God of Becoming and Relationship Rabbi Bradley Shavit Artson, DHL, 2013 You no longer have to choose between what you know and what you believe an accessible introduction to a theological game changer I wrote this book for you if you want to be able to locate your life in a single encompassing story one that includes everything from the first moment the universe began until yesterday a narrative that embraces deepest personal meaning a yearning to love and be loved a quest for social justice and compassion from the Introduction Much of what you were told you should believe when you were younger forces you to choose between your spirit and your intellect between science and religion between morality and dogma unchanging laws of nature vs miracles that sound magical a good God vs the tragedies that strike all living creatures a God who knows the future absolutely vs an open future that you help to shape through your choices This fascinating introduction to Process Theology from a Jewish perspective shows that these are false choices Inspiring speaker spiritual leader and philosopher Rabbi Bradley Shavit Artson presents an overview of what Process Theology is and what it

can mean for your spiritual life He explains how Process Theology can break you free from the strictures of ancient Greek and medieval European philosophy allowing you to see all creation not as this or that us or them but as related patterns of energy through which we connect to everything Armed with Process insights and tools you can break free from outdated religious dichotomies and affirm that your religiosity your spirit your mind and your ethics all strengthen and refine each other

A Partner in Holiness Rabbi Jonathan P. Slater, DMin, 2014-07-17 Find inspiration for a satisfying spiritual life of practice through the combination of contemporary mindfulness meditation and classical Hasidic spirituality The soul yearns to feel connected to something greater and to know happiness despite personal suffering and seemingly endless need Surprisingly the perspectives of the late eighteenth and nineteenth century Hasidic spiritual teachers offer a radically different Jewish theology that speaks directly to today's spiritual seekers whose faith has been shattered by both modernity and the Holocaust These masters taught of interdependence interconnectedness selflessness service and joy anticipating the insights of contemporary science and twenty first century spirituality Bringing together the teachings of beloved Hasidic master Rabbi Levi Yitzhak of Berdichev 1740 1809 and the practice of mindfulness meditation Rabbi Jonathan P Slater reveals a new entrance into Jewish spiritual life Covering the Five Books of Moses these two volumes present accessible translations of selections from Kedushat Levi R Levi Yitzhak's Hasidic Torah commentary which emphasizes our spiritual capacity to transform consciousness and so our life experience The selections are paired with Rabbi Slater's commentaries to illuminate their message The lessons in Kedushat Levi were not originally intended as intellectual curiosities or as demonstrations of R Levi Yitzhak's brilliance They were meant to inspire religious passion and deeper spiritual practice I believe that these teachings will come to life in us when we bring them into our lives in practice from the Introduction

The Posen Library of Jewish Culture and Civilization, Volume 7 Israel Bartal, Kenneth B. Moss, 2024-01-05 Volume 7 of the Posen Library captures unprecedented transformations of Jewish culture amid mass migration global capitalism nationalism revolution and the birth of the secular self Between 1880 and 1918 traditions and regimes collapsed around the world migration and imperialism remade the lives of millions

nationalism and secularization transformed selves and collectives utopias beckoned and new kinds of social conflict threatened as never before Few communities experienced the pressures and possibilities of the era more profoundly than the world's Jews This volume seventh in The Posen Library of Jewish Culture and Civilization recaptures the vibrant Jewish cultural creativity political striving social experimentation and fractious religious and secular thought that burst forth in the face of these challenges Editors Israel Bartal and Kenneth B Moss capture the full range of Jewish expression in a centrifugal age from mystical visions to unabashedly antitraditional Jewish political thought from cookbooks to literary criticism from modernist poetry to vaudeville They also highlight the most remarkable dimension of the 1880-1918 era an audacious effort by newly secular Jews to replace Judaism itself with a new kind of Jewish culture centering on this worldly aesthetic creativity by a posited Jewish nation and the secular modern and free individuals who composed it This volume is an essential starting point for anyone who wishes to understand the divided Jewish present
