The Liberal Manifesto Frank S. Smith, 2012-08-28 AMERICA HAS REACHED AN UNPRECEDENTED TIME IN HISTORY WITH THE SAFETY LIBERTY AND PROSPERITY OF EVERY AMERICAN IN JEOPARDY The moral fabric of America and the individual liberty of Americans continue to suffer unrelenting attacks In his definitive new book *The Liberal Manifesto* Frank S Smith presents a convincing case that America s decline is due to the unsustainable nature of the liberal ideology and a hidden agenda behind the liberal movement He provides numerous examples of past and present efforts by liberal elites to manufacture circumstances and manipulate American ideals to conform to expectations that are unsustainable These examples substantiate their abuse of power breaking of laws and socialistic efforts to precipitate an environment that is forcing Americans to become dependent on and submissive to government control *The Liberal Manifesto* identifies six Convenience Doctrines philosophies developed for the sake of convenience that characterize the pretense of the liberal movement and the motive behind each one It shows how these philosophies which appeal to the emotions of unwitting Americans are spurious and unsustainable The evidence in this book suggests that the more liberalism prevails the more Americans will suffer From socialist and communist parallels to the unsustainable nature of big government *The Liberal Manifesto* illustrates the source of the problem Thomas Jefferson advocated for a broadly educated citizenry because he believed that well informed citizens are the only sure reliance for the preservation of our liberty If Americans wish to retain America s exceptionalism it will require citizens getting informed and getting involved

John Wade, 1864 **Moneta S Veil** Sarkar, 2009-09 *The North British Review*, 1869 [Veil Politics in Liberal Democratic States](#) Ajume H. Wingo, 2003-08-18 In this exciting and challenging account of the development and sustainability of the liberal democratic state Ajume H Wingo offers a completely new perspective from that provided by political theorists Such theorists will typically argue for the basic values of liberal democracies by rationally justifying them This book argues that it is non rational factors rhetoric symbols traditions that more often than not provide the real source of motivation Drawing from both historical and philosophical sources Ajume H Wingo demonstrates that these veils as he calls them can play an essential role in a thriving stable liberal democratic state This theory of veil politics furnishes a conceptual

framework within which we can reassess the role of aesthetics in politics the nature and function of political myths in liberal democracies and the value of civic education **Praetorian Kingdom: A History of Military Ascendancy in Thailand**

Paul Chambers, 2024-08-28 This is one of the most comprehensive studies of contemporary Thai politics seen through the careers of Thai military leaders since 1932 up until now It is of vital importance if one is to understand present day Thai politics Kullada Kesboonchoo Mead Chulalongkorn University retired author of *The Rise and Decline of Thai Absolutism* Paul Chambers has written arguably the most comprehensive and detailed book on the evolution of Thailand's military power from the post World War II era to the present day This lucid book is a compelling read for anyone seeking to gain insight into the transformation of the country into a praetorian kingdom where the monarchy and the military are the most powerful institutions His delicate exploration of the various plots methods strategies twists and betrayals provides readers with valuable perspectives on the inner workings and dynamics of Thailand's praetorian system One of the book's strengths lies in its use of declassified and leaked documents from the US administrations adding a sense of excitement and credibility to the analysis Puangthong Pawakapan Chulalongkorn University author of *Infiltrating Society The Thai Military's Internal Security Affairs* This study on the Thai military does not merely add to the existing critical understandings about its role in the country's politics it tackles the subject in a new light and challenges us to reexamine our appraisal of each military regime Dr Chaian Rajchagool University of Phayao author of *The Rise and Fall of the Thai Absolute Monarchy* This book does two significant things first cultivating large amounts of primary resources and second providing a sophisticated interpretation of Thai military ascendancy until 2023 Based on these reasons the book is important for insightful and untold stories about the Thai military Ukrist Pathmanand Institute of Asian Studies Chulalongkorn University Thailand Monumental in scope and wondrously researched *Praetorian Kingdom* is much more than the systematic study of the Thai military that has long been needed For it is a volume that will compel readers not only to understand crucial episodes in Thailand's modern history in new ways but also to appreciate the continuities in the country's military politics as never before Michael Montesano Associate Senior Fellow Thailand Studies Programme ISEAS Yusof Ishak Institute *The Black Lung Captain* Chris

