Asceticism And The New Testament:

Asceticism and the New Testament Leif E. Vaage, Vincent L. Wimbush, 2002-09-11 As a complex historical phenomenon asceticism raises the question about ordinary impulses the orientation and practices the power dynamics and politics with transcendental religions The question of the role of asceticism has often been overlooked in examining the New Testament This book is both comprehensive and comparative in its representation of how the question of asceticism might reorder the way in which we interpret the New Testament Looking at the New Testament from an ascetic perspective asks questions about issues including the milieu of Jesus and Paul and the social practices of self denial and considers the Scriptural texts in light of a desire to separate oneself from the world In interpreting all the books in the New Testament this collection is the first effort to take seriously the crucial role played by asceticism and its detractors in the formation of the New Testament

Asceticism and Exegesis in Early Christianity Hans-Ulrich Weidemann, 2013-03-13 From the beginning many of the early Christian communities led an ascetic lifestyle although a good number of New Testament texts do not seem suitable for justifying radical ascetic and encratite practice The question thus arises how the different forms of asceticism could be justified on the basis of those scriptures The articles of the volume focus on the interpretation and application of New Testament texts in various ascetic milieus and in the works of several early Christian authors and on the reception history of New Testament texts either supporting or resisting an ascetic relecture

A Social History of Christian Origins Simon J. Joseph, 2022-12-30 A Social History of Christian Origins explores how the theme of the Jewish rejection of Jesus embedded in Paul's letters and the New Testament Gospels represents the ethnic social cultural and theological conflicts that facilitated the construction of Christian identity Readers of this book will gain a thorough understanding of how a central theme of early Christianity the Jewish rejection of Jesus facilitated the emergence of Christian anti Judaism as well as the complex and multifaceted representations of Jesus in the Gospels of the New Testament This study systematically analyzes the theme of social rejection in the Jesus tradition by surveying its historical and chronological development Employing the social psychological study of social rejection social identity theory and social memory theory Joseph sheds new light on the inter relationships between myth history and memory in the study of Christian origins and the contemporary reconstruction of the historical Jesus A Social History of Christian Origins is primarily intended for academic specialists and students in ancient history biblical studies New Testament studies Religious Studies Classics as well as the general reader interested in the beginnings of Christianity

The Bible in History David W. Kling, 2004 No one can doubt that the Bible has exerted a tremendous influence on Western civilization since the dawn of Christianity In this book Kling traces the story of how specific biblical texts have emerged to be the inspiration of movements and collective responses that have changed the course of history

Theology as Ascetic Act Nathan G. Jennings, 2010 Nathan G Jennings's captivating study explores the ascetical logic of the various practices that Christians call theology By establishing ascetic practice as coherent within the logic of Christian

