State commemorations of glorious historical events the book examines the relationship between the composers and the State This important volume therefore addresses theoretical issues long neglected by both musicologists and historians What is the relationship between art music and propaganda How did composers participate in musical life under the control of an authoritarian State What was specifically political in the works produced in these contexts How did audiences react to them Can we speak confidently about State music In this way *Composing for the State Music in Twentieth Century Dictatorships* is an essential contribution to our understanding of musical cultures of the twentieth century as well as the symbolic policies of dictatorial regimes
