Air Support For Pattons Third Army:

Air Power for Patton's Army David N. Spires, 2002 Presents a case study of one air ground team's experience with the theory and practice of tactical air power employed during the climactic World War 2 campaigns against the forces of Nazi Germany *Air Support for Patton's Third Army* John J. Sullivan, 2003-04-14 As the United States Third Army's tanks moved through Avranches no one not even the Third Army's commander Lieutenant General George S Patton could have foreseen that it was the start of one of the most successful offensives of World War II an offensive that received a great deal of help from the air As Patton later wrote to the chief of the Army Air Forces For about 250 miles I have seen the calling cards of the fighter bombers which are bullet marks in the pavement and burned tanks and trucks in the ditches This book covers the units in the Ninth Air Force which gave close air support to the Third Army and the Third Army's campaign in France from August to November 1944 with special emphasis on how support from the air helped the Third Army continue pushing toward the German border The difficult logistics of the operation are discussed in detail Both the Ninth Air Force and the Third Army were hurt by a lack of materiel especially gasoline and this affected the offensive *The Ghost in General Patton's Third Army* Eugene G. Schulz, 2012 Eugene G Schulz was born on a farm in Clintonville Wisconsin in 1923 He graduated from high school in May 1941 and worked on his father's farm and at a truck manufacturing plant until he was drafted into the army in January 1943 Schulz received his basic training at Camp Young California at the Desert Training Center and later at Camp Campbell Kentucky He was assigned to the IV Armored Corps later named the XX Corps where he was a typist in the G 3 Section His duties included the typing of battle orders developed by Colonel W B Griffith the G 3 of XX Corps Headquarters The XX Corps sailed to England in February 1944 on the Queen Mary with 16 000 soldiers on board completing the voyage in five days After final training in England the XX Corps landed on Utah Beach in Normandy on D 46 His unit was attached to General Patton's Third Army and spearheaded the drive across France through Germany and into Austria where they met the Russian Army on V E Day Schulz was awarded the Bronze Star medal when the war ended He served in the Army of Occupation in Germany then returned to the States and was discharged on December 1 1945 He enrolled at the University of Wisconsin Madison taking advantage of the GI Bill of Rights and earning Bachelor's and Master's degrees in Business Administration Schulz met his wife Eleanore at the University and they were married in 1949 Schulz worked as an investment research officer at the Northwestern Mutual Life Insurance Company in Milwaukee for 36 years The Schulz's have been retired since 1988 and continue to live in Milwaukee They are world travelers They have five sons all married and sixteen grandchildren **Air Power For Patton's Army: The XIX Tactical Air Command In The Second World War [Illustrated Edition]** David N. Spires, 2014-08-15 Illustrated with 3 charts 28 maps and 88 photos This insightful work by David N Spires holds many lessons in tactical air ground operations Despite peacetime rivalries in the drafting of service doctrine in World War II the immense pressures of wartime drove army and air commanders to cooperate

in the effective prosecution of battlefield operations In northwest Europe during the war the combination of the U S Third Army commanded by Lt Gen George S Patton and the XIX Tactical Air Command led by Brig Gen Otto P Weyland proved to be the most effective allied air ground team of World War II The great success of Patton s drive across France ultimately crossing the Rhine and then racing across southern Germany owed a great deal to Weyland s airmen of the XIX Tactical Air Command This deft cooperation paved the way for allied victory in Western Europe and today remains a classic example of air ground effectiveness It forever highlighted the importance of air ground commanders working closely together on the battlefield **Military Review** ,2005 **Operation Cobra and the Great Offensive** Bill Yenne,2010-06-15 THE

BEGINNINGS OF VICTORY Shortly after the D Day invasion the Allied forces in Europe had stalled A limited operation was set in motion to punch a small hole in the enemy defenses starting on July 25 1944 It was called Operation Cobra and it would become one of the greatest offensives in all of military history In the sixty days following the launch of the operation the Allies commanded by Dwight Eisenhower and led by men such as the irascible General George Patton and General Omar Bradley attacked the enemy relentlessly And what began as a desperate attempt to break a stalemate turned into an unstoppable armored juggernaut that swept the Germans out of virtually all of France Belgium and Luxembourg Here is a penetrating account of that incredible feat of military skill bravery and daring that changed the course of the war and signaled the end of Germany s domination of Europe **Through Mobility We Conquer** George F. Hofmann,2006-07-03

The U S Cavalry which began in the nineteenth century as little more than a mounted reconnaissance and harrying force underwent intense growing pains with the rapid technological developments of the twentieth century From its tentative beginnings during World War I the eventual conversion of the traditional horse cavalry to a mechanized branch is arguably one of the greatest military transformations in history Through Mobility We Conquer recounts the evolution and development of the U S Army s modern mechanized cavalry and the doctrine necessary to use it effectively The book also explores the debates over how best to use cavalry and how these discussions evolved during the first half of the century During World War I the first cavalry theorist proposed combining arms coordination with a mechanized force as an answer to the stalemate on the Western Front Hofmann brings the story through the next fifty years when a new breed of cavalrymen became cold war warriors as the U S Constabulary was established as an occupation security police force Having reviewed thousands of official records and manuals military journals personal papers memoirs and oral histories many of which were only recently declassified George F Hofmann now presents a detailed study of the doctrine equipment structure organization tactics and strategy of U S mechanized cavalry during the changing international dynamics of the first half of the twentieth century Illustrated with dozens of photographs maps and charts Through Mobility We Conquer examines how technology revolutionized U S forces in the twentieth century and demonstrates how perhaps no other branch of the military underwent greater changes during this time than the cavalry **Patton's War** Kevin M. Hymel,2023-04-07 Winner of the 2023 Army