thought Jennings argues that Christian theology itself as an embodied Christian practice is a type of and participant in Christian asceticism Jennings establishes that the implications of such an understanding of Christian theology can be brought to bear on modern Christian scholarship in profound and transformative ways With engagements and references that span a vast terrain from Patristic authors to modern systematic theologians *Theology as Ascetic Act Disciplining Christian Discourse* is a significant contribution to both modern Christian thought and the study of asceticism *One in Christ Jesus* David Lertis Matson, K.C. Richardson, 2014-11-11 This Festschrift dedicated to S Scott Bartchy comes on the occasion of his retirement from the Department of History at the University of California at Los Angeles This volume contains seventeen essays contributed by Professor Bartchy's esteemed colleagues associates friends and former graduate students Beginning with his groundbreaking work on Greco Roman slavery Bartchy's teaching and research have been marked both by his use of social scientific methods for studying the New Testament and by an interest in the social history of early Christianity including the role of women in the early Christian assemblies the Christian critique of traditional views of male honor and the practice of table fellowship and its implications for Christian social relations To honor Bartchy's legacy the editors thought it appropriate to organize this collection according to the relational categories suggested by Galatians 3:28 Each essay pertains therefore to the social dynamics between Jews and Gentiles slaves and freeborn or males and females in the early church and beyond The volume's subtitle reflects Scott's many accomplishments as a jazz musician and sounds a note of unity in diversity that characterizes the diverse perspectives and themes found in the essays of this volume Christian Asceticism J. A. Ziesler, 1973 **Maverick Mark** Bonnie B. Thurston, 2013-05-01 Somewhere along the way says Bonnie Thurston the wild unlikelihood of the Christian message has been reined in and made to fit more conventional categories of thought That it is good and moral to be Christian we understand That it is feral and almost uncontrollably countercultural is something that has been largely forgotten or suppressed This taming has been especially effective in the case of the first gospel In *Maverick Mark* Thurston sets out to rediscover the radicalism of Mark's original message Thurston focuses on Mark's conception of discipleship economic justice and personal lifestyle She demonstrates that this gospel raises fundamental questions about some common contemporary Christian assumptions This is an accessible introduction to Mark ideal for interested adult readers of all kinds which incorporates the most reliable and up to date Scripture scholarship Bonnie B Thurston after years as a university and seminary professor lives quietly in her home state of West Virginia She is the author of many books of scripture and theology including *The Spiritual Landscape of Mark* and *Philippians in the Sacra Pagina* series Her poetry appears frequently in religious periodicals and among her published collections is *Belonging to Borders A Sojourn in the Celtic Tradition* **Asceticism** Vincent L. Wimbush, Richard Valantasis, 2002-05-23 From meditation and fasting to celibacy and anchoritism the ascetic impulse has been an enduring and complex phenomenon throughout history Offering a sweeping view of this elusive and controversial aspect of religious life and culture *Asceticism* looks at the ascetic impulse from a

unique vantage point Cross cultural cross religious and multidisciplinary in nature these essays provide a broad historical and comparative perspective on asceticism a subject rarely studied outside the context of individual religious traditions The work represents the input of more than forty preeminent scholars in a wide range of fields and disciplines and analyzes asceticism from antiquity to the present in European Near Eastern African Asian and North American settings Asceticism is organized around four major themes that cut across religious traditions origins and meanings of asceticism which explores the motivations and impulses behind ascetic behaviors hermeneutics of asceticism which looks at texts and rhetorics and their presuppositions aesthetics of asceticism which documents responses evoked by ascetic impulses and practices as well as the arts of ascetic practices themselves and politics of asceticism which analyzes the power dynamics of asceticism especially as regards gender cultural and ethnic differences Critical responses to the major papers ensure the focus upon the themes and unify the discussion Two general addresses on broad philosophical and historical interpretive issues suggest the importance of the subject of asceticism for wide ranging but serious cultural critical discussions An Appendix Ascetica Miscellanea includes six short papers on provocative topics not related to the four major themes and a panel discussion on the practices and meanings of asceticism in contemporary religious life and culture A selected bibliography and an index are also included The only comprehensive reference work on asceticism with a multicultural multireligious and multidisciplinary perspective Asceticism offers a model not only for an understanding of a most important dimension of religious life but also for future interdisciplinary study in general

Unmanly Men Brittany E. Wilson, 2015 New Testament scholars typically assume that the men who pervade the pages of Luke's two volumes are models of an implied manliness Scholars rarely question how Lukan men measure up to ancient masculine mores even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines Drawing especially from gender critical work in classics Brittany Wilson addresses this lacuna by examining key male characters in Luke Acts in relation to constructions of masculinity in the Greco Roman world Of all Luke's male characters Wilson maintains that four in particular problematize elite masculine norms namely Zechariah the father of John the Baptist the Ethiopian eunuch Paul and above all Jesus She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control two interrelated male gender norms Indeed Zechariah loses his ability to speak the Ethiopian eunuch is castrated Paul loses his ability to see and Jesus is put to death on the cross With these bodily violations Wilson argues Luke points to the all powerful nature of God and in the process reconfigures or refigures men's own claims to power Luke however not only refigures the so called prerogative of male power but he refigures the parameters of power itself According to Luke God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine Thus for Luke real men look manifestly unmanly Wilson's findings in *Unmanly Men* will shatter long held assumptions in scholarly circles and beyond about gendered interpretations of the New Testament and how they can be used to understand the roles of the Bible's key

