## **Constructing The World A Study In Pauls Cosmological Language:**

**Constructing the World** Edward Adams,2000-11-03 In this study of Paul Dr Adams focuses on Paul s understanding and use of cosmological concepts such as world and creation He examines Paul s historical and social context and illuminates the whole cosmological project of Pauline Christianity *Narrative Dynamics in Paul* Bruce W. Longenecker,2002-01-01 Are Paul s letters undergirded and informed by key narratives and does a heightened awareness of those narratives help us to gain a richer and more rounded understanding of Paul s theology The last two decades of the twentieth century witnessed an increasing interest in the narrative features of Paul s thought A variety of studies since that period have advanced story as an integral and generative ingredient in Paul s theological formulations In this book a team of leading Pauline scholars assesses the strengths and weaknesses of a narrative approach looking in detail at its application to particular Pauline texts

*Uncovering the Theme of Revelation in Romans 1:16-3:26* Marcus A. Mininger,2017-09-19 Past study of Rom 1 16 3 26 focuses on individual salvation or on social relations and also produces a host of interpretative quandaries Marcus A Mininger develops a new approach which includes but goes beyond these foci by unearthing the theme of revelation that runs throughout Paul s argument largely unnoticed More than a proof of sin or of social equality Paul provides a survey of numerous visible revelations in which otherwise invisible realities like God s wrath the power of sin and God s righteousness are seen through the observable effects they produce in different people Read this way the rationale of Paul s argument becomes quite clear including for problem texts like Rom 2 and 3 1 8 as Paul proves that the gospel not the law overcomes sin s power and that God s righteousness always exists in contrast to the human condition in this age From publisher s description

**Ecclesial Solidarity in the Pauline Corpus** James T. Hughes,2019-06-12 Over the years there have been many treatments of Paul s theology that have focused on what the churches he wrote to were like and what that might mean for today However what Paul says about relationships between churches has been frequently neglected or only briefly considered This book analyzes Paul s use of the word church as well as family imagery holiness language body imagery and Paul s understanding of imitation and apostleship to demonstrate the breadth of his understanding of relationships between churches of inter church solidarity Inter church solidarity is shown to be integral to Paul s understanding of church from the earliest letters and the book exposes a rich tapestry of relationships that should challenge and encourage the church in the twenty first century

**Atonement and the Logic of Resurrection in Hebrews 9:27-28** William W. Henry,2024-09-05 The general believer waiting for salvation by Jesus hopes to see him appear while living or promptly at death Comfort during loss of life usually portrays those passing now in heaven Conversely the more religiously academic the less one thinks anyone ever goes to heaven Trained scholars typically choose a closed heaven with temporal delays and spatial detours in limitation of God s promises about so great salvation Better typically perceives as a resuscitated flesh on earth that lives by decay of the surrounding creation Hearing word meaning by mapping creation with an old first century option for plural heavens this

project reexamines the conversation recommended by the pastor in the letter to the Hebrews about promises regarding the twofold ministry of Christ. By analysis with current study tools the conversation both challenges the common academy views and reintroduces a first century hearing option for God's speech concerning prompt postmortem Christ fulfillment into heaven. Listening includes the milk of the beginning teaching requirements for atonement and logic of resurrection to God immediately after death and judgment. Hearing senses the solid food about priestly intercession by Jesus after death at judgment to shepherd his believers for salvation into heaven a very little while after individual death and judgment.

*Christosis* Blackwell, 2016. Amid increasing interaction between Eastern and Western theologians several recent biblical interpreters have characterized Paul's soteriology as theosis or deification harking back to patristic interpretations of Paul. In this book Ben C. Blackwell critically evaluates that interpretation as he explores the anthropological dimension of Paul's soteriology. Blackwell first examines two major Greek patristic interpreters of Paul, Irenaeus and Cyril of Alexandria, to clarify what deification entails and to determine which Pauline texts they used to support their soteriological constructions. The book then focuses on Paul's soteriology expressed in Romans 8 and 2 Corinthians 3:5 with excursions on other passages and explores how believers embody Christ's death and life, his suffering and glory through the Spirit. Blackwell concludes by comparing the patristic view of deification with Paul's soteriology arising from the biblical texts, noting both substantial overlap and key differences.

