Past Without Shadow Zohar Shavit,2005-02-22 A Past Without Shadow examines 50 years of German children s books in which the darkest horrors of the Third Reich have routinely remained hidden The horrors of the Third Reich are systematically screened and filtered allowing the darker bleaker parts of history to escape illumination Here Zohar Shavit explores 345 German books for children describing the Third Reich and the Holocaust and finds a shocking distortion of the past a recurrent narrative which suggests that the Germans themselves had no hand in the suffering inflicted on the Jews These books Shavit argues have created the false historical lesson that the real victims of Hitler s crimes were the German people themselves First published to great acclaim in Hebrew and now available in English this book is a wake up call for anyone concerned about German children s literature and its responsibility to past and future *Into The Unknown* Andy Murray,2017-06-08 Since the earliest days of British television drama scriptwriter Nigel Kneale has been a seminal figure His Quatermass serials for the BBC were a seismic event in the 1950s before finding international success when adapted by Hammer Films for the big screen Later TV plays such as The Road The Stone Tape and The Year of the Sex Olympics skilfully blend elements of science fiction and the ghost story They remain classics and Kneale himself a great influence on popular culture Revised and updated this new edition of Into the Unknown charts Nigel Kneale s extraordinary career from his childhood on the Isle of Man to his fraught days at the BBC strange adventures in Hollywood and his status as legend to legions of fans It draws on a wealth of research and many hours of interviews with Kneale himself as well as prominent admirers These include John Carpenter Ramsey Campbell Grant Morrison Russell T Davies and Mark Gatiss and Jeremy Dyson of the League of Gentlemen Wie vermittelt Judith Kerr in ihrem Werk „Als Hitler das rosa Kaninchen stahl“ den Nationalsozialismus?
