The Palgrave Handbook of Theatre Censorship Anne Etienne, Graham Saunders, 2024-11-29 This book incorporates a wide theoretical cultural literary and historical engagement in exploring the tension between dramatic productions and the forms of censorship they encounter from creation to reception The Palgrave Handbook of Theatre Censorship offers global new insights into censorship practices examining attempts at repression motivated either by fears that audiences gathering together to watch live dramatic events will lead to sedition and mass uprisings or by moral or religious squeamishness requiring the establishment of institutional systems of censorship to curb or suppress the stage As such the Handbook aims to initiate redefinitions of what we understand or experience as censorship Who knew theatre could still carry so many threats or be so widely provocative and dangerous This is an extraordinary and often eye opening set of thirty six individually insightful wide ranging and oftentimes disturbing essays each of which offers unique insights into theatre censorship practices and their impact within a specific political and moral culture There is a particular emphasis on the recent and current and the authors speak with first hand knowledge and from direct experience not only about the restrictions but also how artists sometimes negotiate and evade these What makes the book so especially fascinating and illuminating is seeing so many examples juxtaposed together. This enables the reader to hear the essays and the cultures talking to and alongside each other The collection repeatedly breaks fresh ground and the editors deserve enormous credit for gathering and effectively curating so many reports from the front line Steve Nicholson Emeritus Professor University of Sheffield UK Anne Etienne and Graham Saunders s book is a wide ranging incisive and compelling collection of reflections and case studies on the theatre industry's relationship to censorship and self censorship from a historical and contemporaneous perspective An impressive array of authors have been assembled for this volume representing among them views on the subject from Spain Denmark Norway Zimbabwe South Africa Germany Italy Indonesia Iran Portugal Turkey Brazil Japan Ireland Australia Russia England and more The book is by turns surprising in its curatorial and narrative design and wonderfully effective at delineating the complex and thorny paths that create socio political cultures where the censorship and self censorship of theatre artists thrives and or is efficaciously contested and rebelled against Of note is a through line of argument in the book around less

overt modes of surveillance that police artists imaginations and thereby the work they create and produce At a time in the world where many governments are increasingly seeking to limit artistic expression this book is a necessary reminder of the many freedoms that have been fought for in theatres around the globe and how the power of being unsilenced must never be taken for granted Caridad Svich Playwright Translator This is a truly excellent collection of incisive studies It is wide ranging impressively global in scope with an illuminating balance of the historical and the contemporary In its impressive and well realised ambition demonstrated by the well focused intelligence and academic flair of its many contributors this collection is both magisterial and vital It is an essential contribution to censorship studies fascinating and inspiring a must read for anyone interested in the subject Aleks Sierz Theatre critic and author of Rewriting the Nation British Theatre Today 2011 Good Nights Out A History of British Theatre Since the Second World War 2021 The Post-traumatic Theatre of **Grotowski and Kantor** Magda Romanska, 2014-10-01 Despite its international influence Polish theatre remains a mystery to many Westerners This volume attempts to fill in current gaps in English language scholarship by offering a historical and critical analysis of two of the most influential works of Polish theatre Jerzy Grotowski s Akropolis and Tadeusz Kantor s Dead Class By examining each director's representation of Auschwitz this study provides a new understanding of how translating national trauma through the prism of performance can alter and deflect the meaning and reception of theatrical works both inside and outside of their cultural and historical contexts Dissident Voices in Europe? Past, Present and Future Emma Gardner, Amir Qamar, 2017-01-06 This volume brings together nine papers written by researchers from all over Europe working within the realms of political science the humanities theology and religion as well as business economics and management They offer unique perspectives to provide a truly multifaceted take on the topic of dissidence in the European context This book has been organised into three sections Part A Debating European Capitalism and Consumer Relations Part B Citizenship and the European Identity and Part C Europe A Continent of Conspiracy and Control Transgressive Humanism in Mid-Socialist Poland Nina Seiler, 2025-04-08 This book focuses on the often overlooked middle period of socialism in 20th century Poland tracing the transgressive variations of humanist thought that emerged as forms of resistance amid the intellectual crisis of the late 1960s and early 1970s It analyses how an upsurge in anti Semitism and discourses of exclusion in the period stimulated environmental explorations beyond the hegemonic notion of the human subject and humanity Readers will find a synthetic analysis not only of the atmosphere of the mid socialist period but also of fragmented decentred and marginalised phenomena in film literature theory and theatre in which transgressive moments in well known work such as the theatre of Tadeusz Kantor Stanis aw Lem's writing Maria Janion's cultural studies or Jerzy Skolimowski s early films feature alongside artistic output that was never broadly known or is mostly forgotten now By acknowledging the specificities of transgressive humanism in socialist Poland the book enriches post anthropocentric theory with a distinct perspective from the so called semi periphery The volume is relevant for scholars of post humanist studies the

