Alec Wilder In Spite Of Himself A Life Of The Composer:

Alec Wilder in Spite of Himself Desmond Stone, 2023 The story of Alec Wilder is of a man who wrote songs and lyrics of great beauty and originality and fame Yet he seemed almost to court obscurity This book looks at his relationships with Frank Sinatra and the cabaret singer Mabel Mercer Alec Wilder in Spite of Himself Desmond Stone, 1996-04-25 Alec Wilder wrote songs and lyrics of unsurpassed beauty and originality and his work won the respect and admiration of such important musical figures as Frank Sinatra Peggy Lee Mitch Miller Gunther Schuller and many others Yet Wilder seemed almost to court obscurity Both in the music he composed and in the way he lived his life Wilder valued the unique and eccentric over the established and easily acceptable And though he authored the definitive American Popular Song which critics praised as singular Studs Terkel pioneering Whitney Balliett rewarding Milton Babbitt and a joy to anyone who really cares about American popular music Max Morath his own contribution to that music has remained until now too little known and far too little appreciated Desmond Stone's engaging and lively biography brings Alec Wilder's life and music into the spotlight where it belongs Ranging from Wilder's childhood in Rochester New York to his rise as a major writer of popular songs in the 1940s to his relationships with Frank Sinatra and the cabaret singer Mabel Mercer Stone gives us rich insight into the creative process and profound influence of this highly unorthodox composer We see the impulses and musical concerns that led to such standards as I ll Be Around and It's So Peaceful in the Country We also get an inside view of how he wrote his monumental American Popular Song which remains the most significant study of America s great songwriters More important we get a vivid sense of a haunting incorruptible melodist whose unique personality was mirrored in his music Man and composer dared to be different When Wilder in the late 1930s wrote his famous Octets the music world did not know what to make of these irreverent highly original pieces Yet they had a seminal influence on jazz chamber music in America Wilder would go on to compose hundreds of instrumental numbers Whether he was writing concert pieces for an unprecedented and highly unusual group of instruments or mixing jazz classical and popular idioms in a single song or dashing off a sonata for a friend Wilder followed the dictates of his own creativity rather than the expectations of the musical establishment Such independence and unpredictability earned him the hostility of many critics but the enduring respect of the musicians he wrote for Here then is a fascinating private portrait of a man who lived a nomad s life who loved riding trains so much he kept a timetable in his pocket at all times a man whose only home was a small room he maintained at the Algonquin Hotel in Manhattan where he often held court in the lobby a man with a serious drinking problem as well as the kindest and most generous of friends Essential reading for anyone interested in American popular music Alec Wilder in Spite of Himself provides a much needed account of this complex colorful and highly original life American Popular Song Alec Wilder, 2022 Wonderful The New York Times Provocative opinionated and never dull Down Beat A singular book Studs Terkel When it was first published Alec Wilder's American Popular Song quickly became a classic and today it remains essential

man whose complex sexuality shattered the norms of midcentury American society When asked whether he was a homosexual he reportedly said I m certainly not going through life with one hand tied behind my back Today even though it is widely accepted that Dean was gay or bisexual the story of his life and personal character continue to be colored by the prejudices of an earlier era and the work of often unscrupulous biographers and journalists Drawing on exhaustive new research including more than four hundred previously secret pages of Dean's personal and business records Jimmy The Secret Life of James Dean is a revelatory reassessment of the man and his legacy Free from sensationalism but unafraid to confront the difficult facts of Dean's life it deploys modern insights into sexual diversity to transform our understanding of James Dean's story and the stories of boys and men like him Journal of the American Musicological Society American Classic American Popular Song David Jenness, Donald Velsey, 2014-02-04 Classic American Musicological Society, 1997 Popular Song The Second Half Century 1950 2000 addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading Television Musicals Joan Baxter, 1997 In this work 222 musicals developed specifically for television are fully detailed including musical episodes from nonmusical shows animated specials that appealed to adults as well as children and operas and related works commissioned for the small screen Each entry provides air date network running time cast and credits and a listing of all the songs A plot synopsis follows these data focusing on the show itself and the story from which it was adapted information on award nominations and awards won recordings videos and published music is then provided Contemporary reviews of the show complete the entry Gary Marmorstein, 2007-02-27 From Frank Sinatra and Billie Holiday to Janice Joplin and Michael Jackson Columbia Records has discovered and nurtured a mind boggling spectrum of talents and temperaments over the past 100 plus years Now with unprecedented access to the company s archives this book tells the stories behind the groundbreaking music More often than not the music was not just created by the artists themselves but forged out of conflict with the men and women who handled them executives producers Artists and Repertoire men arrangers recording engineers and yes even publicists And at almost
