Cost-benefit Analysis of the Onchocerciasis Control Program (OCP) Ae-hy?ng Kim,Bruce Benton,1995-01-01 Annotation World Bank Technical Paper No 282 This volume presents a cost benefit analysis of the Onchocerciasis Riverblindness Control Program OCP by examining its costs and the measurable economic benefits gained from the successful control of the disease Widely recognized as one of the most successful disease control programs in the history of development assistance the OCP projects the elimination of riverblindness throughout an eleven country subregion of West Africa within the next eight years This program which began

in the early 1970s was the World Bank's first major venture into the health field. The Bank asked a large donor community of more than 20 governments and international organizations to make a long term commitment of more than US 500 million to implement the OCP. This paper documents the benefits in economic terms from the large investment and shows that large scale well conceived health interventions are clearly the business of development. The program improves the health and living environment of the rural population and frees previously oncho ridden tracts of land for settlement and cultivation.

International River Basin Organizations in Sub-Saharan Africa, 1994-01-01 World Bank Technical Paper 250
Assesses the successes and shortcomings of river basin organizations in order to help international organizations improve the management of shared water resources in the region. On the African continent where *Creating Capital Markets in Central and Eastern Europe* Gerhard Pohl, Grzegorz J?drzejczak, Robert Edward Anderson, 1995-01-01 Addresses the challenge Hungary faces in overcoming threatening deficits in its current and fiscal accounts without hampering economic growth. The Hungarian economy is emerging from a severe four year recession with positive developments on numerous economic fronts but with major weaknesses remaining because of large current and fiscal account deficits. This book addresses the challenge Hungary faces in overcoming these deficits without hampering economic growth. The report examines the country's macroeconomic performance in the first half of the 1990s and the stabilization package launched in March 1995. It explores the structure of fiscal revenues, pension reform and enterprise and banking reforms. The study also looks at the impact of structural reforms on future economic growth and at Hungary's bid to integrate with the European Union. **Abstracts on Tropical Agriculture**, 1994 The Market for Water Rights in Chile Monica Ríos Brehm, Jorge Quiroz, 1995-01-01 Reviews labor market outcomes in Sub Saharan Africa and analyzes what is required to spur economic growth through increased efficiency of physical and human capital. World Development Report 1995 Workers in an Integrating World examines ways of improving labor outcomes in low and middle income economies. This regional perspective focuses on Sub Saharan Africa in relation to the four areas in need of labor policy reform that were identified in the Report: development strategy, international integration, labor market interventions and transformation to greater market orientation. The paper reviews labor market outcomes in the region and analyzes what is required to achieve economic growth through increased efficiency of physical and human capital. It examines Africa's role in the world economy and why greater integration is essential to the region. It also discusses labor policies and how workers in the region are affected by the transition to open development strategies. The prospects for the region's growing labor force are briefly reviewed. Technological Development and Pollution Abatement Kulsum Ahmed, 1995 World Bank Technical Paper No 271 Documents the move to low polluting practices by enterprises in response to the global problem of stratospheric ozone depletion. The continued expansion of industry particularly in developing countries. **Irrigation Management Transfer in Mexico** Cecilia M. Gorriz, Ashok Subramanian, José Simas, 1995-01-01 Annotation World Bank Technical Paper No 292 Describes Mexico's experience in decentralizing the

operation maintenance and management functions in irrigation infrastructure from the central government to water user organizations in the private sector

Soil Management Bobby A. Stewart, 1995-03-09 The experiments and experiences discussed in Soil Management carefully document crop production systems with well defined boundaries These long term agronomic trials provide a valuable data resource that has until now been largely ignored by both the research community and the sustainability experts With a rigorous definition of sustainability and this data the sustainability of various cropping systems will be more clearly illustrated than any previous effort Particular emphasis is given to research involving the tropics and sub tropics This book is unique in providing an experimental basis for sustainable management of soil resources It describes technological options for sustainable management of soil resources and identifies priorities for additional long term experimentation needed in key ecoregions Topics discussed include changes in soil processes and properties environmental quality soil management soil dynamics soil organic matter and nutrient cycling Soil Management is for those who ask whether agriculture is sustainable want to analyze or review sustainability experiments and experiences or wish to initiate new long term trials It is a valuable reference on soil processes and an excellent text for courses in soil management
