Abadie, 1995 Dare to enter the House of Night with the next four titles of the series following UNTAMED collected in a beautifully designed boxed set With more than 12 million books in print rights sold in almost 40 countries and over two years on the New York Times bestseller list reaching as high as 1 the House of Night series by PC and Kristin Cast is an international publishing sensation The series follows 16 year old Zoey Redbird as she is Marked by a vampyre tracker and begins to undergo the Change into an actual vampyre She has to leave her family and move into the House of Night in Tulsa OK a boarding school for other fledgling vampyres like her It s tough to begin a new life away from her parents and friends and on top of that Zoey finds she is no average fledgling She has been Marked as special by the vampyre Goddess Nyx Although Zoey has awesome new powers it s hard to fit in when everyone knows you re special As Zoey tries to make new friends and maybe find a hot boyfriend or two she comes up against all kinds of evil from the perfect looking super popular girl with not so faultless plans to the mysterious deaths happening at the House of Night and all over Tulsa Things at the House of Night are not always what they seem Can Zoey find the courage deep within herself to find the truth and embrace her destiny Faulkner and War Noel Polk, Ann J. Abadie, 2004 A critical exploration of the effects and influence of America s wars upon the works of the Nobel Prize laureate *Resisting History* Barbara Ladd, 2007-06-01 In a major reinterpretation *Resisting History* reveals that women as subjects of writing and as writing subjects themselves played a far more important role in shaping the landscape of modernism than has been previously acknowledged Here Barbara Ladd offers powerful new readings of three southern writers who reimagined authorship between World War I and the mid 1950s Ladd argues that the idea of a new woman released from some of the traditional constraints of family and community more mobile and participating in new contractual forms of relationality precipitated a highly productive authorial crisis of gender in William Faulkner As new women themselves Zora Neale Hurston and Eudora Welty explored the territory of the authorial sublime and claimed for themselves and other women new forms of cultural agency Together these writers expose a territory of female suffering and aspiration that has been largely ignored in literary histories In opposition to the belief that women s lives and dreams are bound up in ideas of community and pre contractual forms of relationality Ladd demonstrates that all three writers Faulkner in *As I Lay Dying* Welty in selected short stories and in *The Golden Apples* and Hurston in *Tell My Horse* place women in territories where community is threatened or nonexistent and new opportunities for self definition can be seized And in *A Fable* Faulkner undertakes a related project in his exploration of gender and history in an era of world war focusing on men mourning and resistance and on the insurgences of the masses the feminized others of history in order to rethink authorship and resistance for a totalitarian age Filled with insights and written with obvious passion for the subject *Resisting History* challenges received ideas about history as a coherent narrative and about the development of U S modernism and points the way to new histories of literary and cultural modernisms in which the work of women shares center stage with the work of men Writing after War John

Limon,1994-07-07 In Writing After War John Limon develops a theory of the relationship of war in general to literature in general in order to make sense of American literary history in particular Applying the work of war theorists Carl von Clausewitz and Elaine Scarry John Limon argues that The Iliad inaugurates Western literature on the failure of war to be duel like to have a beautiful form War s failure is literature s justification American literary history is demarcated by wars as if literary epochs like the history of literature itself required bloodshed to commence But in chapters on periods of literary history from realism generally taken to be a product of the Civil War through modernism usually assumed to be a prediction or result of the Great War up to postmodernism which followed World War II and spanned Vietnam Limon argues that despite the looming presence of war in American history the techniques that define these periods are essentially ways of not writing war From James and Twain through Fitzgerald Faulkner and even Hemingway to Pynchon our national literary history is not hopelessly masculinist Limon argues Instead it arrives naturally at Bobbie Ann Mason and Maxine Hong Kingston Kingston brings the discussion full circle The Woman Warrior like The Iliad appears to condemn the fall from duel to war that is literature s endless opening

William Faulkner Daniel Joseph Singal,2000-11-09 Amid all that has been published about William Faulkner one subject the nature of his thought remains largely unexplored But as Daniel Singal s new intellectual biography reveals we can learn much about Faulkner s art by relating it to the cultural and intellectual discourse of his era and much about that era by coming to terms with his art Through detailed analyses of individual texts from the earliest poetry through Go Down Moses Singal traces Faulkner s attempt to liberate himself from the repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde To accommodate the conflicting demands of these two cultures Singal shows Faulkner created a complex and fluid structure of selfhood based on a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community Indeed it is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner

Sensational Modernism Joseph B. Entin,2007 Challenging the conventional wisdom that the 1930s were dominated by literary and photographic realism Entin uncovers a rich vein of experimental work by politically progressive artists Examining images by photographers such as Weegee and Aaron Siskind
