factors which affected the printing industry as a whole during the first fifty years of its development The two central chapters are devoted respectively to the Latin and Greek editions themselves With respect to Latin editions which represent more than ninety percent of the whole comprehensive chronological listings provide details of the printing history of each of the more than seventy authors represented These are supplemented by a synoptic chart and by a running commentary in which the author identifies observable patterns and highlights the most distinctive features The relatively small number of editions of Greek authors allows the author to accord them individual treatment in which each is examined in the context of its printer's instinctive publishing programme This analysis is preceded by an account of the introduction of Greek studies into Italy where all fifteenth century editions of Greek authors were printed and by a review of the typographical challenges which faced the earliest printers of Greek texts The concluding chapter of the book takes up the controversial question of editorial quality The author examines what the process of editing involved and attempts to assign to the earliest printed Classical editions their appropriate place in the evolution of the authoritative text in light of both the claims which the earliest editors themselves made and the less enthusiastic judgement rendered by modern critics

Customised Books in Early Modern Europe and the Americas, 1400-1700 Christopher D. Fletcher, Walter S. Melion, 2023-12-28 Customised Books in Early Modern Europe and the Americas 1400-1700 examines the form function and meaning of alterations made by users

to the physical structure of their book through insertion or interpolation subtraction or deletion adjustments in the ordering of folios or quires amendments of image or text Although our primary interest is in printed books and print series bound like books we also consider selected manuscripts since meaningful alterations made to incunabula and early printed books often followed the patterns such changes took in late fourteenth and fifteenth century codices Throughout Customised Books the emphasis falls on the hermeneutic functions of the modifications made by makers and users to their manuscripts and books

Thomas More's Vocation Frank Mitjans, 2023-01-31 The book considers Thomas More's early life choices An early letter is cited by biographers but most miss More's reference to the market place More's great grandson Cresacre a Londoner understood it correctly and that gives reason to trust him on other aspects of More's youth This study is based on early testimonies those of Erasmus Roper Harpsfield Stapleton and Cresacre More as well as More's early writings the Pageant Verses and his additions omissions to the Life of Pico evidence drawn from authors he recommended like Hilton and Gerson and finally his epitaph Attention is given to his lectures on St Augustine's City of God and to St John Chrysostom It is argued More studied Chrysostom's Homilies on the Gospel of St Matthew i from a Greek manuscript Chrysostom in the introductory homily spoke of the city and the market place as the setting in which Christians practice the teaching of Christ More practiced law and taught it He was attracted to becoming a Christian humanist alongside Grocyn Colet Linacre and Lily With them he studied Greek the classics and Fathers of the Church Helped by them he became a man of prayer aware of the need to seek holiness in the midst of the world as a layman Faced with the dilemma of the humanist in choosing between the contemplative life of the philosopher and an active life of engagement with the world he deliberately chose the active life in service to society and the contemplative life of the Christian as a married man This awareness and choice is what is called vocation implying determination to persevere throughout life More saw his life as a pilgrimage towards heaven as described in the last chapter focusing on More's last work *De tristitia tedio pavore et oratione christi ante captionem eius*
