Altaihimalaya A Travel Diary

Brett Neilson

Altai-Himalaya A Travel Diary:

Altai-Himalaya Nicholas Roerich, 1929 **Altai-Himalaya** Nikolaj Konstantinovič Rerich, 1996 Nicholas Roerich's classic 1929 mystic travel book is back in print. He kept a diary of his travels by yak and camel through a remote region still largely unknown today. An intellectual as well as an adventurer, he chronicles his expedition through Sinkiang, Altai, Mongolia, and Tibet from 1924 to 1928 in twelve exciting chapters detailing his encounters along the parched byways of Central Asia. With a special interest in geographical mysteries and arcane and mystical arts, he searches for the hidden cities of Shambhala and Agartha. Roerich's original drawings as well as reproductions of his inspiring paintings illustrate this unique travel book.

Altai-Himalaya Nicholas Roerich, 2017-11-20. Excerpt from *Altai Himalaya A Travel Diary*. Whether one believes this or not, it would be hard to imagine a better ambassador of good will from the West to the East for the reason that although he represents the summit of European accomplishment and culture, Roerich is deeply Oriental in his temperament, sympathies, and point of view. Altai-Himalaya, a Travel Diary, by Nicholas Roerich... [Introduction by Claude Bragdon.]. Nikolai Konstantinovitch Rerikh, Claude Bragdon, *Lost Cities of China, Central Asia and India* David Hatcher Childress, 1991. Explores some of the world's oldest and most remote countries in search of lost cities and ancient mysteries. **Rus - Ukraine - Russia** Martin C. Putna, 2021-06-01. An outspoken opponent of pro-Russian authoritarian and far-right streams in contemporary Czech society, Martin C. Putna received a great deal of media attention when he ironically dedicated the Czech edition of *Russ Ukraine Russia* to Milo Zeman, the pro-Russian president of the Czech Republic. This sense of irony combined with an extraordinary breadth of scholarly knowledge infuses Putna's book. Examining key points in Russian cultural and spiritual history, *Russ Ukraine Russia* is essential reading for those wishing to understand the current state of Russia and Ukraine, the so-called heir to an alternative Russia. Putna uses literary and artistic works to offer a rich analysis of Russia as a cultural and religious phenomenon, tracing its development from the arrival of the Greeks in prehistoric Crimea to its invasion by little green men in 2014, explaining the cultural importance in Russia of the Vikings as well as the Pussy Riot, exploring central Russian figures from

St Vladimir the Great to Vladimir Putin Unique in its postcolonial perspective this is not merely a history of Russia or of Russian religion This book presents Russia as a complex mesh of national religious and cultural especially countercultural traditions with strong German Mongol Jewish Catholic Polish and Lithuanian influences a force responsible for creating what we identify as Eastern Europe *Magdalene's Ascension* Annine van der Meer, 2025-01-21 Examines the lives of Jesus and Mary Magdalene using biblical historical apocryphal and recent channeled sources as well as regression reports Explains the concept of ascension through a quantum physics framework detailing Mary Magdalene's ascension along the Tree of Life Explores Mary's family background her education in Egypt her mission in Western Europe and her life and work alongside Jesus including her role as his wife and his appointed successor Expanding the scholarship and understanding of the early Christian period and the world of the Essenes from a feminine perspective religious historian Annine van der Meer offers a detailed new account of the life of Mary Magdalene also known as Mary of Bethany or Miryam the Migdalah showing how Mary's spiritual path is intimately connected to our current times of ascension The author explores Mary's family background her education in Egypt her mission in Western Europe her life and work alongside Jesus also known as Yeshua and her anointing as his wife and his appointed successor Though not recognized by the patriarchal disciples Peter Andrew and Paul the author presents the evidence of Mary's role through biblical historical apocryphal and recent channeled sources and regression reports including those of Dolores Cannon Stuart Wilson Joanna Prentis and Claire Heartsong Van der Meer then reveals Mary's ascension process through seven branches along the Tree of Life detailed in *The Gospel of the Beloved Companion* written by Mary herself and scientifically explains ascension the changing of the physical body into a light body through recent developments in quantum physics She takes the reader through seven portals from individual ascension to collective ascension illuminating not only Mary's heavenly journey of becoming light but also its spiritual significance for each of us as individuals and for the world as a whole *Bookseller's catalogues* Thornton J. and son, 1883

Legitimizing New Religions James R. Lewis, 2003 James R Lewis has written the first book to deal explicitly with the issue of how emerging religions legitimate themselves He contends that a new religion has at least four different though overlapping areas where legitimacy is a concern making converts maintaining followers shaping public opinion and appeasing government authorities The legitimacy that new religions seek in the public realm is primarily that of social acceptance Mainstream society's acknowledgement of a religion as legitimate means recognizing its status as a genuine religion and thus recognizing its right to exist Through a series of wide ranging case studies Lewis explores the diversification of legitimization strategies of new religions as well the tactics that their critics use to de legitimate such groups Cases include the Movement for Spiritual Inner Awareness Native American prophet religions spiritualism the Church of Christ Scientist Scientology Church of Satan Heaven's Gate Unitarianism Hindu reform movements and Soka Gakkai a new Buddhist sect Since many of the issues raised with respect to newer religions can be extended to the legitimization strategies

deployed by established religions this book sheds an intriguing new light on classic questions about the origin of all religions

Free Trade in the Bermuda Triangle-- and Other Tales of Counterglobalization Brett Neilson, 2004 An alternative approach to mapping the world offers a new way to contest capitalism and globalization Shangri La the Bermuda Triangle Transylvania the Golden Triangle far flung in popular

conception these anomalous places nonetheless occupy the same mysterious zone a mythography of unruly cartographic practices And because this mythography becomes associated with a particular area of the earth's surface it may well suggest an alternative means of mapping the world dissociated from the dominant geographical paradigms of nation state economic region and the global local marketing nexus Large scale nonnational geographical spaces that find their genesis in popular feeling mystery and belief these four sites provide Brett Neilson with the basis not only for rethinking the current global reorganization of space and time but also for questioning the dominant narrative by which globalization marks the victory of capitalism Free Trade in the Bermuda Triangle moves between analysis of popular fantasies and engagement with on the ground realities weaving together topics as diverse as airplane disasters off the U S Atlantic coast the global drug trade vampire culture in postsocialist Europe and the search for utopia in Chinese occupied Tibet The study of globalization is largely a solemn affair occupied with increasing economic polarities environmental degradation and global insecurity Free Trade in the Bermuda Triangle maintains a critical focus on these sobering issues but at the same time asks how popular pleasure and enjoyment can create viable alternatives to the current global order Neilson takes seriously the proposition that capitalism must be contested at its own level of generality finding provisional grounds for resistance in nonlocal transnational spaces that embody quotidian hopes desires and anxieties By studying the real and imagined dimensions of these popular geographies his book seeks resources for social betterment in the fallen mythologies of the contemporary postutopian world
