previous ESAWs and also given that the di cult challenges in the construction of arti cial societies are not yet fully addressed the fth ESAW workshop was organized in the same spirit as its predecessors In particular

ESAW2004 took place at the IRI T Laboratory of the Universit e Paul Sabatier Toulouse France at the end of October 2004 It was not located with any other scienti c event in the same way as ESAW 2003 ESAW 2004 remained committed to the use of the notion of MASs as the seeds for animated constructive and highly interdisciplinary discussions about technologies methodologies and tools for the engineering of complex distributed systems
