## **Aging Concilium:**

**Ethics and the Elderly** Sarah M. Moses, 2015-05-22 In this study of gerontological ethics and long term care Moses offers a history of the ethics of caregiving an analysis of the present situation vis a vis contemporary society and Christian perspectives and models for future care that incorporate an ethical responsibility to care At this historical moment where an aging population advances in medical care and the rising costs of such care across the board have made ethics of health care a pressing national question Ethics and the Elderly offers timely and useful reflections for ethicists pastoral care givers and medical providers Academically sound and written at an accessible level it will be a valuable text for courses in medical ethics and Catholic moral theology and will also appeal to non academic audiences dealing with the growing field of eldercare Publisher

**A Summe of Christian Doctrine: composed in Latin. With an appendix of the Fall of Man&Justification, according to the doctrine of the Council of Trent. Newly translated into Englishe [by Henry Garnet]. To which is adioined the explication [by the translator]of certain questions not handled at large in the booke, etc** ,1622

A Biblical Theology of Gerassapience Joel A. A. Ajayi, 2010 Ancient cultures such as that of the Hebrews commonly associated wisdom with advanced years In A Biblical Theology of Gerassapience the author investigates the validity of this correlation through an eclectic approach including linguistic semantic tradition historical and socio anthropological methods to pertinent biblical and extra biblical texts There are significant variations in the estimation of gerassapience or old age wisdom in each period of ancient Israel s life that is in pre monarchical monarchical and post monarchical Israel Throughout this study appropriate cross cultural parallels are drawn from the cultures of ancient Israel s neighbors and of modern societies such as the West African Yoruba tribe The overall results are bi dimensional On the one hand there are semantic elements of gerassapience such as the elusiveness of wisdom and the mild fluidity of old age Both terms have strong contextual affinity with minimal exceptions Thus the attribution of wisdom to old age is evident but not absolute in the Hebrew Bible Old Testament On the other hand gerassapience is depicted as primarily didactic through direct and indirect instructions and counsels of the elderly fostering the saging fear of Yahweh legacies On the whole socio anthropocentric tendencies of gerassapience that is of making old age a repertoire of wisdom are checked by theological warrants of theosapience Yahwistic wisdom Therefore in the Hebrew Bible the fear of Yahweh is also the beginning of growing old and wise

*Reimagining The Moral Life* Choi, Ki Joo, Moses, Sarah M., Vincini, SJ, Andrea, 2020-09-16 This volume honors Lisa Cahill s 45 years of teaching Christian ethics at Boston College With contributions from most of the doctoral students she directed during her career it provides an interpretive overview of Cahill s specific contributions to Christian ethics

**Christian Faith for Handing On** Helen Oppenheimer, 2014-09-25 What is the truth about the universe and its inhabitants Helen Oppenheimer has carried out a balanced and rational inquiry into the existence of God to bring us closer to answering this question Here she uses her findings to construct and argue her case for a responsible Christian faith

rooted firmly in the facts Christian Faith for Handing On offers readers a progress report on the live possibility of faith in an era of human suffering that can at times seem to render it futile Theauthor deftly tackles difficult questions and deconstructs objections to Christianity to equip and reassure believers showing how they can learn from the sceptics in order to eschew comfortable complacency in favour of reason This engaging and thought provoking work will grip and challenge thinking Christians and atheist enquirers alike with its current and comprehensive apologia of Humanist Christian faith Oppenheimer's scholarly approach ensures that the book will also prove an invaluable resource for academics and students of theology and philosophy

A Summary of controversies [being a translation, by L. de San Martin, of the: Summa Doctrinae Christianae, etc.] ... The III. edition ,1639 Ignatian Spirituality in a Secular Age George Schner,2006-01-01 While the textual focus of this collection of essays is the Spiritual Exercise of Ignatius of Loyola the essays are much more than textual analyses they deal with the tradition and institutions associated with Ignatian spirituality with historical and philosophical perspectives on Ignatian spirituality with the contemporary search for spiritual life In addition the question of the relationship of the contemporary believer to past events is addressed as well as the question of the relationship between spirituality and ministry The strong and effective combination of historical and contemporary concerns as well as of textual and spiritual concerns results in a volume of importance to students of religious history and of spirituality The analysis of the Exercises and the discussion of spiritual direction will also be of great value to ministers and pastors and to all those pursuing spiritual life in a secular age *The Legacy and Limits of Vatican II in an Age of Crisis* Catherine E. Clifford,Kristin M.

