Cumming, 2009 The Southern journalist was more likely to be a Romantic and an intellectual The region s journalism was personal colorful and steeped in the classics This title suggests that the South s journalism struck a literary pose closer to the older English press than to the democratic penny press or bourgeois magazines of the urban North *Eckhardt* Gary Keith, 2007-12-01 Renowned for his brilliant legislative mind and political oratory as well as for bicycling to Congress in a rumpled white linen suit and bow tie U S Congressman Bob Eckhardt was a force to reckon with in Texas and national politics from the 1940s until 1980 A liberal Democrat who successfully championed progressive causes from workers rights to consumer protection to environmental preservation and energy conservation Eckhardt won the respect of opponents as well as allies Columnist Jack Anderson praised him as one of the most effective members of Congress where Eckhardt was a national leader and mentor to younger congressmen such as Al Gore In this biography of Robert Christian Eckhardt 1913 2001 Gary A Keith tells the story of Eckhardt s colorful life and career within the context of the changing political landscape of Texas and the rise of the New Right and the two party state He begins with Eckhardt s German American family heritage and then traces his progression from labor lawyer political organizer and cofounder of the progressive Texas Observer magazine to Texas state legislator and U S congressman Keith describes many of Eckhardt s legislative battles and victories including the passage of the Open Beaches Act and the creation of the Big Thicket National Preserve the struggle to limit presidential war making ability through the War Powers Act and the hard fight to shape President Carter s energy policy as well as Eckhardt s work in Texas to tax the oil and gas industry The only thorough recounting of the life of a memorable important and flamboyant man Eckhardt also recalls the last great era of progressive politics in the twentieth century and the key players who strove to make Texas and the United States a more just inclusive society *Learned Ignorance in the Medicine Bow Mountains* Craig Clifford, 2008 This book is an apologia for the

rooted intellectual against the disdainful condescension of the cosmopolitan intellectual an apology in the Socratic sense of the word It reflects the author's Texas rootedness unapologetically and offers a polemical but thoughtful indictment of the intellectual prejudice against rootedness but it is ultimately about the universal human struggle with origins Contents List of Illustrations Foreword Acknowledgments and Disclaimers Introduction Attempts Philosophy as Essay One A Good Intellectual Is Hard to Find Two Mind Forged Manacles Three Running and Being Four The Queen's English or That Awful English Language Five Wine of Wyoming Six Wit and the Art of Conversation Seven The Fish Eight A Minor Regional Novelist Nine Wana Ten Culture Vultures Eleven Centennial Twelve The Sweet Science and the Competitive Spirit Thirteen The Halfe Ars d Angler Fourteen Blood Sports and Haute Cuisine Fifteen Bread and Wine Sixteen Idols of the Academic Theater Seventeen Westward I Go Free Bibliography About the Author Index

Guide to Reprints, 2004 **Guide to Reprints** Albert James Diaz, 1997 Growing Up is Hard to Do Sally Estes, 1994 A compilation of 12 retrospective bibliographies previously published in Booklist geared primarily to the junior and senior high school age reader Some titles may appeal to upper level middle schoolers Coroebus Triumphs Sport Literature Association. Meeting, 1988 The ancient poets tell us that in the year 776 B C a young cook from Elis won a great footrace in a meadow near the river Alpheus at Olympia The youth Coroebus was crowned with a wreath of wild olive twigs and thus became the first recorded victor in the ancient Olympic Games From this beginning there evolved an alliance of sport and the arts that no culture or civilization since the Greeks has been able to achieve During the summer of 1984 a collection of scholars athletes and artists from various disciplines convened in Coroebus's honor to celebrate the alliance of sport and the arts with the formation of the Sport Literature Association The papers in this volume most of which were presented at the Coroebus Conference are devoted to examining and furthering the understanding of that alliance The Coroebus Conference and particularly the resulting writings compiled in this volume are a long overdue recognition of a neglected relationship This book could well provide the impetus to recapture the alliance from which both sport and the arts benefitted so well in the past Originally published in 1989 **Guide to Reprints 2002** Irene Izod, 2001-10 Subject Guide to Books in Print, 1993
