Al Biruni His Times Life And Work:

Al-Bīrūnī Hakim Mohammad Said,1996 **Al-Biruni** Bridget Lim,Bill Scheppler,2016-07-15 Al Biruni was an Islamic scholar who served on the courts of more than six caliphs Like many of the great thinkers of the Islamic world s Golden Age his quest for truth motivated him to seek knowledge through research and innovation He did this in the name of Allah Al Biruni set himself apart from his peers through his sheer range of expertise and drive for perfection His considerable progress in astronomy mathematics geography comparative religion physical sciences and history earned the respect of his colleagues influenced countless academic followers and remains as an inspiration to all who study his work today The Genius of Their Age S. Frederick Starr,2023 A portrait of the Arab enlightenment and its key figures Ibn Sina and Biruni In The Genius of Their Age S Frederick Starr brings to vibrant life an age when Muslim scientists and philosophers from Central Asia anticipated the Western renaissance of science by half a millennium *Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures* Helaine Selin,2008-03-12 Here at last is the massively updated and augmented second edition of this landmark encyclopedia It contains approximately 1000 entries dealing in depth with the history of the scientific technological and medical accomplishments of cultures outside of the United States and Europe The entries consist of fully updated articles together with hundreds of entirely new topics This unique reference work includes intercultural articles on broad topics such as mathematics and astronomy as well as thoughtful philosophical articles on concepts and ideas related to the study of non Western Science such as rationality objectivity and method You ll also find material on religion and science East and West and magic and science **Timing and Temporality in Islamic Philosophy and Phenomenology of Life** Anna-Teresa Tymieniecka,2007-09-19 From time immemorial concern with timing of life has been crucial for the regulation of human praxis as well as for the philosophical quest to understand existence by seeking its meaning The two used to inform each other until modernity when they parted In spite of the extensive progress in manipulating change and motion and of the abundance of metaphysical attempts to enlighten human beings about their fate the puzzling nature of temporality and timing of reality remains controversial The present collection of studies seeks a new answer by initiating a novel investigation informed by the ancient wisdom of the Greaco Arabic Islamic sources and inheritance on the one side and the contemporary discernment of Occidental phenomenology of life on the other in a common dialogical effort to unravel this great enigma of existence Papers by Anna Teresa Tymieniecka William C Chittick Reza Akbarian Daniela Verducci Michael F Andrews Seyyed Mohammed Khamenei Nader El Bizri Mehdi Aminrazavi Massimo Durante Abdul Rahim Afaki Maria Chiara Teloni A L Samian Kathleen Haney Jad Hatem Robert J Dobie Michel Dion **The Books Sānk and Pātāṅgal** Noémie Verdon,2024-01-08 The open access publication of this book has been published with the support of the Swiss National Science Foundation Al B r n ca 973 1050 was an innovative encyclopaedist thinker He is particularly known to have investigated into India of his time Yet his life and the circumstances of his encounter with Indian

languages culture and sciences are still shrouded in mystery and legends This research brings to light elements of his intellectual journey based on well grounded analysis so as to contextualise al B r n s work of transmission of Indian philosophies into Arabic Thanks to a theoretical framework rooted in a multidisciplinary approach including Translation Studies it enables to comprehend the full scope of his work and to analyse deeply his motives and choices of interpretation

Al Biruni Hakim Mohammed Said, Ansar Zahid Khan, 1990 The Kushnameh Iranshah, 2022-05-24 The first English translation of a strange and unusual Persian epic this action packed tale of an evil monstrous king explores questions of nature and nurture and brings the global middle ages to life The great Persian epic known as the Kushnameh follows the entangled lives of Kush the Tusks a monstrous antihero with tusks and ears like an elephant descended from the evil emperor Zakhak and Abtin the exiled grandson of the last true Persian emperor Abandoned at birth in the forests of China and raised by Abtin Kush grows into a powerful and devious warrior Kush and his foes scheme and wage war across a global stage reaching from Spain and Africa to China and Korea Between epic battles and magnificent feasts are disturbing sometimes realistic portrayals of abuse and oppression and philosophical speculation about nature and nurture and the origins of civilization A fantastical adventure story stretching across the known world and a literary classic of unparalleled richness this important work of medieval Persian literature is a valuable source for understanding the history of racism and constructions of race and the flows of lore and legend from the Central Asian Silk Road and the Sahara to the sea routes of the Indian Ocean and the Mediterranean The Kushnameh is a treasure trove of Islamic and pre Islamic Persian cultural history and a striking contemporary document of the global middle ages now available to English speaking readers for the first time **Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures** Helaine Selin, 2013-11-11 The Encyclopaedia fills a gap in both the history of science and in cultural studies Reference works on other cultures tend either to omit science completely or pay little attention to it and those on the history of science almost always start with the Greeks with perhaps a mention of the Islamic world as a translator of Greek scientific works The purpose of the Encyclopaedia is to bring together knowledge of many disparate fields in one place and to legitimize the study of other cultures science Our aim is not to claim the superiority of other cultures but to engage in a mutual exchange of ideas The Western academic divisions of science technology and medicine have been united in the Encyclopaedia because in ancient cultures these disciplines were connected This work contributes to redressing the balance in the number of reference works devoted to the study of Western science and encourages awareness of cultural diversity The Encyclopaedia is the first compilation of this sort and it is testimony both to the earlier Eurocentric view of academia as well as to the widened vision of today There is nothing that crosses disciplinary and geographic boundaries dealing with both scientific and philosophical issues to the extent that this work does xi PERSONAL NOTE FROM THE EDITOR Many years ago I taught African history at a secondary school in Central Africa **An Encyclopaedia in Spatio-Temporal Dimensions** Patit Paban

Mishra,2024-10-20 The encyclopaedia highlights the South Asian country of India with its varied ramifications As a rich country with all its diversity it has played a significant role in world affairs for more than two thousand years India is the most populous country in the world and its economy is growing rapidly It is marching ahead in science and technology In the hundredth anniversary of its independence in 2047 it aspires to become a developed nation One should be aware of this country in this globalized world It is not only fascinating but also knowledge enhancing The encyclopaedia holds importance due to several reasons information on a vast range of subjects scientific methodology accuracy and reliability It could be used as a starting point for further research The book will be useful for general readers serious researchers graduate students and academics

Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