Wooding, 2010-07-29 Darian Frey is down on his luck He can barely keep his squabbling crew fed and his rickety aircraft in the sky Even the simplest robberies seem to go wrong It's getting so a man can't make a dishonest living any more Enter Captain Grist He's heard about a crashed aircraft laden with the treasures of a lost civilisation and he needs Frey's help to get it There's only one problem The craft is lying in the trackless heart of a remote island populated by giant beasts and subhuman monsters Dangerous yes Suicidal perhaps Still Frey's never let common sense get in the way of a fortune before But there's something other than treasure on board that aircraft Something that a lot of important people would kill for And it's going to take all of Frey's considerable skill at lying cheating and stealing if he wants to get his hands on it Strap yourself in for another tale of adventure and debauchery pilots and pirates golems and daemons double crosses and double double

The Shadow Casket Chris Wooding, 2023-02-16 A BAND OF REBELS A TRAITOR IN THEIR MIDST A REVOLUTION ABOUT TO BEGIN It's been three years since Aren seized the Ember Blade Three years since they struck the spark they hoped would ignite the revolution But the flame has failed to catch The Krodans have crushed Ossia in an iron grip of terror The revolution seems further away than ever Far in the north the Dawnwardens seek to unite the fractious clans of the Fell Folk and create a stronghold from which to retake their land But even if they can overcome the danger of treachery from within they still have to contend with the dreadknights Only the druidess Vika can resist these near unstoppable foes and there's only one of her But what if there was a weapon that could destroy the dreadknights A weapon of such power it could turn the tide A weapon that if it fell into the wrong hands might mean the end of all hope The Shadow Casket has returned from out of the past and it will save or damn them all The Ember Blade is Lord of the Rings for the modern generation an epic world full of history depth and adventure Ed McDonald author of *Daughter of Redwinter* **The Ember Blade** Chris Wooding, 2018-09-20 The Ember Blade is hands down the best fantasy novel I've ever read Grimdark Magazine Empires rise civilisations fall and one culture comes to subsume another It's the way of the world sometimes ways of life are improved sometimes they are not But the progression of change is huge and usually unstoppable In this story the Ossian way of life is fading and the Dachen way is taking its place and Aren is comfortable with that Even when his parents are accused of treason he supports the establishment and maintains there's been some mistake which is all it takes to get himself and his best friend arrested Thrown into a prison mine they plan their escape only to be overtaken by events when they're rescued and promptly find themselves in the middle of an ambush By the time they've escaped they're unavoidably linked to Garric their unwelcome saviour and his quest to overturn the Dachen way of life If they leave Garric now they'll be arrested or killed by their pursuers If they turn him in Garric will kill them If they stay with him they'll be abetting a murderous quest they don't believe in There are no good options but Aren will still have to choose a path Designed to return to classic fantasy adventures and values from a modern perspective this is a fast moving coming of age trilogy featuring a strong cast of diverse characters brilliant set pieces and a strong character and plot driven story Readers can't put down The Ember Blade I am absolutely in love with this book I was on the edge of my seat a few times I laughed and I cried I loved the characters loved the story Goodreads reviewer One of the best in the genre for a very long time a masterful balancing of new and old a rather grand first instalment in a trilogy that could be one of the best epic fantasy has ever seen Goodreads reviewer The island of goodness and hope for humanity in the sea of grimdark Ed McDonald author of *The Daughter of Redwinter* Clever and challenging but also funny The explosive finale has more than enough bang for anyone a group forged in blood and betrayal bonded by their oaths do what needs to be done against any and all odds Goodreads reviewer One of the best

fantasy books I've read in years An instant classic Goodreads reviewer Strikes a magnificently fine balance between classic epic fantasy and grimdark fantasy making this an amazing start to a new trilogy Novel Notions What classic fantasy is all about a slow build up and an exciting pay off and I think this book is exactly that Goodreads reviewer The world is big Different cultures magics demons politics a whole new world to explore I was hooked from the start to the very last line Goodreads reviewer Wooding is a master of worldbuilding it's so rich and complex and I drank all of it in refreshingly written full of thought and provoking themes The Fantasy Hive

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
