Alpines For Your Garden

Michael Mitchell

Alpines For Your Garden:

Alpines for Your Garden Alan Bloom, 1981 *Alpines* Michael Mitchell, 2011 Alpines have been a favourite plant for generations of gardeners and are as popular now as ever. Historically they were used in rockeries but they offer far more potential for today's gardens which are generally becoming smaller. Whether planted in troughs, window boxes, raised beds or between paving, alpines offer fantastic versatility and colour for nearly every month of the year. Aimed at both the beginner and the more experienced enthusiast, this essential guide contains a wealth of beautifully illustrated information. Topics covered include Traditional and contemporary settings for growing plants, Ideas for incorporating alpine plants into a new or existing garden plot, Advice on planting and maintenance, Information on propagation methods and facilities, An A-Z of over 180 of the best alpine plants with a useful table of flowering times. AUTHOR Michael Mitchell started Slack Top Alpine Nursery on leaving Askham Bryan Horticultural College in 1986 and now has twenty five years experience in the propagation and cultivation of alpine and woodland plants. Michael has taught alpine courses for the Royal Horticultural Society at their garden in Harrogate for several years. Michael and his wife Allison started exhibiting their alpine plants at several of the major UK flower shows in 2006 and have since won seven gold medals. **SELLING POINTS** This essential guide covers all aspects of the care and cultivation of alpine plants. This increasingly popular group of plants contains some of the world's most exquisite flowers. Gives interesting suggestions of where to grow alpines in both traditional and more contemporary settings, themed containers, geometric planting ideas and single variety planting. **ILLUSTRATIONS** 217 colour photographs.

Climate Crisis: You & Your Garden Andrew M Molloy, 2022-12-26 There are many issues and obstacles we face today We know we all need to start somewhere and that somewhere could be right outside your front or back door Our need to change is now not tomorrow

There is not a single environment on the entire Earth that is not now contaminated by human activity This will continue until our biosphere can take no more Then we all lose We lose a diamond that may never exist again in any other solar system amongst billions We are still abusing fossil fuels and the simple truth is if we continue to pump greenhouse gases into our atmosphere if we deforest anymore land continue to build and extract anymore minerals from the Earth we will cook this planet to the point no life can exist Our very survival depends on our ability to change the way we live and that day is here right now So much wildlife is being lost across the globe and nearly all that loss can be attributed to human activity Your local wildlife should be important to you and you should want to help because that unseen life those plants and creatures have all contributed to our lives in ways we are yet to fully appreciate We can do so much more to help We can grow many seasonal foods We can do more than you think if the will is strong to do so My passion for wildlife is stronger now than at any time in my life The reason for that is because I know that the natural world needs me and all of you more than at any time in all of its evolutionary path We are breaking down chains of life that can recover if we act now We can reverse climate change but we all do need to act and not for no other reason that because you like me you care about our planet If this book gives you anything I hope it gives you a new perspective on how your garden is just as important as saving our oceans our forests and our kaleidoscope of magical plants and creatures we are custodians of If enough of us care I know the future can be brighter for all and not just the few I have included some fun facts in this book and a month by month gardening guide I have compiled over three decades of gardening There are fun ways to reuse materials to save them from landfill Projects that are easily achieved to save money or to simply grow more of your own food to save a few bucks pounds In truth your garden can be anything you want it to be All the projects in this book are from my own endeavours in my garden to create a place for me the food I like to grow for and the local wildlife

Your Garden For Free: First Edition Andrew M Molloy, Transforming your garden can be expensive and if money is limited upcycling everyday garden items into something new you can use will not only save you money but will also prevent another perfectly serviceable piece of garden furniture or equipment being sent to landfill Upcycling unwanted items is a fun way you can save money but let s not stop there Money can be saved transforming your garden into something you can do for little to no money Along with plants and attracting wildlife into your garden will only further advance your garden into a beautiful place that you can enjoy for literally no money in many cases This handy book will give you some ideas of what is possible whether you are creating a garden from scratch or just wanting to add something special to enhance your garden Anything is possible once you delve into this exciting way to transform your garden This edition is a text only edition The second edition includes images of the projects I have done in my own garden over the years Most projects and designs only cost my time others a few quid are required but never more than you would think This first edition also includes a month by month guide to give you some ideas of what is possible throughout the gardeners years
