Prison Chaplains on the Beat in US and UK Prisons George Walters-Sleyon, PhD, 2021-08-10 This book is about prison chaplains and their care for aging dying and dead prisoners in the penal systems of the United States and the United Kingdom Since the 18th century prison chaplains have served as priests and pastoral caregivers to prisoners and prison staff The book traces the historical roles of prison chaplains in developing the managerial aspects of prisons focusing on their presence best practices and ways of conceptualizing their prison experiences in the modern prison cultures of the United States and the United Kingdom While prison chaplains have historically provided care to prisoners prison chaplaincy after 1970 has transformed This book shows how prison chaplains face new challenges in caring for prisoners under the penal policies and practices of mass incarceration Prison Chaplains on the Beat demonstrates how prison chaplains have conceptualized the practice of providing pastoral care to aging dying and dead prisoners in the United States and the United Kingdom through a person centered approach The book is both theoretical and empirical The empirical aspect focuses on the prison experiences of 31 prison chaplains from the United States and Scotland The theoretical aspect provides a conceptual understanding of the multi faceted roles of prison chaplains in the United States Scotland and England and Wales As a research in comparative criminal justice it argues that prison chaplains are fundamentally indispensable to prison management practices and managerial theories in the United States Scotland and England and Wales post 1970 Powerfully combines historical and empirical approaches to religion in prisons Brings new understanding of the pastoral and prophetic roles of prison chaplains and launches a searing ethical critique of mass incarceration The comparisons between the United States and Britain are instructive for current and future prison policy in both locations Dr David Grumett School of Divinity University of Edinburgh UK George Walters Sleyon s Prison Chaplains on the Beat offers a new perspective on the predicaments of contemporary penal politics and practices especially their racialized harms Chaplains are both observers of and participants in the contemporary prison scene and their perspective is a special but hitherto under reported one By reconsidering our carceral condition through this lens Walters Sleyon illuminatingly re states the moral and political challenges of mass incarceration Dr Richard Sparks School of Law University of Edinburgh UK

The Older Prisoner Diete Humble, 2021-01-23 This book critically explores the world of older prisoners to provide a more nuanced understanding of imprisonment at old age Through an ethnographical study of male and female older prisoners in two Belgian prison settings one in which older prisoners are integrated and one in which they are segregated it informs debates and seeks to recognise ageist discourse attitudes practices in prison The Older Prisoner seeks

to situate the older prisoner from both a penological and gerontological perspective organised around the following broad themes the construction of the older prisoner the physical prison world the social prison world surviving prison and giving meaning The book allows readers to navigate between contrasting perspectives and voices rather than reinforcing traditional narratives and prevailing discourses on the older prisoner In doing so it hopes to open up a broader dialogue on ageing and punishment It also offers insights into the concept of meaning in life as an analytical tool to study prisoners

United States Demographics - Part B, Ageing, Crime and Society Azrini Wahidin, Maureen Cain, 2013-05-13 The relationship between ageing and crime has been a much neglected issue the focus rather being on youth This books aims to redress this imbalance bringing together a group of leading authorities to address key issues on the subject of crime and ageing considering older people as both victims and perpetrators of crime and looking too at conditions faced by older prisoners The book draws upon both criminology and gerontology as well as sociology and social policy to help understand the complex relationship between ageing and the criminal justice system and argues that the needs of elders must be far more firmly on the penal policy agenda than is the case currently Ageing Crime and Society will be concerned with unsilencing a group who because of their age and status have been muted by the criminal justice system

Handbook on Prisons Yvonne Jewkes, 2012-08-21 This is the most comprehensive and ambitious book on prisons to have been published a key text for anybody studying the subject and an essential work of reference for practitioners working in prisons and other parts of the criminal justice system It is especially timely in view of the many changes and debates about the role of prisons and their future organisation and management as part of the National Offender Management Service A key aim of the book is to explore a wide range of historical and contemporary issues relating to prisons imprisonment and prison management and to chart likely future trends Chapters in the book are written by leading scholars in the field and reflect the range and depth of prison research and scholarship Like the Handbook of Policing and Handbook of Crime Prevention and Community Safety the Handbook on Prisons will be the essential book on the subject

Women Prisoners and Health Justice Diane C. Hatton, Anastasia A. Fisher, 2009 Incarceration severely affects the health and wellbeing of women both during their incarceration and following release further complicating the health disparities they already experience as a consequence of gender race and social class The scope of this international problem remains largely hidden from health professionals and policy makers This book brings the issues into the light with contributions from leading advocates criminologists feminists nurses physicians public health professionals social workers sociologists and former prisoners

Power and Pain in the Modern Prison Be Crewe, 2022 Aging, Society, and the Life Course Leslie A. Morgan, Suzanne R. Kunkel, 2011-03-15 Doody s Score 91 4 Stars This book s unfading preoccupation with social context social processes and social structures distinguishes itself and greatly contributes to the discourse in gerontology The Gerontologist This is a comprehensive textbook for both undergraduate and graduate level courses detailing the impact of societal forces on the aging process The

book focuses on the diversity of the older population examining it from micro macro perspectives in order to understand aging and the life course as social phenomena This latest edition examines significant changes in the field of social gerontology such as the paradigms of aging and the life course the baby boomer cohorts as they approach retirement and later life the growing interest in global aging and civic engagement This text encourages students to examine aging from personal familial community societal and global perspectives including both the positive and negative realities of aging Key Features Provides websites of interest at the end of each chapter Presents provocative essays on love sex music medicine and crime to further expand on chapter contents Provides review questions and key terms as study guides at the end of each chapter

