As I Recall Them:

My Father as I Recall Him Mamie Dickens, 1897-01-01 **As I Remember Them** Jeanne-Elise Olsen, Ian Adam, Grace Lorraine Ouellette, 2002 Originally written in the early 1970s *As I Remember Them* is based on Jeanne Elise Olsens extraordinary recall of her childhood and youth spent in an isolated part of the Laurentians in the Li vre River Valley in the early twentieth century She recounts how the Church lifted the ban but only on specific conditions one of which was for the family to leave Quebec

Facts as I Remember Them Rufe LeFors, 2013-12-06 The rivers of the Texas Panhandle the Canadian and the forks of the Red break through the Cap Rock at the eastern edge of the Staked Plains It s rough bleak country with few trees and a great expanse of sky Storms that form on the Great Plains and in the Rocky Mountains sweep through with nothing much to slow them down And the small dusty towns that serve this vast ranchland cling to the waterways as they have for over a hundred years since their early settlement Their names aren t well known now but they were once focal points in a rugged country where buffalo hunters trail drivers outlaws and ordinary folks alike passed through Rufe LeFors was one such ordinary man With his father and older brothers he was among the first to settle this country drawn to West Texas by tales of open land and good grass His life story set down near the end of his long and adventurous life is the best sort of insider s history the chronicle of a life lived fully amid the exciting events and rough landscape of the frontier s final years Rufe LeFors recorded his story over the course of a decade finishing up in 1941 in his eighty first year His memoirs span the period from the War between the States to the early twentieth century when the Panhandle was still scarcely settled a true frontier In his time LeFors was trail driver pony express rider and rancher He traveled for a year with Arrington s Texas Rangers and he wore the badge of deputy sheriff in the wild west town of Old Mobeetie He rode a fast horse after claims in the Cherokee Strip spent time as a horse trader and finally settled in Lawton Oklahoma where after some twenty years as a deputy he was elected to the office of sheriff LeFors knew how to tell a story Whether it is an account of an outlaw s capture or the rescue of a white girl from prairie fire by a Comanche brave he weaves into his narrative all the color drama and character of the event His version of the death of Billy the Kid adds another perspective to that much celebrated episode in western history His encounters with Temple Houston the governor s flamboyant son rancher Charles Goodnight and Ranger Captain Arrington add to our fund of knowledge about those legendary frontier figures LeFors wanted to get the facts as he remembered them straight With his sharp eye for texture and detail and keen ear for language and timing he created a narrative that wonderfully captures the flavor of his life and exciting times

The Confessions of Saint Augustine Saint Augustine, Paul Camacho, 2021-12-13 *The Confessions of St Augustine* Villanova Edition for Students and Faculty e book is a multi modal resource designed to supplement deeper reading with highlighting and notation and to engage students through audio visual and critical analysis It includes standard features such as highlighting search and notation as well as custom elements like a timeline map and art gallery The audio

reader enhances the reading experience and critical commentaries written by experts especially for this edition aid student comprehension of key sections and concepts of the text The Confessions of Saint Augustine is considered to be the greatest Christian classic Augustine s notorious life before his baptism raised questions about the genuineness of his conversion It is his honest struggle with the faith which has given The Confessions such timeless appeal over the last sixteen centuries Augustine s Confessions is more than mere autobiography for it is also an impassioned admission of past mistakes confession at a level most might think of it and praise of God confession of another sort that of love and awe Given his checkered past Augustine addressed the concerns of those who doubted the sincerity of his conversion to Christianity and his claim to the post of bishop of Hippo Regius in North Africa Thus the text made up of 13 chapters called books serves as an apologia formal written defense as well as a hortatory inspiration to others who have not yet converted Influenced by the Christian approach to reading sacred text as the living Word of God lectio divina The Confessions also require a deeper reading than readers may be accustomed to Lectio divina rooted in monastic practices of the 4th century AD is prayerful and approaches a text with a fourfold reading process read reflect meditate pray and rest in God s presence and resolve to grow and change in this new understanding Augustine s great work has impacted not only theology but also philosophy especially in discussion of time and memory

Arithmetic Counts! Paul Shoecraft,2025-01-24 Dr Shoecraft may be the only mathematician since the New Math in the 1960s to seriously analyze the lowly subject of arithmetic and how to teach it His breakthrough came when he experimented with teaching what needs to be understood instead of known memorized like teaching why addition problems until the algorithm they are using supposedly becomes cemented in their brains By teaching the essence of arithmetic in sensible ways and appealing to children s love of games songs and movement he s proven that virtually ALL children can learn arithmetic the foundation of algebra higher mathematics science technology and more even music When children understand arithmetic they own it It s no lonver just their teacher s math It s their math America s children are being held back in math because of how arithmetic is drug out in elementary school Virtually every textbook based elementary school math program in use today is mind numbing in its repetitiveness from grade to grade The reason for the redundancy is to slow down the teaching of arithmetic so it can be memorized Research shows that the human brain is not designed to remember things

learned by rote when no longer practiced That s acknowledged in the use it or lose it aphorism that states the obvious that we remember what we use and forget what we don t You know that to be true if you ve ever forgotten things you once knew as well as your own name things like an old address or a license plate number Every child can understand base ten numeration when taught hands on with arithmetic blocks Thereby every child can understand base ten arithmetic And every child can learn how to count out the number facts like 5 7 12 17 8 9 6 X 7 42 and 56 7 8 and if they forget one never have to guess and risk ridicule and bad grades if they guess wrong What matters in teaching arithmetic is not how much a child can remember but how much they can figure out if when they forget
