String Figures: Their Regional Distribution and Social Significance, Etc* afterwards RISHBETH HADDON (Kathleen), 1930 **Artists in String ; String Figures: Their Regional Distribution and Social Significance ; with a Forew. by J.L. MYRES ; with 82 Diagrams** Kathleen Haddon, 1979 **Indigenous Knowledge and Ethnomathematics** Eric Vandendriessche, Rik Pinxten, 2023-02-14 The book presents a series of ethnographic studies which illustrate issues of wider importance such as the role of cultural traditions concepts and learning procedures in the development of formal or mathematical thinking outside of the western tradition It focuses on research at the crossroads of anthropology and ethnomathematics to document indigenous mathematical knowledge and its inclusion in specific cultural patterns More generally the book demonstrates the heuristic value of crossing ethnographical anthropological and ethnomathematical approaches to highlight and analyze or formalize with a pedagogical outlook indigenous mathematical knowledge The book is divided into three parts The first part extensively analyzes theoretical claims using particular ethnographic data while revealing the structural mathematical features of different ludic graphic or technical procedural practices in their links to other cultural phenomena In the second part new empirical studies that add data and perspectives from the body of studies on indigenous knowledge systems to the ongoing discussions in mathematics education in and for diverse cultural traditions are presented This part considers on the one hand the Brazilian work in this field on the other hand it brings ethnographic innovation from other parts of the world The third part comprises a broad philosophical discussion of the impact of intuitive or ontological premises on mathematical thinking and education in the light of recent developments within so called indigenously inspired thinking Finally the editors conclusions aim to invite the broad and diversified field of scholars in this domain of research to seek alternative approaches for understanding mathematical reasoning and the adjacent adequate educational goals and means This book is of interest to scholars and students in anthropology ethnomathematics history and philosophy of science mathematics and mathematics education as well as other individuals interested in these topics **Artists in String** Kathleen Haddon, 1979 Includes chapter on Australian Aboriginal string figures from Cape York **"Propalladia" and Other Works of Bartolome de Torres Naharro, Volume 4** Joseph E. Gillet, 2016-11-11 In this fourth volume of Joseph E Gillet s monumental study *Propalladia and Other Works of Bartolome De Torres Naharro* all students of Renaissance drama will find a wealth of material on the origins of the modern European theater Torres Naharro created the cloak and sword play almost a century before Lope de Vega The common places of romantic comedy appeared for the first time on any stage in his *Comedia Ymeneia* published at Naples in 1517 Two of his works the *Soldadesca* and the *Tinellaria* evocations of the roistering life of the barracks and of a cardinal s scullery are remarkable examples of dramatic realism avant la lettre The influence of Torres Naharro and his work on the Spanish drama

of the sixteenth century was all pervasive In this volume all the material gleaned by Dr Gillet in extensive research is brought into clear focus to show Torres Naharro as a man of the Renaissance and a man of the theater Of the greatest interest is the exposition of his intuition of the distinction between poetic and historic truth comedias a fantasia and a noticia long before the recovery of the true text of Aristotle s Poetics and of the substratum of primitivism in many of his plays ritual societies the medicine man the right to tribute social discipline name changing loss of memory sports games acrobatics sorcery riddles genealogies weddings propitiation and death song resuscitation license and chastity and so on And this dramatic activity occurred early antedating most of the Italian plays of the sixteenth century Photography, Anthropology and History

Elizabeth Edwards,2016-04-22 Photography Anthropology and History examines the complex historical relationship between photography and anthropology and in particular the strong emergence of the contemporary relevance of historical images Thematically organized and focusing on the visual practices developed within anthropology as a discipline this book brings together a range of contemporary and methodologically innovative approaches to the historical image within anthropology Importantly it also demonstrates the ongoing relevance of both the historical image and the notion of the archive to recent anthropological thought As current research rethinks the relationship between photography and anthropology this volume will serve as a stimulus to this new phase of research as an essential text and methodological reference point in any course that addresses the relationship between anthropology and visuality Tikopia String Figures Raymond Firth,Honor
