Aging, the Individual, and Society Georgia M. Barrow,1992-01-01 **Social Structure and Aging** K. Warner Schaie, Carmi Schooler,2013-05-13 This volume presents a systematic examination of the impact of social structures on individual behaviors and on their development in adulthood and old age These papers and responses attempt to improve the reciprocal relationship between changes in social macro and micro structures and the process of psychological development in relation to issues of human aging Using and combining concepts and data from various fields this research promotes a better understanding of the effects of demographic patterns and social structures on the psychological development of adults

Aging Individual and Society Im Rarey,1999-01-01 **Sociology of Aging and Death** Jason Powell,2022-11-25 This book presents a critical analysis and examination of the major theories and social issues in the social construction of aging and death It is concerned with the impact of death and places how our experiences of death are transformed by the roles that truth and discourse about aging play in everyday life A major element of the book is an examination of the way in which groups and individuals employ specific representations of mortality in order to construct meaning and purpose for life and death To accentuate this the book

provides an investigation into the social construction of death practices across time and space Special attention is given to the notion of death as a socially accomplished phenomenon grounded in a unique sociological introduction to the meaning of death throughout history to the present The purpose of this book is to critically inform debates concerning the abstract and empirical features of death examined through the lens of sociological perspectives This book explores the emergent biomedical dominance relating to ageing and death An alternative is advocated which re interprets ageing for Graduate schools This innovative book explores the concept history and theory of aging and its relationship to death Traditionally many books have focused on older people dying of natural causes a biomedical explanatory framework This book looks at alternative social theories and experiences with aging and relate to death in different countries victims crime imprisonment and institutional care Are these deaths avoidable If so what are the solutions the book addresses This is one of the first books that re interprets aging and its relationship of examples of death It will be of essential reading for graduate students and researchers in understanding these different examples of aging and death across the globe
