Alaskas Charter Schools:

Alaska's Charter Schools Gordon Castanza, Gordon E. Castanza, 1999 The public cares so much about the education of its children that schooling frequently becomes a political issue as partisans propose means for improving schools and support them with appealing rationale This has certainly been the case with the charter school movement Proponents have seen charter schools as a means to improve student achievement and make schools more accountable to the public The charter school movement has swept across the country powered by the momentum of these appealing ideas even without data demonstrating these much touted benefits Gordon Castanza provides an analysis of the history of the charter school movement and of school accountability His original research reveals the answer to the question Are charter schools more accountable to the public than other schools Carolyn H Chapman Professor Emerita U of Nevada Reno *Charter School Movement* Danny K. Weil, 2009 From zero in 1991 to 3 800 eighteen years later charter schools public schools under contract today educate well over a million US students This updated edition examines the unusual experiment that is charter education and the controversies that surround public choice and charter schools as a means of educational reform

Charter Schools Thomas Zachariah Murphy, 2002 Education is a perennially vexing issue in American life What exactly is the best system for teaching Proponents of charter schools believe that competition is the key public schools will improve if they have to compete for students Charters themselves are public schools but ones run by any group accepting the challenge of improving student performance in return for fewer regulations and tight budget restrictions In short charter schools have defined focus and clear accountability Those opposing the charter movement though claim that charter schools are divisive and distract attention from public school needs Some politicians have shown approval of charter schools as evidenced by President George W Bush s bill for funding charter programs This book aims to clear up some of the questions around charter schools and can help answer the questions surrounding the future of the American education system **American Beauty: Unveiling Alaska's Hidden Treasures** Pasquale De Marco, 2025-07-20 Journey to the heart of Alaska a land of untamed beauty rich history and vibrant culture with this comprehensive guide Discover the breathtaking landscapes from towering mountains and pristine glaciers to vast forests and sparkling rivers Encounter Alaska s iconic wildlife including grizzly bears moose whales and eagles and immerse yourself in the traditions and heritage of the indigenous peoples who have called this land home for centuries Embark on an adventure through Denali National Park home to North America s highest peak and witness the awe inspiring spectacle of the Northern Lights dancing across the night sky Explore the vibrant cities of Anchorage and Juneau where art culture and history intertwine and venture into charming coastal communities and remote villages each with its own unique story to tell Uncover Alaska s fascinating history from its ancient roots to its modern day achievements Learn about the indigenous peoples who have shaped Alaska s culture and traditions over thousands of years and explore the legacy of Russian explorers and the impact of the Gold Rush which transformed the state
