Asgard Run The:

The Asgard Run Steve Vance, 2000-11 Roger Griffin's lifetime dream lay before him. He stood within an immense interstellar vessel that had lain beneath the Wyoming mountains for millennia. It had remained a virtually impenetrable fortress to the scientific teams that prowled its two mile long exterior until they managed to pry open the door. Then the dream of scientific discovery became a horrific nightmare as an earthquake awakened the long dormant brain of the malfunctioning spacecraft and rocked the door shut. Griffin and his fellow survivors frantically tried to escape but the ship's computer took steps to rescue itself and exterminate the humans in board. Suddenly the newly awakened control room displayed a clock for its terrified inhabitants to see. Its lights blinked in and off but the message was clear: Six hours until lift off. Six hours to live. Six hours to die.

All the Shattered Worlds Steve Vance, 2018-02-19 Everyone but Ann thought that Carl Urbanowich was a harmless man who had lost his mind. Ann believes his fantasies of power and tries to stop him from ending the earth. She risks her life to prevent the catastrophe. Can she prevent him from smashing our planet into four individual solar systems?

Identity Steve Vance, 2018-10-21 The Madison Facial and Cranial Surgery Center is famous throughout the world for helping victims of birth defects and traumatic injuries. The world doesn't know, however, that the center does very special work for the government as well: providing new faces, new identities and new personalities for select patients, creating perfect assassins for clandestine wet work. When butchered bodies begin turning up on the other side of the country, FBI agent Russell Montgomery immediately recognizes the handiwork of vicious serial killer Calvin Peter Bryant, known as the Prince of Darkness. But that's impossible: Bryant is dead, shot and killed by Montgomery himself. Can the Prince of Darkness somehow still be alive and killing? The only way Montgomery can find out is by following the trail of victims, a trail that seems to lead right to the Madison Center.

Seascapes Tom MacSweeney, 2008 A collection of stories from the author's thirty years as presenter for the Irish radio program *Seascapes* focusing on Irish maritime history.

On the rich worlds of Alpha sector, you aren't considered fully adult until 25, while the frontier worlds of Epsilon sector expect a girl to marry at 17. Clan-centred Beta sector is notoriously permissive, while Deltan worlds consider it shocking behaviour to kiss in public. In Kappa sector, the military battles to make new worlds safe for colonization, while Earth is a semi-abandoned ruin. Each story features one of the characters from the Earth Girl trilogy. Eight people with eight very distinctive backgrounds and problems, all destined to get caught up in one girl's fight for acceptance. A fight that will change Earth forever.
