Conservative Crack Up:

The Conservative Crack-up R. Emmett Tyrrell, 1992 America's most irreverent conservative takes a hard look at where conservatism is coming from and why it's coming apart Tyrrell is the founder and editor in chief of *The American Spectator* a nationally syndicated columnist and the author of several books on American politics 20 000 **Creating Conservatism** Michael J. Lee, 2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution *The Road to Serfdom* Ideas Have Consequences *Witness The Conservative Mind* *God and Man at Yale* *The Conscience of a Conservative* and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars *Creating Conservatism* generates original insights about the struggle over what it means to think and speak conservatively in America

The Conservative Heartland Jon K. Lauck, Catherine McNicol Stock, 2020-04-17 In the wake of the 2016 presidential election there was widespread shock that the Midwest the Democrats so called blue wall had been so effectively breached by Donald Trump But the blue wall as *The Conservative Heartland* makes clear was never quite as secure as so many observers assumed A deep look at the Midwest's history of conservative politics this timely volume reveals how conservative victories in state houses legislatures and national elections in the early twenty first century far from coming out of nowhere in fact had extensive roots across decades of political organization in the region Focusing on nine states from Iowa and the Dakotas to Indiana and Ohio the essays in this collection detail the rise of midwestern conservatism after World War II a trend that coincided with the transformation of the prewar Republican Party into the New Right This transformation the authors contend involved the Midwest and the Sunbelt states Through the lenses of race class gender and sexuality their essays explore the development of midwestern conservative politics in light of deindustrialization environmentalism second wave feminism mass incarceration privatization and debates over same sex marriage and abortion among other issues Together these essays map the region's complex patchwork of viable rural and urban areas variously subject to a wide array of conflicting interests and concerns the perspective they provide at once broad and in depth offers unique historical insight into the Midwest's political complexity and its status as the last real competitive battleground in presidential elections

Crackup Samuel L. Popkin, 2021 Samuel L Popkin applies his extensive experience with presidents and presidential

campaigns to provide a lively extensively researched story of the contemporary Republican Party He shows how reforms intended to take corporate money out of political parties ended up crippling party leadership rendering them unable to cope with a new political landscape In their stead the machinations of billionaires pursuing pet issues and purity for profit activists thrived As Popkin lays bare party rebels such as Ted Cruz exploited these forces to block immigration and healthcare reform opening the door for Trump s election

Radical Conservatism Robert Brent Toplin,2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

Ideals and Ideologies Terence Ball,Richard Dagger,Daniel I. O'Neill,2016-01-08 *Ideals and Ideologies A Reader* 9 e is a comprehensive compilation of original readings representing all of the major isms It offers students a generous sampling of key thinkers in different ideological traditions and places them in their historical and political contexts Used on its own or with *Political Ideologies and the Democratic Ideal* the title accounts for the different ways people use ideology and conveys the ongoing importance of ideas in politics

A Companion to 20th-Century America Stephen J. Whitfield,2008-04-15 *A Companion to 20th Century America* is an authoritative survey of the most important topics and themes of twentieth century American history and historiography Contains 29 original essays by leading scholars each assessing the past and current state of American scholarship Includes thematic essays covering topics such as religion ethnicity conservatism foreign policy and the media as well as essays covering major time periods Identifies and discusses the most influential literature in the field and suggests new avenues of research as the century has drawn to a close

The Conservative Century Gregory L. Schneider,2009-11-16 This concise history focuses on the development of American conservatism in the twentieth century up to the present Gregory L. Schneider traces the course of a once reactionary movement opposed to progressive reform and the New Deal and describes how it came to advance alternative policies and programs that revolutionized the shaping of domestic politics foreign policy and economic policy Along the way he profiles such influential thinkers as William F. Buckley, Frank Meyer, Henry Regnery and Barry Goldwater He also details how the decline of liberalism after the 1960s helped conservatives gain political power and how their energized activism and organization culminated in the election of Ronald Reagan in 1980 Schneider also describes how the years since the Reagan Revolution have been decidedly mixed for American conservatives

