Aggression And Expiation:

Aggression and Expiation Richard Hughes, 1987 National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1987 **Modernization and Patriarchy in Italy** Mariolina Graziosi, 1990 *The Political Philosophy of Judith Butler* Birgit Schippers, 2014-04-03 Judith Butler can justifiably be described as one of the major critical thinkers of our time While she is best known for her interventions into feminist debates on gender sexuality and feminist politics her focus in recent years has broadened to encompass some of the most pertinent topics of interest to contemporary political philosophy Drawing on Butler s deconstructive reading of the key categories and concepts of political thought Birgit Schippers expounds and advocates her challenge to the conceptual binaries that pervade modern political discourse Using examples and case studies like the West s intervention in Iraq and Afghanistan and in relation to the Israeli Palestinian conflict Schippers demonstrates how Butler s philosophically informed engagement with pressing political issues of our time elucidates our understanding of topics such as immigration and multiculturalism sovereignty or the prospect for new forms of cohabitation and citizenship beyond and across national boundaries A detailed exposition and analysis of Butler s recent ideas championing her efforts at articulating the possibilities for radical politics and ethical life in an era of global interdependence this book makes an important contribution to the emerging field of international political philosophy Survivors, Victims, and Perpetrators Joel E. Dimsdale, 1980 First published in 1980 Routledge is an imprint of Taylor Francis an informal company **Nazi Conspiracy and Aggression ...** United States. Office of Chief of Counsel for the Prosecution of Axis Criminality, 1946 Folktales of the Jews, V. 3 (Tales from Arab Lands) Dan Ben Amos, 2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg s timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography

Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition **Atonement** Chris

Woodall,2015-01-27 Scripture s presentation of the gospel message is intrinsically disagreeable It does not initially soothe man or comfort him or reassure him in his path but violently opposes the anthropocentric conditioning of his mind which is universally bound in slavery to the sinful nature Where divine truth grapples with human deceit the natural instinct of conservation within man causes him to hide behind his misconception of self sufficiency self congratulatory achievement and pseudo religiosity in order to protect and preserve against the divine charge The Word of God and the mind of man are diametrically opposed and only the Spirit of God can unite them by imparting faith In much the same way God s holiness and man s unrighteousness can only be bridged by the central theme of this work the atonement of God s Son Jesus Christ

Samuel Richardson, Comedic Narrative and the Culture of Domestic Violence Christopher D. Johnson,2023-04-26 This book provides a comprehensive reading of Samuel Richardson s novels Using a combination of literary theory and criminology Christopher D Johnson demonstrates that Richardson not only understood the horrific dynamics of domestic violence but also recognized the degree to which his first novel Pamela or Virtue Rewarded 1740 could inadvertently normalize abusive relationships This recognition informed Richardson s subsequent novels and fueled his distrust of novelistic fiction especially those comedic works that depend on sudden transformations It also caused him to draw careful delineations between the practical instruction he hoped to provide and the ideals of his Christian faith particularly as they pertain to earthly suffering and self sacrifice The Richardson who emerges from the study becomes both a staunch defender of what he saw as a benevolent patriarchy and a fierce advocate for women s subjectivity happiness and safety *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Excavations and**

Wightman,2014-12-18 How did religion emerge and why What are the links between behavior environment and religiosity Diving millions of years into the past to a time when human ancestors began grappling with issues of safety worth identity loss power and meaning in complex and difficult environments Gregory J Wightman explores the significance of goal directed action and the rise of material culture for the advent of religiosity and ritual The book opens by tackling questions of cognitive evolution and group psychology and how these ideas can integrate with archaeological evidence such as stone tools shell beads and graves In turn it focuses on how human ancestors engaged with their environments how those engagements became routine and how eventually certain

routines took on a recognizably ritualistic flavor Wightman also critically examines the very real constraints on drawing inferences about prehistoric belief systems solely from limited material residues Nevertheless Wightman argues that symbolic objects are not merely illustrative of religion but also constitutive of it in the continual dance between brain and behavior between internal and external environments lie the seeds of ritual and religion Weaving together insights from archaeology anthropology cognitive and cultural neuroscience history and philosophy of religions and evolutionary social and developmental psychology Wightman provides an intricate evidence based understanding of religion s earliest origins **An Existentialist Theory of the Human Spirit (Volume 1)** Shlomo Giora Shoham,2020-07-22 This first volume examines how sexual mores and behavior religious dogma and practice and artistic creativity and authenticity have influenced and been influenced by the existentialist thought of Kierkegaard Heidegger Sartre Nietzsche Husserl and Buber and the writings of Camus Dostoevsky Beckett Kafka and Shestov It compares the author s personality theory with those of Freud Jung Fairbairn Karl Abraham and Melanie Klein and Buddhist Gnostic Christian and Muslim mysticism with Jewish Kabbalah It explains society s harsh treatment of Carlo Gesualdo Vincent van Gogh and Antonin Artaud and analyzes the existentialist approach to existence absurdity human dialogue and suicide It will appeal to students and professionals in fields as diverse as philosophy psychology sociology anthropology religion law music art drama literature and biology **Crimes of Violence** Donald J. Mulvihill,Melvin Marvin Tumin,1970 Victorian Fiction and the Insights of Sympathy Brigid Lowe,2007 This book explores the importance of sympathy as a central idea behind Victorian fiction and an animating principle of novel reading generally Sympathy Brigid Lowe argues deserves a much more important role as both a subject and a guiding principle for literary criticism
