Alone in the World Catherine Reef,2005 From the almshouses of the 1800s to the foster home programs of the present find out about our country s evolving attitudes toward its neediest children **Orphan Trains** Elizabeth Raum,2010-01-12 Describes the people and events involved in the orphan trains The reader s choices reveal the historical details from the perspectives of a New York City newsboy a child trying to keep his siblings together and a child sent west on the baby trains Provided by publisher Invisible Nation Richard Schweid,2016-10-25 Every year more than 2 5 million children are left homeless in the United States and the number of such families continues to rise annually In every state children are living in small quarters packed in with relatives in cars in motel rooms or in emergency shelters In this vividly written narrative experienced journalist Richard Schweid takes us on a spirited journey through this invisible nation giving us front row dispatches of suffering families on the edge Based on in depth reporting from five major cities Invisible Nation looks backward at the historical context of family homelessness as well as forward at what needs to be done to alleviate this widespread although often hidden poverty Invisible Nation is a riveting must read for everyone who cares about inequality poverty and family life Provided by publishe **A Hard Place to Call Home** Kiaras Gharabaghi,2019-02-15 In this seminal resource Dr Kiaras Gharabaghi identifies an underlying absence of unifying theory and practice in Canada s child and youth residential care and treatment services By drawing on organizational examples from across Canada Gharabaghi exposes how the historical dynamics of mediocrity and complacency have led to inadequate standards and practices within the system More assuredly this resource exposes readers to alternative ways of re imagining a system that is designed from a space of care healing and growth that promotes autonomy for all young people This well timed resource offers the child and youth services community a positive constructive and revolutionary framework for residential care and treatment that is fundamentally based on a partnership between caregivers and young people their families neighbourhoods and communities Dr Gharabaghi s sophisticated and provocative analysis of the system s key issues is an essential resource for students practitioners and educators in the field of child and youth care and in the human services more broadly **Literature for Young Adults** Joan L. Knickerbocker,2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while

films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Fostering on the Farm Megan Birk,2015-06-15 From 1870 until after World War I reformers led an effort to

place children from orphanages asylums and children's homes with farming families The farmers received free labor in return for providing room and board Reformers meanwhile believed children learned lessons in family life citizenry and work habits that institutions simply could not provide Drawing on institution records correspondence from children and placement families and state reports Megan Birk scrutinizes how the farm system developed and how the children involved may have become some of America's last indentured laborers Between 1850 and 1900 up to one third of farm homes contained children from outside the family Birk reveals how the nostalgia attached to misplaced perceptions about healthy family based labor masked the realities of abuse overwork and loveless upbringings endemic in the system She also considers how rural people cared for their own children while being bombarded with dependents from elsewhere Finally Birk traces how the ills associated with rural placement eventually forced reformers to transition to a system of paid foster care adoptions and family preservation

Cultural Orphans in America Diana Loercher Pazicky, 2008-10-01 Images of orphanhood have pervaded American fiction since the colonial period Common in British literature the orphan figure in American texts serves a unique cultural purpose representing marginalized racial ethnic and religious groups that have been scapegoated by the dominant culture Among these groups are the Native Americans the African Americans immigrants and Catholics In keeping with their ideological function images of orphanhood occur within the context of family metaphors in which children represent those who belong to the family or the dominant culture and orphans represent those who are excluded from it In short the family as an institution provides the symbolic stage on which the drama of American identity formation is played out Applying aspects of psychoanalytic theory that pertain to identity formation specifically Ren Girard's theory of the scapegoat *Cultural Orphans in America* examines the orphan trope in early American texts and the antebellum nineteenth century American novel as a reaction to the social upheaval and internal tensions generated by three major episodes in American history the Great Migration the American Revolution and the rise of the republic In Puritan religious texts and Anne Bradstreet's poetry orphan imagery expresses the doubt and uncertainty that shrouded the mission to the New World During the Revolutionary and post Revolutionary periods the separation of the colony from England inspired an identification with orphanhood in Thomas Paine's writings and novels by Charles Brockden Brown and James Fenimore Cooper encode in orphan imagery the distinction between Native Americans and the new Americans who have usurped their position as children of the land In women's sentimental fiction of the 1850s images of orphanhood mirror class and ethnic conflict and *Uncle Tom's Cabin* like
