masterwork on the old French town south of St Louis brings into sharp focus life in colonial America Ekberg has rendered a rich portrait of community life on the most fascinating of American frontiers the composite world of French Creoles and American Indians in the Mississippi Valley This is an important book and a good read to boot That's how Yale University's John Mack Faragher praised this book America's Deadliest Twister Geoff Partlow, 2014-07-25 Winner ISHS Certificate of Excellence 2015 Disaster relief as we know it did not exist when the deadliest tornado in U S history gouged a path from southeast Missouri through southern Illinois and into southwestern Indiana The tri state tornado of 1925 hugged the ground for 219 miles generated wind speeds in excess of 300 miles per hour and killed 695 people Drawing on survivor interviews public records and newspaper archives America's Deadliest Twister offers a detailed account of the storm but more important it describes life in the region at that time as well as the tornado's lasting cultural impact especially on southern Illinois Author Geoff Partlow follows the storm from town to town introducing us to the people most affected by the tornado including the African American population of southern Illinois Their narratives along with the stories of the heroes who led recovery efforts in the years following add a hometown perspective to the account of the storm itself In the discussion of the aftermath of the tornado Partlow examines the lasting social and economic scars in the area but he also looks at some of the technological firsts associated with this devastating tragedy Partlow shows how relief efforts in the region began to change the way people throughout the nation thought about disaster relief which led to the unified responses we are familiar with today *The State of Southern Illinois* Herbert K. *Kaskaskia* David MacDonald, Raine Waters, 2019-06-06 This first comprehensive account of the Illinois village of Kaskaskia covers more than two hundred years in the vast and compelling history of the state David MacDonald and Raine Waters explore Illinois's first capital in great detail from its foundation in 1703 to its destruction by the Mississippi River in the latter part of the nineteenth century as well as everything in between successes setbacks and the lives of the people who inhabited the space At the outset the Kaskaskia tribe along with Jesuit missionaries and French traders settled near the confluence of the

Kaskaskia and Mississippi rivers about sixty miles south of modern day St Louis The town quickly became the largest French town and most prosperous settlement in the Illinois Country After French control ended Kaskaskia suffered under corrupt British and then inept American rule In the 1790s the town revived and became the territorial capital and in 1818 it became the first state capital Along the way Kaskaskia was beset by disasters crop failures earthquakes tornadoes floods epidemics and the loss of the capital city title to Vandalia Likewise human activity and industry eroded the river s banks causing the river to change course and eventually wash away the settlement All that remains of the state s first capital today is a village several miles from the original site MacDonald and Waters focus on the town s growth struggles prosperity decline and obliteration providing an overview of its domestic architecture to reveal how its residents lived Debunking the notion of a folklore tradition about a curse on the town the authors instead trace those stories to late nineteenth century journalistic inventions The result is a vibrant heavily illustrated and highly readable history of Kaskaskia that sheds light on the entire early history of Illinois

**Escape Betwixt Two Suns** Carol Pirtle, 2000 Although the northern Illinois chapters of the story of Susan Sukey Richardson s escape from slavery on the Underground Railroad are documented the part played by southern Illinois in that historic episode has remained obscure This book changes that by investigating the 1843 suit Andrew Borders lodged against William Hayes charging his neighbor with helping slaves from the Borders estate escape to Galesburg The author documents Hayes s involvement in the Illinois Underground Railroad through approximately two hundred letters received by Hayes from the early 1820s until his death in 1849 Many of these letters specifically corroborate his participation in the escape of slaves from the Borders estate Letters

written by Galesburg residents show that several prominent citizens of that community also assisted in the affair proving that Knox College administrators and trustees were active in the Underground Railroad The author also includes excerpts from the trial transcript from the 1844 civil case against Hayes which was tried in Pinckneyville Illinois She researched newspaper accounts of the event most notably those in the Western Citizen and the Sparta Herald Records of the Covenant

Hastings, 1986 Told from the point of view of a young boy this account shows how a family faced the 1930s head on and lived to tell the story It is the story of grow ing up in southern Illinois specifically the Marion area during the Great Depression But when it was first published in 1972 the book proved to be more than one writer s memories of depression era southern Illinois People started writing me from all over the country Hastings notes And all said much the same You were writing about my family as much as your own That s how I remember the 1930s too As he proves time and

again in this book Hastings is a natural storyteller who can touch upon the detail that makes the tale both poignant and universal. He brings to life a period that marked every man, woman, and child who lived through it, even as that national experience fades into the past.

**Foothold on a Hillside** Charles Caraway, 1986 In a style reminiscent of the master storytellers of yore, Charles Caraway recounts the story of his life as a man and a boy on small farms in Saline and Jackson counties, particularly around Eldorado, Makanda, and Etherton. Switch. He makes no bones about the hardships of those old days: first helping his father eke out a living from the land, then scrambling for a living as a sharecropper and fruit picker as he scrimped and saved for the day when he and his young wife Bessie Mae Rowan Caraway could buy a piece of land of their own. The one-room school, the general store, the trips by wagon over roads that choked you in summer and swallowed you in winter, the home that burned—all are described in a matter of fact yet moving way. Many of the locations, buildings, and people are represented in equally unromanticized photographs from the family's collection. Some of the stories and photos recall the common disasters of the frontier: drought, flood, and the tornado of 1925. It is clear from these stories that each aspect of life exacted a price, but the Caraways paid that price without regret and rallied to go on their way. Charles and his family and friends fill this book with courage, strength, and an unshakable faith in the value of human endeavor.

Examining this fisherman's life as well as the lives of his relatives and friends, Younker demonstrates Putman's skill as a colorful storyteller with a rich vocabulary. Putman proved forthright when expressing his views about life, river lore, and the changing ecology. Jacket.
