Sizonqoba! Outliving AIDS in Southern Africa Busani Ngcaweni, 2017-04-11 The aim of this book is to better understand the phenomenon of HIV in a country that has faced the fullest might of the disease and yet after first faltering has made more progress than any other country in the world in its response to HIV It aims to reflect the complexity of this narrative and the range of widely differing insights by featuring what is likely the largest number of contributors in a single publication on the subject in South Africa as well as a full spectrum of specialised areas ranging from high end science to personal reflections

China's Education Aid to Africa Wei Ye, 2023-05-31 China's rise as an aid provider in Africa has caught global attention with China's activity being viewed as the projection of soft power of a neo colonialist kind in an international relations context This book which focuses on China's education aid government

scholarships training Confucius Institutes dispatched teachers etc reveals a much more complicated picture It outlines how the divide between the Chinese Ministry of Commerce and the Ministry of Education hinders China's soft power projection how much of China's aid is bound up with an education for economic growth outlook mirroring China's own recent experiences of economic development and how China's aid prioritized to reflect the commercial sector's interests is out of step with most international development aid which is dominated by education agendas and the campaigns of international organizations and traditional donors this leaves China easily exposed to the charge of neo colonialism This situation also reveals insufficient knowledge production of China and in South South Cooperation Substantial production of Southern knowledge should recognize the international development cooperation architecture as an open system by which both traditional donors and Southern countries transform

Social Development in Social Work Richard Hugman, 2015-07-16 Social work has always been concerned with the development of society as the basis for achieving the well being of individuals families and communities Interest in this important aspect of social work is now seeing a resurgence not only in the developing countries of the global South but also in the global North This innovative book provides an introduction to the area Using concrete examples taken from practice around the world Social Development in Social Work address questions such as How should social development be understood as a core aspect of social work practice What is the significance of economics politics and the environment for a developmental approach in social work How may a comparative understanding of social welfare practices programs and policies enhance social development in social work In what ways does social development contribute to international and domestic social work What skills knowledge and theory do social workers need to practise in this field Arguing that social development should be at the centre of contemporary social work practice and theory this book is ideal for social work students and academics with an interest in social development international social work social justice social policy and community social work
