face is one of the most recognized on the planet His very name is synonymous with genius Yet for all the attention and countless biographies our images of Albert Einstein rarely go beyond the eccentric and larger than life scientist unraveling one cosmic mystery after another In this engaging popular biography Denis Brian draws on a wealth of new information recently opened to the public to bring us a broader more authentic portrait of Einstein than previously available The first full scale Einstein life published in 20 years it is also the first to integrate Einstein s genius with his private and public life to give us a complete impression of the real person We meet an Einstein with a gift for friendship a romantic with a roving eye for women We confront a man whose countless scientific triumphs were tempered by tragic ironies in his personal life We encounter Einstein the humanist who showed compassion for the children of others yet neglected his own sons We learn from his former assistants how they revered Einstein how he worked at his science and of his warm relationships with other physicists Based on information drawn from new access to the Einstein archives as well as exclusive interviews with colleagues and friends Einstein A Life reveals an endearing and sensitive man but one slightly detached from even those closest to him as if he inhabited his own world of lofty thoughts and cosmic dreams DENIS BRIAN West Palm Beach Florida is the author of The True Gen An Intimate Portrait of Hemingway by Those Who Knew Him and Genius Talk Conversations with Nobel Scientists and Other Luminaries

**Albert Einstein** United Library,2021-01-22 Albert Einstein was a German mathematician and physicist who developed the special and general theories of relativity In 1921 he won the Nobel Prize for physics for his explanation of the photoelectric effect In the following decade he immigrated to the U S after being targeted by the German Nazi Party His work also had a major impact on the development of atomic energy In his later years Einstein focused on unified field theory With his passion for inquiry Einstein is generally considered the most influential physicist of the 20th century Life is like riding a bicycle To keep your balance you must keep moving Albert Einstein This is the descriptive and concise biography of Albert Einstein

**Albert Einstein** ,1986 **Albert Einstein** Jack Steinberg,2015-12-16 Albert Einstein Life of a Genius When it comes to scientists that have made their mark in the world then none are perhaps more famous than Albert Einstein Students around the world are taught about his theories and equations with  $E=mc^2$  undoubtedly being the most famous However there was more to this man than simply being a genius or the original prototype of the mad professor Instead this was a man that was dedicated to not only his profession but also the concept of pacifism something that most people are unaware of Albert Einstein went from a late developing child to running away from school to almost failing university and instead turned himself into one of the greatest minds that the world has ever seen This is his story a story of how a child taught himself calculus and geometry and was then not afraid to challenge concepts of how the world worked that had been unchanged for centuries This was a man who stood up for what he believed in even when the world appeared to be against him The story of Albert Einstein is about more than just mathematical equations The story is about a man who beat the odds and became world famous in the unlikely world of physics and the

universe     **Einstein** Vedang Sati,2016-11-18 Albert Einstein is one of the most celebrated scientists of all time world renowned for his ideas about the universe Einstein became an icon equally as famous for his theories and thought experiments as his philosophy of life Today Einstein has become a synonym for the word genius and his journey from being an ordinary office clerk to becoming the most loved public figure is a proof that life is like a roller coaster ride     *Albert Einstein : The Genius Who Failed School - Biography Book Best Sellers | Children's Biography Books Baby Professor*,2017-07-15 Albert Einstein lived a very interesting life When he was young his teacher said that he would never be anything great because he was stupid We all know how wrong his teacher was because Einstein grew to formulate the most complex of all theories Einstein s story would tell us to never give up Read and learn from his biography today     Albert Einstein Adam Brown,2018-04-18 While his early childhood was unimpressive Einstein later earned the respect of the entire world and won the coveted Nobel Prize His name is the most revered in physics Even though he was a well respected genius Einstein mingled freely among ordinary folk just as easily as he did scholars and politicians And while Einstein had a great sense of humor he was also a bit reckless in the way he led his personal life To truly appreciate this brilliant scientist who at the age of 26 wrote the scholarly articles that fundamentally altered the foundation of physics it is first important to look at his background and the environment in which he grew up in Interestingly while Einstein s performance in math and physics was outstanding he was not the only one in his family with a brilliant mind His father also had an inclination towards mathematics and his sister earned a doctorate in literature This book provides a detailed account of Einstein s life that you do not want to miss     **Subtle is the Lord** Abraham Pais,2005-08-25 Subtle is the Lord is widely recognized as the definitive scientific biography of Albert Einstein The late Abraham Pais was a distinguished physicist turned historian who knew Einstein both professionally and personally in the last years of his life His biography combines a profound understanding of Einstein s work with personal recollections from their years of acquaintance illuminating the man through the development of his scientific thought Pais examines the formulation of Einstein s theories of relativity his work on Brownian motion and his response to quantum theory with authority and precision The profound transformation Einstein s ideas effected on the physics of the turn of the century is here laid out for the serious reader Pais also fills many gaps in what we know of Einstein s life his interest in philosophy his concern with Jewish destiny and his opinions of great figures from Newton to Freud This remarkable volume written by a physicist who mingled in Einstein s scientific circle forms a timeless and classic biography of the towering figure of twentieth century science     **Einstein** Walter Isaacson,2007-04-10 By the author of the acclaimed bestsellers Benjamin Franklin and Steve Jobs this is the definitive biography of Albert Einstein How did his mind work What made him a genius Isaacson s biography shows how his scientific imagination sprang from the rebellious nature of his personality His fascinating story is a testament to the connection between creativity and freedom Based on newly released personal letters of Einstein this book explores how an imaginative impertinent patent clerk a

struggling father in a difficult marriage who couldn't get a teaching job or a doctorate became the mind reader of the creator of the cosmos the locksmith of the mysteries of the atom and the universe His success came from questioning conventional wisdom and marveling at mysteries that struck others as mundane This led him to embrace a morality and politics based on respect for free minds free spirits and free individuals These traits are just as vital for this new century of globalization in which our success will depend on our creativity as they were for the beginning of the last century when Einstein helped usher in the modern age
