Bonnie J. Leadbeater, Niobe Way

Alternatives To Violence Empowering Youth To Develop Healthy Relationships:

Alternatives to Violence David A. Wolfe, Christine Wekerle, Katreena Scott, 1997 This book addresses in a comprehensive and practical manner the increasingly important topic of preventing youth violence The scope of the book is broad incorporating psychological social and cultural factors The emphasis on a gender analysis in understanding violent behavior by male youth in relationships with young women is apt and timely Used together with the treatment manual The Youth Relationships Manual this book provides a sound basis for a prevention program Mary Nomme Russell School of Social Work University of British Columbia Alternatives to Violence challenges each of us to reexamine our assumptions about youth violence and society's efforts to reduce it David A Wolfe and his colleagues make a convincing argument for a preventive and health promoting response that empowers youth to make changes in their daily world The contents of this book obliges those of us who work with youth to also make changes in the way we practice in the field This book provides the most in depth and up to date view of the problem of youth violence in North America and what it will take to reduce it As one who works on the issue of children and violence I found this book both powerful in its analysis and hopeful in the solutions it offers Jeffrey L Edleson Professor School of Social Work and Director Higher Education Center Against Violence Abuse University of Minnesota Alternatives to Violence is well clearly and interestingly written The concepts are solid and laid out systematically The authors present a strong foundation and empirically support their premises The book meets my need academically and holds my interest as a reader I agree so strongly with their hypotheses and ideas that I found myself thinking Great Well thought out Nicely written and so on as I read I whole heartedly endorse this book Alyce LaViolette Alternatives to Counseling Associates Long Beach California Instead of looking for ways to contain deter or punish violence Alternatives to Violence explores how to develop practical means of promoting healthy nonviolent relationships Drawing from recent studies concerned with the formation of healthy relationships this book examines how youths can form connections that will reduce not only the risk of violence against women and children but also the potential of men to become abusive This clearly articulated model suggests that adolescents who are beginning to build intimate relationships outside of the family can learn to break patterns of male entitlement dominance and aggression and female passivity and deference with the help of preventive programs The Youth Relationships Project is a program that grew out of the model created in this book and is detailed with instructions for application in a companion volume The Youth Relationships Manual The project helps youths build relationship skills and learn how to act socially within the community The authors actively support a health promotion paradigm as the foundation for issues and solutions raised in these books and look toward future changes in policy and programs that embrace this new prevention model Bold and timely Alternatives to Violence and its companion volume The Youth Relationships Manual offer a new approach to preventing violence that will appeal to a wide audience of practitioners community agency workers administrators policymakers and interns In addition students preparing to work in the fields of

mental health education social work sociology and public health as well as professionals in these areas will find the book innovative and informative

Positive Relationships Sue Roffey, 2011-11-11 Relationships are at the heart of our lives at home with our families with our friends in schools and colleges with colleagues at the workplace and in our diverse communities The quality of these relationships determines our individual well being how well we learn develop and function our sense of connectedness with others and the health so society This unique volume brings together authorities from across the world to write about how relationships might be enhanced in all these different areas of our lives It also explores how to address the challenges involved in establishing and maintaining positive relationships This evidence based book primarily grounded in the science of positive psychology is valuable for academics especially psychologists and professionals working in the field of well being

Resources in Education , 1997-07

Urban Girls Revisited Bonnie J. Leadbeater, Niobe Way, 2007-02-12 Urban girls are marginalised by poverty ethnic discrimination and stereotypes suggesting that they have deficits compared to their peers This book explores the diversity of urban adolescent girls development and the sources of support and resilience that help them to build the foundations of strength that they need as they enter adulthood

When Violence Begins at Home K. J. Wilson, 2006 Since its initial publication this far reaching reference has provided professionals and victims of abuse with guidance on everything from indicators of an abusive relationship to domestic violence legislation from antiburnout tips for helpers to advice on leaving an abusive partner This updated edition addresses new research and programs adding information on date rape drugs stalking cyber stalking pregnancy and domestic violence and the effectiveness of batterer intervention programs Current controversial social and legal issues such as mutual battering child welfare and failure to protect policies child custody and visitation rights for batterers mandatory arrests and welfare reform are also covered Two new chapters devote attention to domestic violence in the military and to the challenging and rewarding role of those who work with battered women and their children New resources have been included to reflect the ever evolving wealth of books web sites and agencies available to both helpers and those in need

