Thinking Politically about HIV Kent Buse,Dennis Altman,2016-04-08 AIDS has a unique political history As fears grew of a global pandemic on the scale of AIDS in sub Saharan Africa AIDS was briefly treated as an issue of high politics in the international arena and generated significant resources for country programmes That initial commitment is now declining and if AIDS is to maintain its visibility and contribution to global solidarity human rights and dignity its politics will have to evolve to reflect the profound geo political

economic and social transformations underway today This volume brings together leading scholars from a variety of disciplines who work at the intersection of politics and HIV They reflect on the lessons learned from the past thirty years of the politics of AIDS and how political science writ large can further contribute to the understanding and practice of political mobilization around AIDS Through case studies and analysis new insights into identity politics and social movements in countries as diverse as Brazil Switzerland Vietnam and Zambia are offered alongside new approaches to understanding the determinants and incentives which generate political will and commitment This book was published as a special issue of Contemporary Politics

Teaching and Learning About HIV Simon Blake, Paula Power, 2003-01-01 Teaching and Learning about HIV highlights the role that schools can play in providing education and support about HIV It provides teachers and others working in schools with a rationale for teaching about HIV including legislation and guidance guidance on ensuring effective policy development background information about HIV and AIDS and activities for use with children and young people from Key Stage 1 to 4 The activities in Teaching and Learning about HIV have been tried and tested and include those for young people with special educational need The resource also includes ideas for addressing HIV in different areas of the curriculum such as Circle Time and Citizenship

The Philosophy of Education Thomas Tate, 1885

Teaching Language Arts to English Language Learners Anete Vásquez, Angela L. Hansen, Philip C. Smith, 2013-03-12 This thoroughly revised and updated edition of Teaching Language Arts to English Language Learners provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom The authors offer proven techniques that teachers can readily use to teach reading writing grammar and vocabulary as well as speaking listening and viewing skills A complete section is also devoted to ways teachers can integrate all five strands of the language arts curriculum into a comprehensive unit of study with meaningful accommodations for ELLs An annotated list of web and print resources completes the volume making this a valuable reference for language arts teachers to meet the challenges of including all learners in effective instruction New features to this edition include An updated and streamlined Part 1 which provides an essential overview of ELL theory in a language arts specific context Additional practical examples of language arts exercises all of which are closely aligned with the Common Core State Standards New pedagogical elements in Part 3 including tips on harnessing new technologies discussion questions and reflection points Updates to the web and print resources in Part 4
