William R. McAlpine, 2011-02-14 **Sacred Space for the Missional Church** examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out The author demonstrates that the built environment is not incidental or even subservient to mission Rather it is a key player in the fulfillment and the communication of that mission The book begins with a working definition of the missional church underscoring the connection between God's mission *missio Dei* and the Church's mission The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function pragmatics and fiscal astuteness The author questions the uncritical application of blanket statements such as form must follow function and challenges the conviction that it does not matter where worship occurs only that it occurs The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church *Summary of Arin Murphy-Hiscock's The House Witch* Milkyway

Inspiration & Contemporary Creativity John Halstead, 2019-08-29 A living relationship with the wild natural world is our birthright as human beings But centuries of civilization patriarchy transcendental monotheism reductionist science and capitalism have broken the connection between humankind and nature To be Neo Pagan today is to reclaim our original relation with the world It is nothing more and nothing less than to be fully human again To re learn what this means we need to strip away the layers of estrangement that have accreted to our collective soul over the centuries So we look back to our pagan ancestors Though separated by time there is a connection between us and them We carry it in our flesh and blood At our most fundamental we are still the same human beings we were then We can be pagan again today because we live under the same Sun and on the same Earth we feel the same wind blowing through our hair and the same rain falling on our skin

Soulsunami Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide

everywhere we look the signs all tell us we're living in a post-Christian culture. Or are we? Leonard Sweet, cultural historian, preacher, futurist, creatologist, and preeminent thinker, firmly believes we live today in a pre-Christian society fraught with challenges, dangers, critical choices, and above all, tremendous potential for the church. The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away. What will we do? Deny the reality of the incoming surge? Hunker in the bunker, hermetically sealing ourselves in an increasingly out-of-touch church counterculture? Or will we boldly hoist our sails and, looking to God for guidance and strength, move with confidence and purpose over the waves?

SoulTsunami is a fascinating, even mind-numbing look at the implications of our changing world for the church in the 21st century. With uncanny wisdom and trademark wit, Leonard Sweet explores ten key futuribles, precision guesses that fall short of predictions, expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom. Here are eye-opening perspectives on the church from within and from without, from its surrounding society. Lively, well-written, and provocative, *SoulTsunami* is a clarion call for Christians to remove their tunnel-vision glasses and take a good look at the swelling postmodern flood. It also is a voice of encouragement affirming the church in its role as God's lifeboat. And it is a passionate prophetic guide pointing the way to reach a world swept out to sea.
