villages where everyone owns identical tennis shoes Spanning three hundred years of history *The Wreckers* examines the myths realities and superstitions of shipwrecks and uncovers the darker side of life on Britain's shores Bathurst who won a Somerset Maugham Award for *The Lighthouse* Stevensons offers a spellbinding tale of seafaring men their ships and the ocean that cares for neither Publishers Weekly A fascinating haunting account of pillagers plunderers and pirates John Burnett author of *Dangerous Waters Modern Piracy and Terror on the High Seas* *A History of Wirral* Stephen Roberts, 2002
