Alabi's World Richard Price, 1990-06 In the early 18th century the Dutch colony of Suriname was the envy of all others in the Americas There seven hundred Europeans lived off the labor of over four thousand enslaved Africans Owned by men hell bent for quick prosperity the rich plantations on the Suriname river became known for their heights of planter comfort and opulence and for their depths of slave misery Slaves who tried to escape were hunted by the planter militia If found they were publicly tortured Gradually slaves began to form outlaw communities until nearly one out of every ten Africans in Suriname was helping to build rebel villages in the jungle This book relates the history of a nation founded by escaped slaves deep in the Latin American rain forest It tells of their battles for independence their uneasy truce with the colonial government and the attempt of their leader Alabi to reconcile his people with white law and a white God *Transforming Spirit Bodies* Sinah Theres Kloß, Lena Muders, Taynã Tagliati, 2025-03-17 *Transforming Spirit Bodies* is an edited volume that focuses on the bodies and embodiments of spirits their im materialities and their bodily transformations The anthropological sociological and archaeological contributions draw attention to the embodied experiences of asymmetrical dependencies among humans and spirits and how experiences of inter dependence are negotiated in their interactions Suggesting that more than human entities significantly contribute to agency in social interactions and power negotiations the volume further highlights the ambivalent yet undeniable relationship between spirits and materiality During the processes of materialization and dematerialization in which spirit bodies transform and are transformed more than human entities may share substances and agency with humans Not only having material but also social dimensions these dynamics are influenced by relations of power and dependency Following posthumanist approaches this volume therefore challenges the anthropocentric views that continue to dominate scholarly analysis of power relations dependency and coercion **Mission Or Submission?** Armando Lampe, 2001 *Studie over de relatie tussen de kerk en de slavenmaatschappij* The 'Air of Liberty' Ineke Phaf-Rheinberger, 2008-01-01 The Caribbean imagination as framed within a Dutch historical setting has deep Portuguese African roots The Seven Provinces were the first European power in the first half of the 17th century to challenge the Iberian countries directly for a share in the slave trade This book analyzes the philosophy underlying this transoceanic link when contacts with Africa started to be developed The ambiguous morality of the air of liberty governing the Afro Portuguese past had its impact on the creole cultures white black Jewish of the Dutch territories of Suriname and Cura ao Although this influence is gradually disappearing it is astonishing to witness the engagement with which writers and visual artists have interpreted this heritage in their different ways Recent narratives from Angola and Brazil offer an appropriate starting point for an examination of strategies of self representation and national consolidation in works by authors from the Dutch Caribbean In order to reveal this complex historical pattern the formerly Dutch related port communities are conceived of as cultural agents whose lettered cities ngel Rama have engaged in critical dialogue with the heritage of the South Atlantic

trade in human lives Artists and writers discussed include colonial period Caspar Barlaeus David Nassy Frans Post and John Gabriel Stedman modern period Frank Martinus Arion Cola Debrot Gabriel Garc a M rquez Albert Helman Francisco Herrera Luque Boeli van Leeuwen Tip Marugg Alberto Mussa Pepetela Julio Perrenal and M rio Pinto de Andrade *New Studies in the History of American Slavery* Edward E. The South and the Caribbean, The first comprehensive study of the close ties between the American South and the Caribbean With essays and commentaries by Roger D Abrahams Kenneth Bilby David Eltis Stanley L Engerman Aline Helg Milton Jamail Charles Joyner Daniel C Littlefield Bonham C Richardson and Ralph Lee Woodward Jr Download Plain Text version With the trade of sugar rum and African slaves in the islands that form a perimeter around the Gulf of Mexico the broad expanse of water known as the Caribbean ringed what came to be known as the South Today concise political boundaries separate the coasts of the

American South from the multicultural worlds that dominate the islands Yet all anecdotal evidence suggests far greater ties One listens to the reggae in the streets of New Orleans or to the rumba in Atlanta One notes the moans of the blues in the cafes of Veracruz and watches Major League games in which young Dominican athletes hurling lightning fast balls become national heroes on their island homeland beset by political and economic woes Do these human links suggest a greater regionalism than was previously acknowledged This exciting study of two discrete yet kindred areas gives an affirmative answer It comes to terms with what many have considered distinct yet fluctuating boundaries that separate and bond southern peoples These papers from the Chancellor s Symposium at the University of Mississippi in 1998 focus on and examine the strong connections Geographer Bonham C Richardson analyzes the territory as a cultural region with Little Rock at the northwest corner and French Guiana at the southeast that also includes the eastern rim of Central America as well as the Bahamas Other contributors explore the creative cultures that emerged when a brutal European economy enslaved Africans for labor The essays also examine the economic connections that have created such dissimilar and lasting legacies as the plantation system and the love of baseball The South and the Caribbean flow into each other culturally economically and socially These papers and their commentaries suggest that future study of these regions must deal with them together in order to understand each The merging of the two through music dance language sports and political aspiration all discussed in this book serves to give birth to a New South and a New Caribbean At the University of Mississippi Douglass Sullivan Gonz lez is an associate professor of history and Charles Reagan Wilson is the director of the Center for the Study of Southern Culture

