Constitutional Design And Power Sharing In The Post Modern Epoch:

Constitutional Design and Power-Sharing in the Post-Modern Epoch Daniel J. Elazar, 1991-02 This volume is the product of the world conference of the International Association for Centers of Federal Studies held at the Jerusalem Center for Public Affairs in 1984 The work explores the current issues in federal theory new forms of power sharing in the local arena recent innovations in national and supranational power sharing as well as the use of power sharing arrangements to resolve intense conflict situations The book is the work of many contributors who have developed over the years a theoretical framework a language and a set of thought hypotheses from within which they are now able to articulate a number of the important political questions of our time Elazar's work is truly crucial to anyone interested in a comprehensive and provocative exploration of federalism today Co published with the Center for the Study of Federalism *The Success of India's Democracy* Atul Kohli, 2001-09-06 How has democracy taken root in India in the face of a low income economy widespread poverty illiteracy and immense ethnic diversity Atul Kohli brings together some of the world's leading scholars of Indian politics to consider this intriguing anomaly They do so by focusing not so much on socio economic factors but rather on the ways in which power is distributed in India Two processes have guided the negotiation of power conflicts First a delicate balance has been struck between the forces of centralization and decentralization and second the interests of the powerful in society have been served without excluding those on the margins These themes are addressed by the editor in his introduction which is followed by an essay on the historical origins of Indian democracy and two sections one on the consolidation of democratic institutions and the other on the forces which motivate or inhibit democratic growth

Comparative Federalism in the Devolution Era Neil Colman McCabe, 2002-01-01 Comparative Federalism in the Devolution Era offers political scientists and legal scholars a new perspective on the diverse nature and exercise of postmodern federalism *Illegal Peace in Africa* Jeremy I. Levitt, 2012-01-30 This volume examines the legal and political efficacy of transitional political power sharing between democratically constituted governments and the African warlords rebels or junta that seek to violently unseat them This book addresses this issue and others through the prism of three West African case studies Liberia Sierra Leone and Guinea Bissau *Constitutional Engineering in Brazil* Celina Souza, 2016-07-27 The book investigates why a country facing issues that needed to be tackled nationwide chose to decentralize when it moved from authoritarianism to democracy It discusses the events of the Brazilian constituent assembly and investigates the results of decentralization at the subnational sphere The results suggest that there was a lack of social consensus on what was to be achieved by decentralization They suggest that political and economic factors influence the outcomes of decentralization thus exposing the limits of decentralization on policy results **Comparative Constitutional Studies** Günter Frankenberg, 2018-03-30 Comparative Constitutional Studies takes a rich area of research and teaching and makes it attractive for the classroom setting and beyond Every constitution has an interesting story to tell and for this book G

nter Frankenberg has selected vibrant examples that encourage readers to practice realism demonstrate critical spirit and examine the dark side of framers reports and normative theories *Covenant & Polity in Biblical Israel* Daniel J. Elazar, In this first volume of a trilogy Daniel J Elazar addresses political uses of the idea of covenant the tradition that has adhered to that idea and the political arrangements that flow from it Among the topics covered are covenant as a political concept the Bible as a political commentary the post biblical tradition medieval covenant theory and Jewish political culture

Designing Federalism Mikhail Filippov, Peter C. Ordeshook, Olga Shvetsova, 2004-02-09 Because of the redistributive nature of institutions and the availability of implementable alternatives with different distributive consequences the desire of federation members to change institutional specifics in their favor is a permanent feature of the federal political process This is so for two reasons First states or their equivalents in democratic federations usually can succeed in renegotiating the rules if they feel sufficiently motivated to do so Second in the case of a federation it is more or less clear who stands to benefit from any change in institutions Thus the existence of an equilibrium of constitutional legitimacy at the popular and elite levels cannot be taken for granted The authors show that the presence in the political process of agents who are naturally committed to the status quo institutional arrangement can suffice to coordinate voters to act as if they support existing constitutional arrangements *Ibss: Political Science: 1991* British Library of Political and Economic Science, 1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Constituting Federal Sovereignty Leslie Friedman Goldstein, 2003-05-01 Addresses why when and how sovereign states give up some of their sovereignty to form a larger union Starting from the premise that the system of independent sovereign territorial states which was the subject of political science and international relations studies in the twentieth century has entered a transition toward something new noted political scientist Leslie F Goldstein examines the development of the European Union by blending comparative and historical institutionalist approaches She argues that the most useful framework for understanding the kinds of supra state formations that are increasingly apparent in the beginning of the third millennium is comparative analysis of the formative epochs of federations of the past that formed voluntarily from previously independent states In *Constituting Federal Sovereignty The European Union in Comparative Context* Goldstein identifies three significant predecessors to today's European Union the Dutch Union of the 17th century the United States of America from the 1787 Constitution to the Civil War and the first half century of the modern Swiss federation beginning in 1848 She examines the processes by which federalization took place what made for its success and what contributed to its problems She explains why resistance to federal authority although similar in kind varied significantly in degree in the cases examined And she explores the crucial roles played by such factors as sovereignty honoring elements within the institutional structure of the federation the circumstances of its formation revolt against distant empire versus aftermath of war among member states