Mass Incarceration in the 21st Century Addrain Conyers, Vanessa Lynn, Margaret Leigey, 2023-09-15 This reader presents a comprehensive review of the research on mass incarceration as it relates to causes impact and solutions Assembling contributions from leading experts in a variety of disciplines as well as the voices of directly impacted people the editors have created a diverse collection of chapters addressing prison punishment incarceration reentry and reintegration embedded in the context of the ever evolving discussion around ending mass incarceration The effects of the exponential prison growth in the United States over more than 50 years have been catastrophic resulting in disparities that especially plague the poor communities of color and women Mass incarceration is a culmination of policies and practices that benefit the privileged praxis and consequently disproportionately disenfranchise marginalized communities The ideology affects every stage of the criminal justice system from policing to release and this book meets the need to expand the examination beyond departments of corrections to explore the administration behind laws biased practices and an unforgiving societal stigma It deepens comprehension and engagement with concise and accessible readings that offer nuance and provoke thought The book is ideal as a primary or supplementary textbook for corrections prisons or penology courses as well as courses focused on law policy sociology social work and social justice It also will serve as a valuable reference book for any individual searching for knowledge on the past present and future of mass incarceration

The Forgotten Men Margaret E. Leigey, 2015-05-08 Today there are approximately fifty thousand prisoners in American prisons serving life without parole having been found guilty of crimes ranging from murder and rape to burglary carjacking and drug offences In The Forgotten Men criminologist Margaret E Leigey provides an insightful account of a group of aging inmates imprisoned for at least twenty years with virtually no chance of release These men make up one of the most marginalized segments of the contemporary U S prison population Considered too dangerous for rehabilitation ignored by prison administrators and overlooked by courts disinclined to review such sentences these prisoners grow increasingly cut off from family and the outside world Drawing on in depth interviews with twenty five such prisoners Leigey gives voice to these extremely marginalized inmates and offers a look at how they struggle to cope She reveals for instance that the men believe that permanent incarceration is as inhumane as capital punishment calling life without parole the hard death penalty Indeed after

serving two decades in prison some wished that they had received the death penalty instead Leigey also recounts the ways in which the prisoners attempt to construct meaningful lives inside the bleak environment where they will almost certainly live out their lives Every state in the union except Alaska has the life without parole sentencing option despite its controversial nature and its staggering cost to the taxpayer The Forgotten Men provides a much needed analysis of the policies behind life without parole sentencing arguing that such sentences are overused and lead to serious financial and ethical dilemmas

Aging, Society, and the Life Course, Fifth Edition Leslie A. Morgan, PhD, Suzanne Kunkel, 2015-07-20 Print CourseSmart

The Effects of Imprisonment Alison Liebling, Shadd Maruna, 2013-06-17 This book brings together a group of leading authorities in this field both academics and practitioners to address the complex issues that the increasing number of prisoners in the UK USA and elsewhere has raised It assess the implications and results of research in this field and suggests ways of mitigating the often devastating personal and psychological consequences of imprisonment Annual Review of

Gerontology and Geriatrics, Volume 28, 2008 Harvey L. Sterns, Marie A. Bernard, 2008-12-12 This volume addresses the extraordinary need to educate personnel at all levels in gerontology and geriatric medicine and in the design and delivery of health and social services The historical development of gerontology and geriatric medicine and education issues are carefully considered with recommendations for curriculum design The authors offer state of the art discussions on both gerontology and geriatrics with implications for future research The chapters written by seminal figures in the field address the critical need for well trained faculty and other professionals to educate new and existing faculty and other professionals educate researches to accelerate scientific knowledge provide courses for all students that address life span life cycle development and related materials provide discipline specific courses on aging and much more **Too Easy to Keep** Steve

Herbert, 2019-01-08 Some guys don't break any rules They do their jobs they go to school they don't commit any infractions they keep their cells clean and tidy and they follow the rules And usually those are our LWOPs life without parole They're usually our easiest keepers Too Easy to Keep directs much needed attention toward a neglected group of American prisoners the large and growing population of inmates serving life sentences Drawing on extensive interviews with lifers and with prison staff Too Easy to Keep charts the challenges that a life sentence poses both to the prisoners and to the staffers

charged with caring for them Surprisingly many lifers show remarkable resilience and craft lives of notable purpose Yet their eventual decline will pose challenges to the institutions that house them Rich in data Too Easy to Keep illustrates the harsh consequences of excessive sentences and demonstrates a keen need to reconsider punishment policy Gender, Prison and Reentry Experiences Silvia Gomes, Dixie Rocker, 2024-04-30 This book explores the unique reentry experiences of incarcerated men and women who are about to be released from prisons in Portugal By analysing gendered reentry experiences through the narratives of men and women Gender Prison and Reentry Experiences sheds light on current practices and strategies adopted in prisons regarding reentry and examines the structural institutional and personal barriers

that influence the reentry outcome Gender Prison and Reentry Experiences examines the narratives built around an individual's prison experiences their perception of the prison's impact on reentry and their expectations after release It reveals how men and women narrate and attribute meaning to their time in prison and how they navigate their prisoner and gendered identities In doing so this book demonstrates the importance of these identities in relation to recidivism and desistance while also questioning the role incarceration has in further criminalising and obstructing an individual's reentry process It puts forward recommendations that aim to improve the lives of all incarcerated individuals within the current system in addition to advocating for decarceration and prison abolition It presents a novel contribution to the internationalisation of knowledge across multiple disciplinary subfields namely critical reentry studies and feminist criminology filling a gap in the current knowledge as few studies focus on prison experiences as a core aspect of understanding the reentry process An accessible and compelling read this book will appeal to students and scholars of criminology sociology law desistance studies and those interested in gaining a unique insight into the experience of incarcerated individuals