sciences and all kinds of scholarship such as PhDs Ireneusz Iredynski Kevin Windle, 2014-03-05 This vibrant anthology of radio plays features works by one of Poland's angry young men playwrights Ireneusz Iredynski made his d but in literature as a Polish angry young man in the late 1950s He moved with great versatility from verse to stage plays film scripts and plays for radio While some of the plays in this collection seem to present a bleak view of life they show a gentler side of Iredynski Here it is people s dreams rather than their worst nightmares that are explored In these plays situations are kept simple and the theatrical technique is spare and economical but yet the playwright demonstrates an unfailing theatrical flair and shows himself a master of dramatic tension and the final unexpected twist **A Dream** Felicia Kruszewska, 2002 The translation of Felicja Kruszewska s A Dream introduces a major play by a twentieth century female playwright to the English speaking world On March 7 1927 A Dream a large scale expressionistic drama by an unknown poet burst on the Polish theatrical scene in a dazzling debut production by the young actor Edmund Wiercinski who would become one of the outstanding directors of his time The play s hallucinatory visions of the rise of fascism and the heroine's longing for a providential savior on a white horse spoke directly to Polish audiences about their deepest anxieties During the next two years A Dream received three additional stagings and became the subject of lively debate and controversy The play which has been successfully revived in 1974 is an outstanding example of European expressionism The volume also contains An Excursion to the Museum by the contemporary Polish poet playwright and short story writer Tadeusz Rozewicz A disturbing account of an utterly mundane visit to Auschwitz the tale is a brilliant example of the playwright's technique of poetic collage Mr Price, Or Tropical Madness and Metaphysics of a Two- Headed Calf Stanislaw Ignacy Witkiewicz, 2003-09-02 This volume contains two of Witkacy's tropical plays inspired by the playwright's trip to Ceylon and Australia in 1914 with anthropologist Bronislaw Malinowski The Conspiracy of Feelings Юрий Карлович Олеша, 2002 Two outstanding examples of socialist themed plays are combined in this remarkable volume The Conspiracy of Feelings by Yurii Olesha 1899 1960 is based on his highly respected short novel Envy about the struggle between the old and new in Soviet society The play called The Conspiracy of Feelings is not a simple adaptation but an original work that reconceived the novel The play explores the precarious position of the intelligentsia in the new collective state The Little Theatre of The Green Goose was written by Konstanty Ildefons Galczynski 1905 53 who was one of Poland's most beloved poets After World War II he began work as a playwright inventing a colorful theatre troupe of performers animal and human and contributing a new instalment of The Little Theatre of the Green Goose each week to Przekroj the Cracow literary magazine Intended for reading only The Green Goose went unperformed in Galczynski s life and was finally staged in 1955 and gained a permanent place in the theatre and became a force for the creation of the new Polish drama that flourished in the 1960s Music, Art and Diplomacy: East-West Cultural Interactions and the Cold War Simo Mikkonen, Pekka Suutari, 2017-05-15 Music Art and Diplomacy shows how a vibrant field of cultural exchange between East and West was taking place during the Cold War which contrasts with the orthodox

understanding of two divided and antithetical blocs The series of case studies on cultural exchanges focusing on the decades following the Second World War cover episodes involving art classical music theatre dance and film Despite the fluctuating fortunes of diplomatic relations between East and West there was a continuous circulation of cultural producers and products Contributors explore the interaction of arts and politics the role of the arts in diplomacy and the part the arts played in the development of the Cold War Art has always shunned political borders wavering between the guidance of individual and governmental patrons and borderless expression While this volume provides insight into how political players tried to harness the arts to serve their own political purposes at the same time it is clear that the arts and artists exploited the Cold War framework to reach their own individual and professional objectives Utilizing archives available only since the collapse of the Soviet Union the volume provides a valuable socio cultural approach to understanding the Cold War and cultural diplomacy
