Leaving the Jewish Fold Todd Endelman, 2015-02-22 Between the French Revolution and World War II hundreds of thousands of Jews left the Jewish fold by becoming Christians or in liberal states by intermarrying Telling the stories of both famous and obscure individuals Leaving the Jewish Fold explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today Arguing that religious conviction was rarely a motive for Jews who become Christians Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns especially the desire to escape the stigma of Jewishness and its social occupational and emotional burdens Through a detailed and colorful narrative Endelman considers the social setting national contexts and historical circumstances that encouraged Jews to abandon Judaism and factors that worked to the opposite effect Demonstrating that anti Jewish prejudice weighed more heavily on the Jews of Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century he reexamines how Germany's political and social development deviated from other European states Endelman also reveals that liberal societies such as Great Britain and the United States which tolerated Jewish integration promoted radical assimilation and the dissolution of Jewish ties as often as hostile illiberal societies such as Germany and Poland from dust jacket

Great Britain, The Soviet Union and the Polish Government in Exile (1939-1945) G.V. Kacewicz,2012-12-06 In this book I have attempted to analyze the dilemmas confronting the Polish government in exile in London during the Second World War My main objective has been to investigate the actual operation of the Polish government and the overall policies of the British government vis a vis the Soviet Union insofar as they had a direct bearing on Anglo Polish relations Since the outstanding conflicts over territorial claims and ultimately sovereignty were between Poland and the Soviet Union considerable attention has been devoted to the relationship between the Polish and Soviet governments during a most trying and difficult period of inter Allied diplomacy This work covers the period of operation of the Polish government on British soil until the resignation of Prime Minister Stanislaw Mikolajczyk in November 1944 Although Great Britain did not withdraw diplomatic recognition from the Polish government until July 1945 the Arciszewski government formed after Mikolajczyk s resignation was generally ignored by Great Britain As with all subsequent governments including that which exists today Arciszewski s government functioned primarily as the voice of Poland in the West a government of protest Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Leadership, 1974 **Limerick Constitutional Nationalism, 1898-1918** Tadhg Moloney, 2010-02-19 This book analyses local politics in Limerick from 1898 to 1918 reaching back to the Parnellite split and forward to the post independence era It explores at local level the relevance of the commemoration of 1798 the reunification of the Irish Parliamentary Party and the emergence of multiple cultural political movements as well as the demise of Unionism The question posed is twofold whether nationalist constitutional politics changed over this time period on the one hand and whether they were driven by local or national concerns on the other The conclusion is that the spirit of politics was intensely local that political patronage was largely locally controlled and that there were greater continuities than ruptures in the composition and behaviour of political elites In fact long term continuities of personnel social class and political allegiance existed side by side with the ability of existing structures to absorb change and to adapt in the light of wider political developments and internal manoeuvres

Psychology William L. Camp Ph.D. FACAPP, 2022-07-25 Rudolf Dreikurs MD was an Australian born American psychiatrist and educator who lived from 1897 to 1972 He originally helped to develop the Australian psychologist Alfred Adler's ideas called individual psychology into a pragmatic method for understanding the purposes of inappropriate childhood behavior without punishment or reward He worked with Dr Adler both in Europe and in the United States and later organized and

refined Dr Adler's and his own ideas into an effective treatment system. These insights and treatment methods were then further refined by Dr Dreikurs during the remainder of his life to become a highly usable theory of personality and psychological treatment not only for use with children but also with families, counselors, teachers, and others, including groups. The content of this book summarizes the results of his commitment and mission in doing this work as he created, tested, refined, and applied these concepts in creation of methods for understanding and treatment of a wide variety of behavior problems and disorders common in families worldwide. He also trained people to use these methods in various countries throughout the world. In doing so, he adapted and applied his knowledge in work with business, industry, and government, including the military. The ideas and methods contained in this volume are easily understood and may be applied immediately by parents and their families, by teachers in classrooms, and by others, now, today, with valuable, positive results. The chapters in this book provide a distillation of logical techniques and procedures for productive application of his original insights, including those originated by Dr Adler and others. Dr Camp had the honor to meet Dr Dreikurs in 1970, two years before his death. At that time, Dr Dreikurs told him and a few others that if he had their youth, he would write another book or books to further update and share his insights with new, upcoming generations. This volume is part of an attempt to do exactly that.