God is a Conservative Kenneth J. Heineman,1998-08 Surveying the past 30 years historian Kenneth Heineman offers a revealing look at the expanding role of the conservative movement in American politics and society Heineman ultimately questions whether moral politics are a diversion from our most pressing problems or a cure for what ails the nation

The Conservatives Patrick Allitt,2009-05-26 This lively book traces the development of American conservatism from Alexander Hamilton John Adams and Daniel Webster through Abraham Lincoln Teddy Roosevelt and

Herbert Hoover to William F Buckley Jr Ronald Reagan and William Kristol Conservatism has assumed a variety of forms historian Patrick Allitt argues because it has been chiefly reactive responding to perceived threats and challenges at different moments in the nation s history While few Americans described themselves as conservatives before the 1930s certain groups beginning with the Federalists in the 1790s can reasonably be thought of in that way The book discusses changing ideas about what ought to be conserved and why Conservatives sometimes favored but at other times opposed a strong central government sometimes criticized free market capitalism but at other times supported it Some denigrated democracy while others championed it Core elements however have connected thinkers in a specifically American conservative tradition in particular a skepticism about human equality and fears for the survival of civilization Allitt brings the story of that tradition to the end of the twentieth century examining how conservatives rose to dominance during the Cold War Throughout the book he offers original insights into the connections between the development of conservatism and the larger history of the nation

Commentary In American Life Murray Friedman,2005 Founded by the American Jewish Committee in 1945 as a monthly journal of significant thought and opinion Jewish affairs and contemporary issues Commentary magazine has through the years had a far reaching impact on American politics and culture Commentary in American Life traces this influence over time especially in creating the neoconservative movement The authors of each chapter also consider the ways the magazine shaped and reflected major cultural and literary trends in the United States The end result offers a full accounting of one of the most important journals of American political thought providing insight into the development of American collective politics and culture over the last six decades

The Death of Liberalism R. Emmett Tyrrell,2012-05-07 The grave is dug the headstone carved the hearse idling out front A once potent political and cultural scourge of our time Liberalism is breathing its last and loudest breaths In this provocative postmortem R Emmett Tyrrell Jr traces the dubious rise and inevitable fall of the deeply flawed Liberal Progressive movement which has culminated in the nation s first stealth socialist President Barack Obama the unwitting pallbearer for American Liberalism While exposing this nonsensical worldview Tyrrell also winsomely reaffirms the timeless values Liberalism has endeavored to undermine free enterprise personal liberty limited government empiricism reason and common sense Ultimately Tyrrell welcomes conservatives moderates independents and the heretofore apolitical to step forward at this crucial juncture and take the final steps necessary to administer Liberalism s last rites From Harry Truman to Ed Koch to McGovern Liberalism has been in decline With Obama Liberalism is dead Now comes Crony Capitalism This is a hilarious and profound book especially because Tyrrell sees the value of Fox News nd Talk Radio Sean Hannity author of Conservative Victory and radio host of The Sean Hannity Show and Fox News Channel s Hannity R Emmett Tyrrell chronicles with growing joyfulness the high points of Liberalism s demise until we get to 2010 and Liberalism s lurch into the grave A wonderful read and a fitting send off to a very dreary ideology Mark Levin host of The Mark Levin Radio Show and author of the bestsellers Liberty and Tyranny and Ameritopia

The Death of Liberalism is a dashing sharp well argued and succinct tract for the times Mr Tyrrell is a controversialist of stature a polemicist of robust energy and a man who knows how to present his case with power and precision Paul Johnson author of Modern Times Intellectuals and A History of the American People With a Happy Eye, But... George F. Will,2003-09-02 In his seventh collection Will examines more than five years of his observations on politics the economy justice international relations and not least the death of Princess Diana a brilliantly diverse collection from an extraordinarily diverting mind

