Fortresses of Savannah, Georgia

John Walker Guss,2002 Like stalwart soldiers standing silent guard the mighty fortresses of Savannah once served as guardians over the new colony of Georgia In 1733 Gen James Oglethorpe upon stepping ashore in this new world authorized fortifications to be constructed

to protect her new residents Forts and townships now known only in name defended Georgia's first citizens against the Native Americans and the Spanish Later they would stand a much greater challenge protecting them against more aggressive foes the British the Union Army and ultimately the Third Reich of Germany Through vintage photographs of these magnificent architectural structures and the faces of devoted soldiers who once stood upon their ramparts readers will feel as if they too were standing a vigilant watch looking across the vast marshes and rivers surrounding Savannah The images within these pages celebrate and honor the fortresses that allowed Savannah to prosper and expand from a colonial outpost to the majestic queen city of Georgia