characters *Re-Introducing Christianity* Amir Azarvan, 2016-03-22 Faith means making a virtue out of not thinking And those who preach faith and enable and elevate it are intellectual slaveholders keeping mankind in a bondage to fantasy and nonsense that has spawned and justified so much lunacy and destruction Bill Maher Many seem unaware that contemporary critiques of Christianity are relevant mostly to its modern offshoots whose followers have to some extent earned Bill Maher's unflattering caricatures To its detriment Christianity is increasingly identified in people's minds with these more recent expressions As a result a growing number of people are turning away from Christianity and indeed religious faith altogether Drawing from an eclectic group of theologians clergy members monastics and lay scholars this edited volume re-introduces Christianity to a modern audience It presents a more authentic experiential side of Christianity to the religious skeptic a side that eschews blind faith legalism and judgment a side that is rarely given a hearing in the ongoing debate with today's skeptics *Re-Introducing Christianity* is also directed at modern Christians and refutes their most frequently expressed criticisms of what the contributors boldly but humbly call the Apostolic Faith *Encyclopedia of Monasticism: A-L* William M. Johnston, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informal company **Reading Renunciation** Elizabeth A Clark, 1999-01-01 A study of how asceticism was promoted through Biblical interpretation *Reading Renunciation* uses contemporary literary theory to unravel the writing strategies of the early Christian authors Not a general discussion of early Christian teachings on celibacy and marriage the book is a close examination in the author's words of how the Fathers' axiology of abstinence informed their interpretation of Scriptural texts and incited the production of ascetic meaning Elizabeth Clark begins with a survey of scholarship concerning early Christian asceticism that is designed to orient the nonspecialist Section Two is organized around potentially troubling issues posed by Old Testament texts that demanded skillful handling by ascetically inclined Christian exegetes The third section *Reading Paul* focuses on the hermeneutical problems raised by I Corinthians 7 and the Deutero Pauline and Pastoral Epistles Elizabeth Clark's remarkable work will be of interest to scholars of late antiquity religion literary theory and history *Acts of Paul* Glenn E. Snyder, 2013 *Acts of Paul* is a collection of early Christian traditions that were not included in the canonized Acts the Acts of Paul and Thekla 3 Corinthians the Martyrdom of Paul and other fabulous stories such as Paul baptizing a lion By the end of the second century there was a rumor in North Africa that Acts of Paul had been fabricated by a presbyter in Asia Minor Tertullian *De baptismo* 17.5 and to this day it is alleged that Acts of Paul is later than and inferior to the traditions preserved in Acts historically theologically and otherwise But what evidence is there for the composition and reception of Acts of Paul In this study Glenn E. Snyder critically examines Greek Latin and Coptic witnesses to Acts of Paul from the second to sixth centuries with chapters on the independently circulating acts extant collections and other evidence for the formation of Acts of Paul **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two-volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic

figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture The Oxford Handbook of Early Christian Studies Susan Ashbrook Harvey, David G. Hunter, 2008-09-04 Provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description **Asceticism and Its Critics** Oliver Freiberger, 2006-10-19 Scholars of religion have always been fascinated by asceticism Some have even regarded this radical way of life the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self mortification as the ultimate form of a true religious quest This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style Scholars have often overlooked however that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically This book is a first attempt of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is *Journal of Greco-Roman Christianity and Judaism, Volume 16* Stanley E. Porter, Matthew Brook O'Donnell, Wendy Porter, 2021-09-03 Volume 16 2020 This is the sixteenth volume of the hard copy edition of a journal that has been published online www.jgrchj.net since 2000 As they appear the hard copy editions replace the online materials The scope of JGRChJ is the texts language and cultures of the Greco Roman world of early Christianity and Judaism The papers published in JGRChJ are designed to pay special attention to the larger picture of politics culture religion and language engaging as well with modern theoretical approaches On Liturgical Asceticism David W.