Colberg,Massimo Faggioli,Edward P. Hahnenberg,2025-04-15 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today's church Packed with new insights from some of today's most highly regarded voices on the Second Vatican Council *The Legacy and Limits of Vatican II in an Age of Crisis* enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church's magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council's teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better

understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape

*Duties to Others* Courtney Campbell, B.A. Lustig, 2012-12-06 Despite reservoirs of moral discourse about duties in religious communities professional caregiving traditions and philosophical perspectives the dominant moral language in contemporary biomedical ethics is that of rights *Duties to Others* begins to correct this imbalance in our ethical language through theoretical expositions of the ideas of duty and of the other and by applied exemplifications of particular duties to identified others that arise in the context of health care A pronounced multidisciplinary orientation informs this analysis of our moral call to respond to the needs of others The essays in this volume offer a stimulating intellectual freshness through a continual engagement of theological professional and philosophical understandings of the duties that arise in our relationships with others in medicine nursing and social contexts *Duties to Others* provides provocative challenges about the terrain of our moral world for both students and professionals in biomedical ethics medicine philosophy and theology

**The Golden Age of Aragonese Jewry** Yom Tov Assis, 1997-07-01 The medieval Crown of Aragon reached the peak of its power and influence in the thirteenth century and Jews took an active part in this expansion In this detailed and meticulously researched study Yom Tov Assis deals with many important aspects of this period which was truly a Golden Age in the history of Aragonese and Catalan Jewry both in terms of their relationship with the Crown and of their own cultural achievements Professor Assis provides the most extensive treatment yet of Jewish self government in the Hispanic kingdoms and the mutual interdependence of the Jewish and Christian communities He describes institutions in very great detail and examines the acute social problems that arose in

the Jewish community and the dissent polemics and controversies that divided it He shows how the proximity of the country to France and Provence on the one hand and to Castile and Andalusia on the other made Catalan Jewry a point of contact between Ashkenazi and Sephardi Jewry demonstrating the effect this had on religious and cultural life and in particular the consequences of the growing influence in Spain of Franco German Jewry The book is based on a very wide variety of primary sources Jewish and non Jewish archival and halakhic material notarial and royal records in Latin Catalan Aragonese and Hebrew By drawing on these extensive sources the author has been able to create a comprehensive description of the social religious and administrative aspects of Jewish life that throws much light on the wider society and economy of that period under the Crown of Aragon The abundant detailed source notes make this an indispensable work of reference for all scholars of medieval Spanish history

Roman Elections in the Age of Cicero Rachel Feig Vishnia,2012-03-12 Great debate exists amongst classical historians on the nature of Roman republican government Some contend that the Roman Republic was governed by a small group of aristocratic families that entrenched their rule by means of long standing alliances and an intricate network of loyal clients from the lower echelons of society Others contest the definition of the republican government as oligarchic maintaining that the Roman elite did not operate in a political vacuum and that Polybius judgment which concedes a democratic element in the Roman constitution as embodied in the powers of the popular assemblies cannot be simply swept aside This debate has found its way into various scholarly works but until now no single volume has been dedicated specifically to elections and electioneering a sphere where the people according to these interpretations played a central if not a crucial role Roman Elections in the Age of Cicero provides new and intriguing insights into the nature of Roman republican government and the people s actual powers but also addresses questions relevant to elections in our own societies today

A Shamanic Pneumatology in a Mystical Age of Sacred Sustainability Jojo M. Fung,2017-07-17 This book represents a germinal effort that urges all religious and world leaders to savor the mystical spirituality especially the cosmology and spirituality of sacred sustainability of the indigenous peoples The power of indigenous spirit world is harnessed for the common good of the indigenous communities and the regenerative power of mother earth This everyday mysticism of the world as spirited and sacred serves to re enchant a world disillusioned by the unsustainability of destructive economic systems that have spawned the current ecological crises Author Jojo Fung offers insight from his lived experience and this book represents his effort to correlate the indigenous spirit world with Catholic Pneumatology and articulate the activity of God s Spirit as the Spirit of Sacred Sustainability

**The Cambridge Companion to the Age of Nero** Shadi Bartsch,Kirk Freudenburg,Cedric Littlewood,2017-11-09 A lively and accessible guide to the rich literary philosophical and artistic achievements of the notorious age of Nero

**The Patristic Text in the Confessional Age (16th-17th Centuries)** Jean-Louis Quantin,2024-12-16 This volume follows the paradoxical trajectory of patristic studies in early modern Europe from their full confessionalization in the mid sixteenth century to the emergence of fringe patristics within minority

groups in the early eighteenth century The appeal to the Fathers which was meant to buttress established orthodoxies powerfully contributed to their dissolution in the internal strifes of seventeenth century churches especially on grace and predestination An ample English introduction with rich notes surveys the flourishing field of patristic reception and advocates for a historical rather than theological or literary approach