Handbook of Behavioral and Emotional Problems in Girls Debora Bell, Sharon L. Foster, Eric J. Mash, 2006-03-30 Psychopathology in children and adolescents has been extensively researched and addressed in terms of its epidemiology expression developmental pathways and causes And despite all the research studies and findings the question remained Are the emotional and behavioral problems of girls unique to the distinct aspects of female development behavior and adjustment To fully understand and address the emotional and behavioral problems of girls their distinct characteristics must be examined in terms of both developmental progression and context that is in terms of their various ethnic cultural socioeconomic backgrounds as well as family school and peer environments and influences The Handbook of Behavioral and Emotional Problems in Girls provides such an integrative conceptual framework in which to address such issues as Mood and anxiety disorders Eating and body image disorders ADHD pervasive developmental disorders learning disorders and mental

retardation Aggression and delinquency Physical abuse sexual abuse and neglect Abuse and violence in dating relationships Substance abuse and homelessness Gender identity disorder In one easy to use volume the Handbook not only examines the most current theory and research as it relates to girls it also addresses the possibility for real world assessment as well as treatment and prevention of their emotional and behavioral disorders It provides clinicians academics and mental health professionals with a comprehensive and well balanced presentation that focuses solely on the unique behaviors and emotions of girls **Resources in education** ,1992-07 *Handbook of Child Abuse Research and Treatment* John R.

Lutzker,2013-03-09 The causes of child abuse and neglect have been major topics of study since the 1960s but treatment strategies research and legal issues have only received concentrated attention since the 80s The leading figures in these efforts have contributed to this handbook a state of the art compilation of their findings that also includes writings on associated cultural issues youth violence sexual abuse and child development Both a text and a reference the volume is uniquely founded on empirical research **The Youth Relationships Manual** David A. Wolfe,1996-04 Designed to combat physical and sexual aggression against women and children this prevention programme manual is based on the premise that the best opportunity for promoting healthy non violent relationships is to intervene during adolescence when peer relationships and interpersonal style become firmly established The proactive competency enhancing programme is designed to build strengths resilience and coping skills in young people Carefully developed and tested in the field the 18 session group training programme has three principal sections covering informational skill building and social action learning opportunities The manual provides a detailed curriculum for the programme which is designed for eight to **Wellbeing: A Complete Reference Guide, Interventions and Policies to Enhance Wellbeing** Felicia A. Huppert,Cary

Cooper,2014-03-17 Interventions and Policies to Enhance Wellbeing Wellbeing A Complete Reference Guide is the first multivolume interdisciplinary exploration of the topic of wellbeing The notion of wellbeing has grown in importance and prominence across the globe in recent years and this reference work provides an in depth examination of the characteristics that enable individuals and organizations to thrive and flourish Under the direction of noted academic Cary Cooper and edited by a distinguished group of senior scholars from a variety of disciplines this project looks at wellbeing from multiple perspectives including children and families the environment the workplace later life economics and interventions and public policy Spanning the social sciences and encompassing the latest research this is an essential reference for scholars students professionals and policy makers who want to enhance and promote human wellbeing Interventions and Policies to Enhance Wellbeing looks at the most successful existing strategies to promote wellbeing and mental health It examines the latest research in the science of wellbeing and discusses the practical implications for improved learning creativity productivity relationships and health The first two sections cover interventions for individuals across the lifespan as well as those for organizations and communities The final section looks specifically at policy initiatives and approaches with a focus on the

integration of new technology and the role of the media In this multidisciplinary volume a cadre of global scholars considers a wealth of new research and outlines the potential impact on future policy and the wellbeing of society at large Online edition available on Wiley Online Library at www.referencewellbeing.com
