Will Alsop Tom Porter, 2010-10-04 The design process of Will Alsop acts as a conduit for the dreams and aspirations of others Moving from public consultation to the privacy of his painting studio here ideas are born in the liquidity of paint the serendipity of collage and the flourish of line resulting in the avant garde and vibrant designs that Alsop is particularly well known for Whether the world approves of these designs or not does not devalue the creative and artistic process which produces so rich varied challenging and inspirational outcomes Focusing on the refreshing process of design with which Will Alsop engages Tom Porter reveals and traces the process from public consultation to private studio from paint to line to model and in doing so uncovers a treasure trove of ideas for transforming the process of architectural design Whether a working architect or a student embarking on the first steps towards creating your own design process this book offers an insight and example into how engaging with the public before painting the way into architecture can offer the most stimulating solutions

Alsop & Störmer, 1999 **Serious Fun** Samantha Hardingham, 2022-11-07 Guest edited by Samantha Hardingham This issue of AD celebrates the extraordinary life and work of British architect Will Alsop 1947 2018 a career and portfolio that is both literally and metaphorically steeped in colour Characterised as a maverick architect Alsop was in truth an individualist who was all for the collective and a non conformist His design aim was to replace a little misery in the world with a little joy and delight Far from diminutive in ambition many of his built projects caused big shifts in thinking about ways for citizens to perceive occupy and enjoy their cities He believed deeply in the active participation of clients to explore their architectural ideas involving them in workshops and the making of films to help them to see and better understand what design could positively do for them His buildings and artworks are as contentious as they have been highly acclaimed but never fail to amaze and inspire His continuous engagement in teaching lecturing and exhibiting throughout his career with academic posts held in the UK Germany Austria Australia and the US meant he always remained in touch and was a consistent source of encouragement to new generations of architects entering the profession This AD aims to harness that creative energy commitment and camaraderie Contributors Ollie Alsop Thomas Aquilina Nigel Coates Peter Cook Paul Finch Mark Garcia Clare Hamman John Lyall Bruce McLean Will McLean Kester Rattenbury Marcos Rosello and Neil Thomas
