Constructive Education For Children:

Constructive Education for Children William Douglas Wall, 1975 Teaching the Primary Curriculum for Constructive Learning Michael Littledyke, Laura Huxford, 2013-10-23 First Published in 1998 There is a current preoccupation with educational standards with claims that overall standards of achievement have fallen The purpose of this book therefore is to address the question of how children learn across the primary National Curriculum subjects with implications for effective teaching approaches The book emphasises a constructivist view of learning which acknowledges that children have views and attitudes which are formed as a result of experiences in and out of school and that these must be taken into account if meaningful and transferable learning is to be achieved *The Needs of Children* M. K. Pringle, 2013-09-13 A compelling book Observer an exceptionally clear and comprehensive synthesis of current research findings made readily comprehensible to both parents and teachers Dr M Levy in the Foreword to the French edition Mia Kellmer Pringle was commissioned by the Department of Social Security To prepare a comprehensive document about the development needs of all children about the ways in which these needs are normally met and about the consequences for emotional intellectual social and physical growth and development of children when for some reason or another these needs are not adequately met Whilst the central themes of this classic text remain as relevant as ever over forty new references have now been added and many passages have been substantially updated to reflect current thinking and to take account of new research The Needs of Children published in seven countries continues to be a principal work in its field and a landmark in our understanding of childhood

Transforming Children's Mathematics Education Leslie P. Steffe, Terry Wood, 2013-11-05 Eminent scholars from around the globe gathered to discuss how educational systems would change if the prevailing principles of constructivism were applied to three major aspects of those systems knowledge and learning communication and environment This volume provides documentation of the proceedings of this important meeting the Early Childhood Action Group of the Sixth International Congress on Mathematics Education This international assembly representing such diverse disciplines as mathematics and math education epistemology philosophy cognitive science psycholinguistics and science education is the first to examine early childhood mathematics education from constructivist and international perspectives in addition to formulating recommendations for future work in the field **The Content Of Science: A Constructive Approach To Its Teaching And Learning** Peter J. Fensham; Richard F. Gunstone; Richard T. White all of Monash University,

Australia., 2012-11-12 A group of science educators with experience of being involved in curriculum development and in conducting extensive research on many aspects of teaching and learning science have combined their findings in this volume Each author has conducted research into his or her own area of science education and presents the implications of this research for a specific area of science teaching The experiences of members of the Monash Children's Science Group specifically three primary teachers and one biology teacher have also been included so as to present the voices of teachers

for whom writing a personal account of their teaching is often an unappealing task

Constructive Guidance and Discipline Marjorie Vannoy Fields, Debby Fields, 2006 With a strong emphasis on developmental theory and constructivism Constructive Guidance and Discipline Preschool and Primary Education explains underlying causes for child behavior weaves numerous preschool and primary classroom examples throughout and includes two chapters on guiding children with special needs This new edition features more primary grade examples and a greater emphasis on parent and community involvement Instructor resources include an Instructor's Manual and Test Bank

Education for All Handicapped Children, 1975, Hearings Before the Subcommittee on the Handicapped of ..., 94-1, April 8, 9 & 15, 1975 United States. Congress. Senate. Committee on Labor and Public Welfare, 1975 Constructivist Education in an Age of Accountability David W. Kritt, 2018-01-16 This book contrasts authentic approaches to education with classroom practices based primarily on standards external to the individuals who are supposed to learn While other books tend to promote either a desperate scramble for meeting standards or determined resistance to neoliberal reforms this book fills that gap in ways that will inspire practitioners prospective teachers and teacher educators Mandates pay only lip service to constructivist and social constructivist principles while thwarting the value of both students and teachers actively creating understandings Authors in this book assert the central importance of a range of constructivist approaches to teaching learning and thinking inviting careful reflection on the goals and values of education
