The Art of Bassoon Playing William Spencer, Frederick Mueller, 1969 Fine bassoon teachers are a rarity in all but cities with major symphony orchestras and or a university with a distinguished music department faculty William Spencer took up the challenge of providing material for the serious bassoonist with *The Art of Bassoon Playing* published in 1958 With William Spencer's approval Frederick Mueller took on the task of bringing to notice recent changes in bassoon playing pedagogy and manufacture resulting in revised edition of *The Art of Bassoon Playing*

The Bassoon James B. Kopp, 2012-01-01 This welcome volume encompasses the entire history of the bassoon from its origins five centuries ago to its place in twenty first century music James Kopp draws on new archival research and many years experience playing the instrument to provide an up to date and lively portrait of today's bassoon and its intriguing predecessors He discusses the bassoon's makers its players its repertory its myths and its audiences all in unprecedented detail The bassoon was invented in Italy in response to the need for a bass register double reed woodwind suitable for processions and marching Composers were quick to exploit its agility and unique timbre Later during the reign of Louis XIV the instrument underwent a major redesign giving voice to its tenor register In the early 1800s new scientific precepts propelled a wave of invention and design modifications In the twentieth century the multiplicity of competing bassoon designs narrowed to a German or Heckel type and a French type the latter now nearly extinct The author examines the acoustical consequences of these various redesigns He also offers new coverage of the bassoon's social history including its roles in the military and church and its global use during the European Colonial period Separate historical chapters devoted to contrabassoons and smaller bassoons complete the volume Publisher description

Bassoon Reed Making Christin Schillinger, 2015-12-14 Withheld by leading pedagogues in an effort to control competition the art of reed making in the early 20th century has been shrouded in secrecy producing a generation of performers without reed making fluency While tenets of past decades remain in modern pedagogy Christin Schillinger details the historical pedagogical trends of bassoon reed making to examine the impact different methods have had on the practice of reed making and performance today Schillinger traces the pedagogy of reed making from the earliest known publication addressing bassoon pedagogy in 1687 through the publication of Julius Weissenborn's *Praktische Fagott Schule* and concludes with an in depth look at contemporary methodologies developed by Louis Skinner Don Christlieb Norman Herzberg and Lewis Hugh Cooper Aimed at practitioners and pedagogues of the bassoon this book provides a deeper understanding of the history and technique surrounding reed making craft and instruction
