

The background image is a landscape photograph taken during the "golden hour" of sunset or sunrise. The sky is filled with soft, orange and pink clouds. In the foreground on the left, a large, dark, craggy rock formation stands prominently. The rest of the scene is a vast, flat expanse, likely a beach or a field, which is mostly obscured by the large, semi-transparent dark text box in the center. The overall mood is serene and majestic.

Contrastive Studies in Construction Grammar

Hans Christian Boas, 2010 The papers in this volume provide a contrastive application of Construction Grammar By referencing a well described constructional phenomenon in English each paper provides a solid foundation for describing and analyzing its constructional counterpart in another language This approach shows that the semantic description including discourse pragmatic and functional factors of an English construction can be regarded as a first step towards a tertium comparationis that can be employed for comparing and contrasting the formal properties of constructional counterparts in

other languages Thus the meaning pole of constructions should be regarded as the primary basis for comparisons of constructions across languages the form pole is only secondary This volume shows that constructions are viable descriptive and analytical tools for cross linguistic comparisons that make it possible to capture both language specific idiosyncratic properties as well as cross linguistic generalizations

A Call to Arms David Weber,Timothy Zahn,Thomas Pope,2015-09-16 From multiple New York Times best selling author David Weber and 1 New York Times best selling author Timothy Zahn NEW ENTRY IN BEST SELLING SERIES Book 2 in the Manticore Ascendant series set in David Weber s Honorverse Lieutenant Travis Long of the Royal Manticoran Navy is the sort of person who likes an orderly universe One where people follow the rules Unfortunately he lives in the real universe The good news is that Travis is one of those rare people who may like rules but has a talent for thinking outside them when everything starts coming apart That talent has stood him and the Star Kingdom in good stead in the past and it s one reason he s now a _mustang an ex enlisted man who s been given a commission as a King s officer The bad news is that two of the best ways of making enemies ever invented are insisting on enforcing the rules and thinking outside them when other people don t Travis learned that lesson the hard way as a young volunteer in basic training and he knows that if he could just keep his head down turn a blind eye to violations of the rules and avoid stepping on senior officers toes he d do just fine But the one rule Travis Long absolutely can t break is the one that says an officer in the Royal Navy does his duty whatever the consequences At the

moment there are powerful forces in the young Star Kingdom of Manticore's Parliament which don't think they need him. For that matter they're pretty sure they don't need the Royal Manticoran Navy either. After all, what does a sleepy little single system star nation on the outer edge of the explored galaxy need with a navy? Unhappily for them, the edge of the explored galaxy can be a far more dangerous place than they think it is. They're about to find out why they need the Navy and how very very fortunate they are that Travis Long is in it. At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for prequel *A Call to Duty*: This exciting book marks the first collaboration of two powerhouses; fans of both writers should be quite pleased with the result. Like Robert A. Heinlein and Orson Scott Card, Weber and Zahn are telling a story about a teenage character but writing for readers of all ages. Booklist: A new series set in the universe of Weber's popular heroine Honor Harrington gets off to a solid start. Cowriters Zahn and Weber do an excellent job alluding to events known to longtime fans. This astronautical adventure is filled with intrigue and political drama. Publishers Weekly: About the Honor Harrington series. Weber combines realistic engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long-awaited Honor Harrington novel. Fans of this venerable space opera will rejoice to see Honor back in action. Publishers Weekly: everything you could want in a heroine. Excellent plenty of action. Science Fiction Age: Brilliant Brilliant Brilliant. Anne McCaffrey: Compelling combat combined with engaging characters for a great space opera adventure. Locus: Weber combines realistic engaging characters with intelligent technological projection. Fans of this venerable space opera will rejoice. Publishers Weekly: About Timothy Zahn. Zahn keeps the story moving at a breakneck pace, maintaining excitement. Publishers Weekly: You can count on Timothy Zahn for three things: clean, sparse prose; good pacing; and great action scenes. The first book in the Cobra War series hits all those marks in admirable style and makes for a quick, entertaining sci-fi novel. Blogcritics: Conqueror's Heritage is another finely wrought space adventure with social, political, and emotional complications, all of which Zahn treats with his usual skill. Booklist: Zahn paints every detail in *Angelmass* with gleamy realism, scientific dialogue that streams with starship hardware and military trooper talk, immensely appealing. Kirkus Review: *Genu*. The second volume of *GENU* finds our three Mercurian colonists in front of the Terrestrial authorities. Who or what is the silent woman who arrived with them? As the adventure unfolds, an obscure vision starts to tell a story: what will this dream lead us to? Perhaps to the truth and to the future of humankind. **Things People Say and Other Reflections on This Time and Place**. Manfred Wolf, 2023-04-24.