Historical Foundation Distinguished Writing Award for Biography This second of three volumes of Patton's War picks up where the first one left off examining General George S Patton's leadership of the U S Third Army The book follows Patton's contributions to both the Normandy and Brittany campaigns the closing of the Falaise Pocket in Normandy and racing to the port cities in Brittany It ends with Patton and his corps rescuing the besieged town of Bastogne in the Battle of the Bulge As he did in the preceding volume Hymel relies not only on Patton's diaries and letters but countless veteran interviews surveys and memoirs He also provides a unique insight missed by previous Patton scholars Instead of using Patton's transcribed diaries which were heavily edited and embellished he consults Patton's original hand written diaries to uncover previously unknown information about the general This second volume of Hymel's groundbreaking work shows Patton at the height of his generalship successfully leading his army without the mistakes and caustic behavior that almost got him sent home earlier even if we also see a Patton still guided at times by racism and antisemitism *Military Aviation* Fouad Sabry,2024-06-21

Jones,2024-10-19

General George S Patton's legendary image was carefully crafted during World War II and continues to shape our understanding of American history and culture today Historian Nathan C Jones explores the creation of the Patton legend and its enduring legacy in *Patton's Shadow* Flying Through Time Jim Doyle,2005-12-31 Imagine what it would be like to talk and fly with the men who flew the airplanes of World War II What was in their minds as they made their first solos And what was air combat like *Flying Through Time* is the closest many of us will come to understanding what it was like to be a WWII aviator Tens of thousands of America's OCOs pilots during World War II trained in the Boeing Stearman biplane For most it was their first airplane in a series of larger faster and more dangerous aircraft that they used to fight the war The pilots would never forget their first flights in a Stearman and the adventures that followed Jim Doyle owner of a restored 1941 Stearman retraced the wartime journeys of his plane crossing the country twice flying over California Arizona New Mexico Texas Louisiana Mississippi Alabama Florida Georgia South

Carolina Tennessee and Arkansas and touching down at each of the eight bases at which it served Flying Through Time is the story of DoyleOCO's challenging flight and of the uncertainties of piloting a sixty year old biplane almost 8 000 miles His experiences meeting talking and flying with the men who flew the legendary Stearman paint a vivid picture of the intense emotion filled days of World War II The pilotsOCO's recollections refreshed for many when they took the controls of DoyleOCO's plane are woven throughout the narrative of his trip These anecdotes and new information from an archive discovered during the flight tell of fears courage humor and the sheer adventure of the events that owned the veteransOCO's youth This is seat of the pants flying at its most thrilling recalling a time when ordinary young Americans were called upon to be heroes

Advance and Destroy John Nelson Rickard,2011-10-28 In the winter of 1944 1945 Hitler sought to divide Allied forces in the heavily forested Ardennes region of Luxembourg and Belgium He deployed more than 400 000 troops in one of the last major German offensives of the war which became known as the Battle of the Bulge in a desperate attempt to regain the strategic initiative in the West Hitler's effort failed for a variety of reasons but many historians assert that Lieutenant General George S Patton Jr's Third Army was ultimately responsible for securing Allied victory Although Patton has assumed a larger than life reputation for his leadership in the years since World War II scholars have paid little attention to his generalship in the Ardennes following the relief of Bastogne In Advance and Destroy Captain John Nelson Rickard explores the commander's operational performance during the entire Ardennes campaign through his estimate of the situation the U S Army's doctrinal approach to problem solving Patton's day by day situational understanding of the Battle of the Bulge as revealed through ULTRA intelligence and the influence of the other Allied generals on his decision making gives readers an in depth critical analysis of Patton's overall effectiveness measured in terms of mission accomplishment his ability to gain and hold ground and a cost benefit analysis of his operations relative to the lives of his soldiers The work not only debunks myths about one of America's most controversial generals but provides new insights into his renowned military skill and colorful personality

The Paths Of Heaven: The Evolution Of Airpower Theory: The School Of Advanced Airpower Studies Philip S. Meilinger,2000 Air University Review ,1985-03 Forward with Patton Robert S. Allen,2017-08-25 The WWII diary of a US soldier and Soviet spy who worked closely with General Patton is presented in this fully annotated edition Robert S Allen is one of the more controversial figures of the Second World War After serving in France during World War I he left the military to start a career as a syndicated columnist eventually becoming the Washington DC bureau chief for the Christian Science Monitor In that time he also developed a sideline as a paid informant for the KGB When American entered World War II Allen rejoined the army to serve as General Patton's chief of situation and executive officer for operations He was considered such an authority on Patton after the war that Twentieth Century Fox asked him to develop a film script about the general In Forward with Patton John Nelson Rickard presents a complete annotated edition of Colonel Allen's World War II diary for 1944 1945 The entries reflect Allen's private thoughts on the Third Army and provide an

invaluable perspective on Patton whom Allen deeply admired *Armor* ,2011 **Military History Readings Pamphlet**