*Celebrating Nature by Faith* H. Paul Santmire, 2020-09-09. Sometimes it is helpful to take one step backward in order to take two steps forward. In this insightful volume H. Paul Santmire draws on his long standing and widely recognized engagement with ecological theology to propose that the traditions of the Protestant Reformation rightly read offer rich resources today for those who are struggling to move forward to respond theologically to the crisis of a planet in peril and thereby to celebrate nature by faith.

**Purity and Worldview in the Epistle of James** Darian Lockett, 2008-03-20. Arguing against restricting the meaning of purity language to the individual moral sphere as many commentaries do, the central argument of *Purity and Worldview in the Epistle of James* is that purity language both articulates and constructs the worldview in James's epistle. Lockett offers a taxonomy of purity language applied as a heuristic guide to understand the function of purity and pollution in the epistle. Through this analysis the study concludes that James is not calling for sectarian separation but rather demonstrates a degree of cultural accommodation while calling forth specific socio-cultural boundaries between the readers and the world.

*Heaven and Earth in the Gospel of Matthew* Jonathan T. Pennington, 2007. A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth. Rather than being a reverential circumlocution for God, heaven in Matthew is part of a highly developed discourse of heaven and earth language. Matthew's idiolectic way of using heaven language consists of four aspects: 1 a distinction in meaning between singular and plural forms of ouranos; 2 frequent use of the heaven and earth word pair; 3 regular reference to the Father in heaven; and 4 the recurrent use of the Matthean expression kingdom of heaven. This book examines the historical

precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while looking forward to its eschatological resolution      Cosmic Christology in Paul and the Pauline School Geurt Hendrik van Kooten,2003 How did the understanding of Jesus as the universal Son of Man of Apocalyptic Judaism develop into the notion of a cosmic god the cosmic Christ George van Kooten traces the earliest encounters between antiquity and Christianity      **Cosmology and Self in the Apostle Paul** Troels Engberg-Pedersen,2010-11-04 Cosmology and Self in the Apostle Paul challenges the traditional reading of Paul Troels Engberg Pedersen argues that the usual mainly cognitive and metaphorical ways of understanding central Pauline concepts such as being in Christ having God's pneuma spirit Christ's pneuma and Christ himself in one must be supplemented by a literal understanding that directly reflects Paul's cosmology Engberg Pedersen shows that Paul's cosmology not least his understanding of the pneuma was a materialist bodily one the pneuma was a physical element that would at the resurrection act directly on the ordinary human bodies of believers and transform them into pneumatic bodies This literal understanding of the future events is then traced back to the Pauline present as Engberg Pedersen considers how Paul conceived in bodily terms of a range of central themes like his own conversion his mission the believers reception of the pneuma in baptism and the way the apostle took the pneuma to inform his own and their ways of life from the beginning to the projected end In developing this picture of Paul's world view an explicitly philosophically oriented form of interpretation philosophical exegesis is employed in which the interpreter applies categories of interpretation that make sense philosophically whether in an ancient or a modern context For this enterprise Engberg Pedersen draws in particular on ancient Stoic materialist and monistic physics and cosmology as opposed to the Platonic immaterialist and dualistic categories that underlie traditional readings of Paul and on modern ideas on religious experience self body and practice derived from Foucault and Bourdieu In this way Paul is shown to have spelled out philosophically his Jewish apocalyptic world view which remains a central feature of his thought The book states the cosmological case for the author's earlier ethical reading of Paul in his prize winning book Paul and the Stoics 2000      **Faith and Freedom in Galatia and Senegal** Aliou Cissé Niang,2009 Faith and Freedom in Galatia and Senegal reads Galatians 2 11 15 and 3 26 29 through the lens of the 19th 20th century experiences of French colonialism by the Diola people in Senegal West Africa and portrays the Apostle Paul as a sociopostcolonial hermeneut who acted on his self understanding as God's messenger to create through faith in the cross of Christ free communities a self definition that is critical of ancient Graeco Roman and modern colonial lore that justify colonization as a divine mandate Aliou C Niang ingeniously compares the colonial objectification of his own people by French colonists to the Graeco Roman colonial objectifications of the ancient Celts Gauls Galatians and Paul's role in bringing about a different portrayal      *Re-memembering the New Covenant at Corinth* Emmanuel Nathan,2020-03-27 Did Paul instigate Christianity's separation from Judaism if one considers the stark polemical contrasts of new and old covenant in 2 Cor 3 Emmanuel Nathan argues that Paul reconfigured

