Alekhines Defense As White:

Alekhine's Defense as White Larry Christiansen, Bob Raingruber, Manuel Joseph, 1989-01-01 *The Italian Gambit System, And, A Guiding Repertoire for White-E4!* Jude Acers, George S. Laven, 2003 Introducing a new book bound in two volumes not only containing an astonishing new pure gambit named the Miami Variation but a very delightful interesting and insightful adventure through a unique perspective of historical chess *Alekhine Defense. A Complete Guide* Николай Калиниченко, Максим Четверик, 2018-06-27 Alekhine Defense is a bold choice for Black challenging the classical chess rules from the very beginning of the game yet proving itself to be a flexible system Black can choose to head for mind boggling complications or carefully manoeuvre within the 6th to 8th ranks waiting for the right time to strike out at the center Although once a favorite of Bobby Fischer and occasionally played by Magnus Carlsen the lack of Alekhine Defense games at the level of elite Grandmasters today means that many lines and ideas remain untested in practice As a result this opening leads to lively often open positions with chances for both sides With 1 Nf6 Black signals that he is playing to win This book consisting of 16 parts and 87 chapters not only covers the traditional Alekhine lines but also takes a comprehensive look at variations rooted firmly in the 21st century Moreover thanks to the use of modern technology and the authors deep analysis the evaluations of many well known lines have been revised The authors have strived to write a lively work which is useful for both players with high ELO ratings and club players **Attacking 101 - Volume #004** Joel Johnson, 2017-03-30 The goal of the books in this series Attacking 101 Volume 999 is to provide detailed analysis of my own attack games against lower rated players The players are generally rated in the range of 1700 to 2100 They make the same mistakes you regularly witness in your games but here you get to see a Chess Master dissect and exploit the moves show why they are wrong and how to punish the opponent s play This book covers Black Openings and has deep coverage of the Alekhine s Defense and the Polish all lines **Attacking 101: Volume #001** Joel Johnson, 2012 The goal of the books in this series Attacking 101 is to provide detailed analysis of my own attack games played against lower rated players The players are all rated in the range of 1000 to 1800 the types of players you would frequently encounter at your local chess club local tournaments online and at home They make the same errors you regularly witness in your games but here you get to see a Chess Master dissect and exploit the moves show why they are wrong and how to punish the opponent s poor play back cover **Attacking 101: Volume #003** Joel Johnson, 2016-04-16 The goal of the books in this series Attacking 101 Volume nnn is to provide detailed analysis of my own attack games played against lower rated players The players are all rated in the range of 1700 to 2100 They make the same errors you regularly witness in your games but here you get to see a Chess Master dissect and exploit the moves show why they are wrong and how to punish the opponent s poor play This book covers White Openings and has deep coverage of the Center Game and Sicilian Grand Prix all lines *The Hypermodern Game of Chess* Savielly Tartakower, 2015-11-16 Tartakower s Legendary Magnum Opus The decade after the First World War was one of exciting

change for the royal game A new wave of dynamic chess was taking shape led by the young lions Alekhine R ti Nimzowitsch Breyer Euwe Tartakower and others They were successfully asserting their new ideas against the Old Guard It was in this period that Savielly Tartakower s magnificent work Die Hypermoderne Schachpartie was first released A massive tome of over 500 densely packed pages the first edition was published in German in 1924 It was an instant best seller and a second edition soon followed with corrections and additional material At first glance it appears to be an opening manual with incredibly comprehensive notes But in fact it is much more There are essays on strategy tactics endings history and other chess related topics all presented in Tartakower s wonderful writing style However don t be fooled by the witty aphorisms and humor The scope and depth of Tartakower s annotations would be unmatched until Chess Informant came along in the 1960s And the rise of the silicon monsters notwithstanding there is much fertile opening theory to be found and explored The Hypermodern Game of Chess is the first English language work of the second edition Several hundred diagrams have been added and some reformatting of the text has been done to meet the expectations of 21st century readers In every other respect it preserves all the comprehensive content The Hypermodern Game of Chess is now available in English See why it has inspired generations of chessplayers And see why Tartakower s magnum opus is as they say the stuff of legend

Johnson,2020 **The Complete Chess Course** Fred Reinfeld,2016-02-10 Generations of chess players have grown up on Fred Reinfeld s books He has a way of reducing the most intricate complicated combinations to their basic components After Reinfeld explains a combination it makes sense Reinfeld not only taught us how to play the game well but also implanted in us his enthusiastic passion for learning His books are peppered throughout with words and phrases in italics to emphasize ideas Moves are punctuated with single double and even triple exclamation marks and question marks to span the entire spectrum of emotions the moves conjure up The Complete Chess Course is filled with advice on how to play better chess regardless of how strong or weak a player you may be It begins with the most fundamental ideas reviewing the basic moves of the pieces and pawns and continues with fantastic examples from the very best players We are taken through a full course of chess strategy and tactics he introduces us to the nine bad moves and how to refute them as well as how to avoid making them We learn how to handle the white pieces and how to fight back with the black pieces We get a much needed lesson on how to win the game when we have gained a big advantage and another equally important lesson on how to put up the stiffest resistance when in an inferior position We get treated to a full spectrum of the many ways to make the most of whatever position we get in one of the best chapters of any book I ve seen Book Six on How to Fight Back Fred guides us through some master games revealing the secrets of their struggles to overcome strong resistance These secrets include how to meet the crisis how to simplify and the point of no return Finally we are treated to an introduction to the major openings including what to strive for in gambits classical structures hypermodern structures as well as off beat lines Hint play to control the center and develop your pieces Absorb the material included in this volume and you will play chess at a fairly high level Or read through it all and enjoy Fred s masterful explanations In either case you will be entranced by his enthusiasm for the intricate relationships the pieces experience in the context of a game or even a standout plan or combination

Elements of Positional Evaluation Dan Heisman,2010-08-26 Which side stands better How much better Why Most chess players rely on loosely knit unstructured methods to evaluate chess pieces and positions They learn positional principles which often lead to inaccurate evaluations and faulty decisions about how to proceed This groundbreaking book by best selling chess author Dan Heisman addresses the evaluation and understanding of how static features affect the value of

the pieces in a given position Emphasis is placed on the static evaluation of each piece s value and its role in the overall position rather than the assessment of a specific position but Heisman s approach can also be applied to help evaluate entire positions by helping to answer the questions who stands better by how much and why *Chess Openings* Todd Bardwick,2022-04-12 Chess Openings presents major and minor variations of commonly played opening systems This intermediate book in the Chess Detective series provides a base of knowledge to aid the reader in selecting opening systems that are right for them Easy to follow flowcharts show the major openings and variations separated into three main sections 1 e4 1 d4 and Flank Openings Opening main lines and frequently played alternative lines are presented along with a brief summary with middlegame objectives for each player **New Ideas in the Alekhine Defence** Graham Burgess,1996 Few openings in the game of chess can be said to arouse as much interest as the Alekhine defence Can White just crush Black or are White s pawns simply weak Is the Black Knight dancing triumphantly round the board or being kicked from pillar to post 50 years have passed since Alekhine s death yet the debate is still raging over the defence that bears his name **Our Army**,1929