and notably the internal culture of respect for the rule of law in the member states

Constitutionalizing Secession in Federalized States Miodrag A. Jovanović, 2007 This book is a thorough and professional study about secession Starting from the perspective of contemporary political philosophy the book explores the relevance of this issue for the theory and practice of federalism as well as its status under current public international law and concludes with a comparative constitutional analysis of the subject matter In the final chapter it provides a constitutionalized procedure of secession based on fundamental liberal democratic values The book argues that a liberal democratic response to the secession controversy might consist of the constitutionalization of a right to secession While a number of recent works in political theory point to the fact that under certain circumstances the moral right of a group to secession should be recognized only a few of them are ready to defend the institutionalization of that right through the instruments of constitutional law This topical and thought provoking book is a welcome contribution to the ongoing debate on secession and will be of interest to academics in a variety of disciplines such as law history politics international relations philosophy and applied ethics and to politicians and constitution drafters

Federalism, Democratization, and the Rule of Law in Russia Jeffrey Kahn, 2002-06-13 Combining the approaches of three fields of scholarship political science law and Russian area studies the author explores the foundations and future of the Russian Federation Russia's political elite have struggled to build an extraordinarily complex federal system one that incorporates eighty nine different units and scores of different ethnic groups which sometimes harbor long histories of resentment against Russian imperial and Soviet legacies This book examines the public debates official documents and political deals that built Russia's federal house on very unsteady foundations often out of the ideological conceptual and physical rubble of the ancient regime One of the major goals of this book is where appropriate to bring together the insights of comparative law and comparative politics in the study of the development of Russia's attempts to create as its constitution states in the very first article a Democratic federal rule of law state

Competing Claims to Recognition in the Nigerian Public Sphere John Boye Ejibowah, 2008-01-10 As the worldwide clamor of group claims to difference and equality grows ever louder *Competing Claims to Recognition* analyzes the complex constitutional devices required to accommodate ethnic differences in multiethnic Nigeria Through a perceptive examination of the philosophical arguments of Will Kymlicka and Charles Taylor and the empirical studies of Arthur Lewis Arend Lijphart Eric Nordlinger and Donald Horowitz the book examines how constitutional structures that express cultural plurality must be carefully constructed to ensure both justice and social stability This superb African case study will be of great interest to scholars of multiculturalism and African studies seeking new perspectives on the question of ethnic identity

The Arab-Israeli Conflict Transformed Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in

violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict

Federalism David L. Shapiro, 1995-07-19 David Shapiro explores the virtues and defects of federalism as it has developed in this country from a variety of perspectives that include historical constitutional economic social and political considerations Using the dialectical form adopted by advocates trying a case before a court Shapiro not only examines the strongest arguments on the two principal sides of the issue but also probes the potential value of the dialectical process itself

Surpassing the Sovereign State David A. Rezvani, 2014 After nearly six centuries of emergence and world dominance the sovereign state now has a globally widespread competitor that frequently manages to surpass its capabilities in the areas of wealth security and self determination This book will show that in region after region throughout the world partially independent territories including Hong Kong Cayman Islands Kurdistan New Caledonia and others tend to be wealthier and more secure than their sovereign state counterparts Often ignored because of their small size lack of militaries and divided powers the partially independent territories that produce these advantages are responsible for nearly one fifth of global capital flows serve as solutions for some of the world's most intractable nationalistic disputes and furnish important capabilities for sovereign states The existence and capabilities of these polities contradict widely held assumptions of sovereign state pre eminence and give rise to a range of puzzling issues that will be addressed by this book Why do local nationalistically distinct populations accept partially independent unions What guarantees do these polities have that their powers will not be usurped by internal and external adversaries What makes core states which divide and share powers with partially independent territories willing to part with some of their sovereignty amidst fears that their countries will fully fragment What are the prospects for the independence of Scotland Catalonia Puerto Rico and the nearly 50 partially independent territories around the globe This book explains how these polities emerge maintain themselves and sometimes come to an end