traditions and memories shaping the identity of his community at Corinth back cover *Paul: Jew, Greek, and Roman* Stanley E. Porter, 2009-01-31 What does it mean to study Paul the Apostle as Jew Greek and Roman The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic social and cultural designations Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity This volume *Paul Jew Greek and Roman* explores a number of the important and diverse cultural ethnic and religious dimensions of the multi faceted background of Paul the Apostle Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle **Food Justice and Hospitality in Luke-Acts** Gideon S. S. Paulraj, 2023-05-23 Food security is a multifaceted concept and extends beyond the production of availability of and demand for food This book attempts to explore the meal narrations in Luke Acts as a source for a theology of hospitality to ascertain Luke s concern for the immigrant the poor the homeless the hungry and the outcasts This book focuses on fifteen meal scenes in Luke Acts and contributes to Lukan scholarship on meals particularly in addressing the issue of food insecurity Firstly by incorporating cultural dimensions and anthropology to understand the social context of the first century world this book contributes a new perspective on the Lukan audience which was stratified by socioeconomic and religious disparities in terms of privilege wealth and power Secondly this book analyzes the Lukan concern with the social structure and the social political economic and religious setting behind his emphasis on the pto set macron over o choi and the marginalized concerning livelihood needs such as food and shelter Thirdly this book connects Lukan concern with contemporary theologies that include an emphasis on hunger and hospitality such as liberation theology Dalit theology and practical theology Thus the book challenges readers and offers a few recommendations for implementations to combat hunger and destitution [The Temporal Mechanics of the Fourth Gospel](#) Douglas Charles Estes, 2008-03-31 Spiritual but broken theological but flawed these are the words critics use to describe the Gospel of John Compared to the Synoptics John s version of the life of Jesus seems scrambled especially in the area of time and chronology But what if John s textual and temporal flaws have more to do with our implicit assumptions about time than a text that is truly flawed This book responds to that question by reinventing narrative temporality in light of modern physics and applying this alternative temporal lens to the Fourth Gospel From the singularity in the epic prologue to the narrative warping of event like objects this work explodes the elemental temporalities simmering below the surface of a spiritual yet superior Gospel text [Sin and its Remedy in Paul](#) John K. Goodrich, Nijay K. Gupta, 2022-08-25 Though much studied Pauline soteriology can be seen afresh by giving focused attention to the apostle s language and conception of sin Sometimes Paul appears to present sin and disobedience as transgression while at other times sin is personified as an enslaving power Is there a single model or perspective that can account for Paul s conceptual range in his discussion of sin What does careful study of Paul s letters reveal about the

christological and pneumatological remedies to the problem of sin as he conceives of them These questions are explored in the context of individual Pauline letters building a richer understanding of the apostle s attitude to sin and its remedy

**The Myth of Rebellious Angels** Stuckenbruck, Loren T.,2017-02-17 The mythical story of fallen angels preserved in 1 Enoch and related literature was profoundly influential during the Second Temple period In this volume renowned scholar Loren Stuckenbruck explores aspects of that influence and demonstrates how the myth was reused and adapted to address new religious and cultural contexts Stuckenbruck considers a variety of themes including demonology giants exorcism petitionary prayer the birth and activity of Jesus the Holy Spirit the conversion of Gentiles apocalyptic and the understanding of time and more He also offers a theological framework for the myth of fallen angels through which to reconsider several New Testament texts the Synoptic Gospels the Gospel of John Acts Paul s letters and the book of Revelation *Paul Cries Freedom in Galatia!* Gysbert M. H. Loubser,2017 This study emphasizes Paul s urgency in conveying the radical newness of life since the advent of Christ and his Spirit Just as the Spirit introduces believers to the life in Christ he equally leads them to live life in the faithfulness of Christ producing the fruit of the Spirit Paul describes this as a life of freedom from flesh and its law as well as the elements of the world Guiding believers ethically from inside and empowering them to do God s will the Spirit has no need of law making the christological pneumatological ethic of the new creation wholly anomistic Series Theology in Africa Vol 6 Subject Religious Studies Christian Studies **Creating Sacred Places in First Century Corinth** Alisha N. Paddock,2025-06-29 This book applies spatial theories from human and cultural geography to the archaeological remains of Ancient Corinth in order to consider how sacred places could have been created in the first century Building on Philip Sheldrake s theory among others the book defines sacred place as a space with significance Significance is found in the group s spiritual history their identity and the proper behaviours required to keep the group remaining a group The book further argues that if any of these elements of place are not recognized nor upheld the group risks becoming placeless