Entangled Edens Candace Slater, 2002 The skill with which Slater combines various levels and modalities of narrative utilizing her personal experience as a colorful unifying thread is truly remarkable Antonio Candido author of Antonio Candido On Literature and Society Howard S Becker editor A very important book that quite gracefully elegantly and persuasively moves beyond the usual myth and history format to put at its center stories about the Amazon and the people who tell them Entangled Edens persuasively argues that the Amazon can only be grasped understood and come to terms with through its myths and stories It addresses a very real failing of modern environmentalism which for all its virtues tends to dehumanize and metaphorically depopulate when it does not villainize populations that do share its concerns or share them in very different ways Instead of forcing us to choose between land and people Slater uses the stories and the people who tell them to rethink human relations with nature and each other Richard White author of The Organic Machine The Remaking of the Columbia River Elegant erudite profoundly serious Entangled Edens is a source of inspiration and knowledge for the reader interested in the Amazon Without the cultural tradition and the life experience of Amazonia s people any analysis of the Amazon risks becoming inconsequential or opportunistic This is one of the powerful messages of this important reflection on the Amazon whose greatest riches are ultimately its people Candace Slater has written a book that will last Milton Hatoum author of The Tree of the Seventh Heaven 1994 and The Brothers 2002

Colonial Blackness Herman L. Bennett, 2009-07-06 Asking readers to imagine a history of Mexico narrated through the experiences of Africans and their descendants this book offers a radical reconfiguration of Latin American history Using ecclesiastical and inquisitorial records Herman L Bennett frames the history of Mexico around the private lives and liberty that Catholicism engendered among enslaved Africans and free blacks who became majority populations soon after the Spanish conquest The resulting history of 17th century Mexico brings forth tantalizing personal and family dramas body politics and stories of lost virtue and sullen honor By focusing on these phenomena among peoples of African descent rather than the conventional history of Mexico with the narrative of slavery to freedom figured in *Colonial Blackness* presents the colonial drama in all its untidy detail

Jewish Autonomy in a Slave Society Aviva Ben-Ur, 2020-06-05 A fascinating portrait of Jewish life in Suriname from the 17th to 19th centuries *Jewish Autonomy in a Slave Society* explores the political and social history of the Jews of Suriname a Dutch colony on the South American mainland just north of Brazil Suriname was home to the most privileged Jewish community in the Americas where Jews most of Iberian origin enjoyed religious liberty were judged by their own tribunal could enter any trade owned plantations and slaves and even had a say in colonial governance Aviva Ben Ur sets the story of Suriname s Jews in the larger context of Atlantic slavery and colonialism and argues that like other frontier settlements they achieved and maintained their autonomy through continual negotiation with the colonial government Drawing on sources in Dutch English French Hebrew Portuguese and Spanish Ben Ur shows how from their first permanent settlement in the 1660s to the abolition of their communal autonomy in 1825 Suriname Jews enjoyed virtually the same standing as the ruling white Protestants with whom

they interacted regularly She also examines the nature of Jewish interactions with enslaved and free people of African descent in the colony Jews admitted both groups into their community and Ben Ur illuminates the ways in which these converts and their descendants experienced Jewishness and autonomy Lastly she compares the Jewish settlement with other frontier communities in Suriname most notably those of Indians and Maroons to measure the success of their negotiations with the government for communal autonomy The Jewish experience in Suriname was marked by unparalleled autonomy that nevertheless developed in one of the largest slave colonies in the New World **Telling Maya Tales** Gary H.

Archaeology of African Slavery in Latin America Pedro Paulo A. Funari, Charles E. Orser Jr.,2014-11-10 This edited volume aims at exploring a most relevant but somewhat neglected subject in archaeological studies especially within Latin America maroons and runaway settlements Scholarship on runaways is well established and prolific in ethnology anthropology and history but it is still in its infancy in archaeology A small body of archaeological literature on maroons exists for other regions but no single volume discusses the subject in depth including diverse eras and geographical areas within Latin American contexts Thus a central aim of the volume is to gather together some of the most active Latin American maroon archaeologists in a single volume This volume will thus become an important reference book on the subject and will also foster further archaeology research on maroon settlements The introduction and comments by senior scholars provide a wide ranging and comprehensive analysis of runaway archaeology that will help to indicate the global importance of this research