Choice, Rules and Collective Action Elinor Ostrom, Vincent Ostrom, 2014-05-01 This volume brings a set of key works by Elinor Ostrom co recipient of the Nobel Prize in Economic Sciences together with those of Vincent Ostrom one of the originators of Public Choice political economy The two scholars introduce and expound their approaches and analytical perspectives on the study of institutions and governance The book puts together works representing the main analytical and conceptual vehicles articulated by the Ostroms to create the Bloomington School of public choice and institutional theory Their endeavours sought to re establish the priority of theory over data collection and analysis and to better integrate theory and practice These efforts are illustrated via selected texts organised around three themes the political economy and public choice roots of their work in creating a distinct branch of political economy the evolutionary nature of their work that led

them to go beyond mainstream public choice thereby enriching the public choice tradition itself and finally the foundational and epistemological dimensions and implications of their work Cities and Global Governance Dr Mark Amen, Dr Noah J Toly, Professor Klaus Segbers, Professor Patricia L McCarney, 2013-03-28 Case study rich this volume advances our understanding of the significance of the city in global governance The editors call for innovation in international relations theory with case studies that add breadth to theorizing the role sub national political actors play in global affairs Each of the eight case studies demonstrates different intersections between the local and the global and how these intersections alter the conditions resulting from globalization processes The case studies do so by focusing on one of three sub themes the diverse ways in which cities and sub national regions impact nation state foreign policy the various dimensions of urban imbrications in global environmental politics or the multiple methods and standards used to measure the global roles of cities

International Change and the Stability of Multiethnic States Badredine Arfi, 2005-02-23 A n important contribution to scholarship rigorous and intelligible Patrick James University of Missouri International Change and the Stability of Multiethnic States contributes to the debate over ethnic conflict and cooperation in multiethnic states destabilized by the changing environment of the post Cold War era proposing a new way of viewing and dealing with these problems Through an analysis of important moments in the history of two prominent multiethnic societies the former Yugoslavia and Lebanon in which nonstate actors such as communal groups played important roles in events that determined the fates of both states Badredine Arfi builds a general theory of how the governance of multiethnic societies is transformed under changing international conditions His work provides new insights on how policymaking can be improved to respond to the challenges posed by the creation maintenance transformation and when it occurs collapse of state governance in multiethnic societies This timely work will interest scholars of international relations and comparative politics regional specialists policymakers and activists **Intergovernmental Management for the 21st Century** Timothy J. Conlan, Paul L. Posner, 2009-11-01 A

Brookings Institution Press and the National Academy of Public Administration publication America s complex system of multi layered government faces new challenges as a result of rapidly changing economic technological and demographic trends An aging population economic globalization and homeland security concerns are among the powerful factors testing the system s capacity and flexibility Major policy challenges and responses are now overwhelmingly intergovernmental in nature and as a result the fortunes of all levels of government are more intertwined and interdependent than ever before This volume cosponsored by the National Academy of Public Administration NAPA defines an agenda for improving the performance of America s intergovernmental system The early chapters present the current state of practice in intergovernmental relations including discussion of trends toward centralization devolution and other power sharing arrangements The fiscal underpinnings of the system are analyzed along with the long term implications of current trends in financing at all levels The authors identify the principal tools used to define intergovernmental management grants mandates

preemptions in discussing emerging models and best practices in the design and management of those tools In
tergovernmental Management for the 21st Century applies these crosscutting themes to critical policy areas where
intergovernmental management and cooperation are essential such as homeland security education welfare health care and
the environment It concludes with an authoritative assessment of the system s capacity to govern oversee and improve

Constitutional Design And Power Sharing In The Post Modern Epoch Introduction

In the digital age, access to information has become easier than ever before. The ability to download Constitutional Design And Power Sharing In The Post Modern Epoch has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Constitutional Design And Power Sharing In The Post Modern Epoch has opened up a world of possibilities. Downloading Constitutional Design And Power Sharing In The Post Modern Epoch provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Constitutional Design And Power Sharing In The Post Modern Epoch has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Constitutional Design And Power Sharing In The Post Modern Epoch. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Constitutional Design And Power Sharing In The Post Modern Epoch. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical

downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Constitutional Design And Power Sharing In The Post Modern Epoch, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Constitutional Design And Power Sharing In The Post Modern Epoch has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Constitutional Design And Power Sharing In The Post Modern Epoch Books

1. Where can I buy Constitutional Design And Power Sharing In The Post Modern Epoch books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
