## **Albert Angelo:**

Albert Angelo B S Johnson, 2023-06-29 With an introduction by the writer Toby Litt The eponymous Albert is an architect by training but a supply teacher out of necessity Feeling that he is failing at both and haunted by a failed love affair he begins to question what he wants to achieve Using a number of original narrative techniques Johnson attempts to reproduce life and its travails as closely as possible through fiction while at the same time revelling in the impossibility of such a task A passionate advocate for the avant garde B S Johnson said of the acerbically comic and exuberant Albert Angelo that it was where he really discovered what he should be doing And on page 163 of this extraordinary book is one of the most surprising lines in English fiction But you should start at the beginning *Albert Angelo* Bryan S. **surface** Glyn White, 2018-02-28 This book critically engages with the visual appearance of prose fiction where it is manipulated by authors from alterations in typography to the deconstruction of the physical form of the book It reappraises the range of effects it is possible to create through the use of graphic devices and explores why literary criticism has dismissed such features as either unreadable experimental gimmicks or more recently as examples of the worst kind of postmodern decadence Through the examination of problematical texts which utilise the graphic surface in innovative and unusual ways including Samuel Beckett's *Watt* B S Johnson's *Albert Angelo* Christine Brooke Rose's *Thru* and Alasdair Gray's *Lanark* this book demonstrates that an awareness of the graphic surface can make significant contributions to interpretation

**Useless Activity** Christopher Webb, 2022-07-01 Using a broad range of archival material from Washington University St. Louis the University of Glasgow and the British Library Useless Activity Work Leisure and British Avant Garde Fiction 1960-1975 is the first study to ask why the experimental writing of the 1960s and 1970s appears so fraught with anxiety about its own uselessness before suggesting that this very anxiety was symptomatic of a unique period in British literary history when traditional notions about literary work and what worked in terms of literature were being radically scrutinised and reassessed The study is divided into five chapters with three of those dedicated to the close analysis of work produced by three writers representative of the 1960s British avant garde Eva Figes 1932-2012 B.S. Johnson 1933-1973 and Alexander Trocchi 1925-1984 The book argues that these writers' preoccupations with concepts related to work such as leisure debt and various forms of neglected labour like housework allow us to rethink the British avant garde's relation to realism while posing broader questions about the production and value of post-war literary avant gardism more generally Useless Activity proposes that only with an understanding of the British avant garde's engagement with the idea of work and its various corollaries can we appreciate these writers move away from certain forms of literary realism and their contribution to the

Ryle, J. Jordan, 2015-12-11 A collection of essays on the 1960s experimental writer B S Johnson this book draws together new research on all aspects of his work and in tracing his connections to a wider circle of continental British and American avant garde writers offers exciting new approaches to reading 1960s experimental fiction      Identity and Form in Contemporary Literature Ana María Sánchez-Arce, 2013-10-08 This ambitious and wide ranging essay collection analyses how identity and form intersect in twentieth and twenty first century literature It revises and deconstructs the binary oppositions identity form content form and body mind through discussions of the role of the author in the interpretation of literary texts the ways in which writers bypass or embrace identity politics and the function of identity and the body in form Essays tackle these issues from a number of positions including identity categories such as disability gender race and sexuality as well as questioning these categories themselves Essayists look at both identity as form and form as identity Although identity and form are both staples of current research on contemporary literature they rarely meet in the way this collection allows Authors studied include Beryl Bainbridge Samuel Beckett John Berryman Brigid Brophy Angela Carter J M Coetzee Anne Enright William Faulkner Mark Haddon Ted Hughes Kazuo Ishiguro B S Johnson A L Kennedy Toby Litt Hilary Mantel Andrea Levy Robert Lowell Ian McEwan Flannery O Connor Alice Oswald Sylvia Plath Jeremy Reed Anne Sexton Edith Sitwell Wallace Stevens Jeremy Reed Jeanette Winterson and Virginia Woolf The book engages with key theoretical approaches to twentieth and twenty first century literature of the last twenty years while at the same time advancing new frameworks that enable readers to reconsider the identity and form conundrum In both its choice of texts and diverse approaches it will be of interest to those working on English and American Literatures gender studies queer studies disability studies postcolonial literature and literature and philosophy      Official Register of the United States , 1903