The Rise and Fall of Modern American Conservatism David Farber,2012-08-26 The story of modern conservatism through the lives of six leading figures The Rise and Fall of Modern American Conservatism tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama Farber paints vivid portraits of Robert Taft William F Buckley Jr Barry Goldwater Phyllis Schlafly Ronald Reagan and George W Bush He shows how these outspoken charismatic and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order national security and economic liberty Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft s opposition to the New Deal to Buckley s founding of the National Review as the intellectual standard bearer of modern conservatism from Goldwater s crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly s rejection of feminism in favor of traditional gender roles and family values and from Reagan s city upon a hill to conservatism s downfall with Bush s ambitious presidency The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority downplaying economic inequality relishing bellicosity and embracing nationalism This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority Some images inside the book are unavailable due to digital copyright restrictions

Postwar America James Ciment,2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history Postwar America An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies

The Conservative Revolution Lee Edwards, 1999-07-23 The triumph of the conservative movement in reshaping American politics is one of the great untold stories of the past fifty years At the end of World War II hardly anyone in public life would admit to being a conservative but as Lee Edwards shows in this magisterial work in the 1950s 1960s and 1970s a small group of committed men and women began to chip away at the liberal colossus and their descendants would scale the ramparts of power in the 1980s and 1990s Not even the fall of Newt Gingrich has changed the indisputable fact that the movement has truly rewritten the rules of American political life and the republic will never be the same Edwards tells the stories of how conservatives built a movement from the ground up by starting magazines by building grass roots organizations and by seizing control of the Republican party from those who espoused collaboration with the liberals and promised only to manage the welfare state more efficiently and not to dismantle it But most of all he tells the story of four men four leaders who put their personal stamp on this movement and helped to turn it into the most important political force in our country today Robert Taft Mr Republican the beacon of conservative principle during the lean Roosevelt and Truman years Barry Goldwater Mr Conservative the flinty Westerner who inspired a new generation Ronald Reagan Mr President the optimist whose core beliefs were sturdy enough to subdue an evil empire Newt Gingrich Mr Speaker the fiery visionary who won a Congress but lost control of it By their example and vision these men brought intellectual and ideological stability to an often fractious conservative movement and held the high ground against the pragmatists who would compromise conservative principles for transitory political advantage And through their efforts and those of their supporters they transformed the American political landscape so thoroughly that a Democratic president would one day proclaim The era of big government is over Political history in the grand style The Conservative Revolution is the definitive book on a conservative movement that not only has left its mark on our century but is poised to shape the century about to dawn **The Other Side of the Sixties** John A.

Andrew, 1997 Contains primary source documents California Crackup Joe Mathews, Mark Paul, 2010 California Crackup is brilliant It cuts through the familiar tangle of diagnoses and quick fix solutions to provide a comprehensive and persuasive analysis of California's dysfunctional governmental system Paul and Mathews have coolly laid out a complicated story made it readable sometimes even comedic It is the best discussion of the issue I've seen in over three decades Peter Schrag author of California America's High Stakes Experiment I know of no other work that combines so succinctly and enjoyably a historical summary of California's existing problems with such a sweeping and provocative program of reform Ethan Rarick University of California Berkeley Mark Paul and Joe Mathews have produced an indispensable guide to California's crisis of governance and they have done so with humor scholarship fairness and storytelling verve Every Californian should read this book Steve Coll Pulitzer Prize winning author of Ghost Wars Mark Paul has a talent for presenting California Big Think stuff in an easily accessible and always readable way offering clear and creative insights on the subject of California's collapse CalBuzz Joe

Mathews has done an artful fascinating and convincing job of connecting the California of today's Schwarzenegger era to the long history that made his rise possible James Fallows The Atlantic Monthly on Mathews book The People's Machine **The Political Junkie Handbook** Michael Crane, 2004 This easy to use book is designed to inform the American public about the political system that influences much of their lives **The Conservative Intellectual Movement in America Since 1945** George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born

Conservative Crack Up Introduction

In today's digital age, the availability of Conservative Crack Up books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Conservative Crack Up books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Conservative Crack Up books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Conservative Crack Up versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Conservative Crack Up books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Conservative Crack Up books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Conservative Crack Up books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Conservative Crack Up books and manuals for download have transformed the way we access information. They provide a

cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Conservative Crack Up books and manuals for download and embark on your journey of knowledge?
