Alpha Phonics A Primer For Beginning Rea:

Alpha-phonics Samuel L. Blumenfeld, 1983 An effective step by step intensive phonics program for teaching reading to beginners of all ages Designed for easy use by teachers tutors and parents Container [A Layman's View of Christianity](#)
Donald A. Dahlin, 2002-01-31 This book is intended as a spiritual sword into the utter complacency of Christian orthodoxy The message and practices found in this book are spiritually guaranteed to reveal your hidden potentials and change your life to the degree that you read and apply its progressive and practical approach The true message of Jesus was obscured in orthodox Christian practices fulfilling the promise and greater works than this shall ye do John 14 12 The total message of Jesus was given during the latter portion of his life it was simple and not of great length it might fill a few pages or a chapter of a book The message appeared fragmented but told of spiritual knowledge that one could attain through a system of self government woven between parables or proverbs of human behavior with moral and spiritual percepts I found that Jesus had learned an approach that would help his fellowman that was composed of five factors 1 a spiritual understanding of the soul and the mind 2 the relationship of spiritual consultations and meditation as means of gaining spiritual knowledge 3 the power of prayer is a telepathic phenomenon for healing curses and for extra sensory perception 4 the laying on of hands for healing ones self or others 5 the ability of the body to heal itself from many ailments by fasting Experimenting with the power of intention as prayer I also learned a progressive means of extra sensory perception that went into contact with chemicals people plants and animals Having a chiropractic background I was in physical contact with people and learned that x ray vision is also possible Ill tell you about each of the chapters in my book a little later First I want you to know why this approach is correct Jesus was a Gnostic The Greek word gnos means knowingness or knowledge in the fullest sense of the word it was a special knowledge of spiritual things Gnosticism was a mystical religious and philosophical doctrine of early Christian times Gnostics claimed that spiritual knowledge rather than faith was essential to salvation Salvation in a Gnostic sense would mean a spiritual search for knowledge toward perfection becoming a free spirit and recognizing ones relationship to a spiritual universe heaven created by the Supreme Being Otherwise an orthodox definition of salvation would mean a deliverance from sin and from punishment for sin redemption The Gnostic Christian seeks to discover the truth about God and spiritual matters through personal experience or revelation as intuition insight or cognition by counseling psyche guidance and meditation It is the opposite to being told what to believe Jesus was a true Gnostic when he said My doctrine is not mine but his who sent me If any man will do his will he shall know of the doctrine whether it be of God or whether I speak of myself John 7 16 17 This teaching implies that anybody anywhere at any time could know the truth through his own recognition of what he was teaching his disciples Jesus did not have to be on another planet to preach to be crucified on the cross etc in order for his message to be known Be ye perfect even as your Father which is in heaven is perfect Matthew 5 48 Jesus also said If you continue in my word you are truly my disciples and you will know the truth and the truth will make you

free John 8 32 Paul the apostle of Jesus referred to this Gnostic concept Be not conformed to this world but be ye transformed by the renewing of your mind that you may find what is the good and acceptable and perfect will of God Romans 12 2 Learn to challenge It was a warning against mind control through hypnotic means or agreement without understanding The renewing of your mind is done through private meditation not through someones interpretation **Alpha-Phonics** Samuel L Blumenfeld,Meg Rayborn Dawson,2023-11 Alpha Phonics is a comprehensive reading instruction program designed to empower beginners of all ages This program aims to provide tutors parents and teachers with an easy to use tool to teach reading With carefully drafted exercises and lessons readers will develop strong reading skills to tackle words and sentences easily Alpha Phonics aims to play a fundamental role in language development with effective teaching methods It aims to revolutionize homeschooling and the overall education setup by introducing more than 3 500 words in its simple 128 lessons It offers tried and tested solutions for learners learning to read or trying to improve their grip over spelling It also works very well for older even grown adults students who need remediation It is highly endorsed by leading homeschooling product reviewers Cathy Duffy and Mary Pride Simplicity is something that makes Alpha Phonics work so well The foundation of Alpha Phonics lies in simplifying lessons as the beginner can start reading simple sentences by lesson three Sometimes it can happen as early as the first day Result You can sense the reading success on the very first day Other programs often end up making things a little more complicated They inject grammar pictures and other material that can make it hard for a learner to grasp the true essence of the lessons With Alpha Phonics you teach only reading Out of many elements that make Alpha Phonics stand out is a BONUS in that you EASILY teach SPELLING as you go lesson by lesson Parents and tutors can spend a few minutes with each lesson doing oral and written dictation to teach spelling The Robinson Curriculum organization regularly recommends Alpha Phonics for learners struggling with phonograms Alpha Phonics works exceptionally well in teaching phonics systematic phonics or teaching English as a second language There is also a 24 7 Helpline if you need assistance and a practice workbook **Children's Books In Print 1998** Bowker Editorial Staff,R R Bowker Publishing,Bowker,1998 **Chalcedon Report** ,2004 **Alpha-Phonics a Primer for Beginning Readers** Samuel L.
