Consultation A Universal Lamp Of Guidance:

Consultation John E. Kolstoe,1985-01-01 With the support of quotations from the Bah Sacred Writings the author explains the faith s method of decision making consultation World Religions *Pure Gold* Susanne M. Alexander,Craig A. Farnsworth,2004-07 **Bah' Consultation Workbook** John Kolstoe,2004-01-01 *The Spirit of Dialogue* Aaron T. Wolf,2017-09-14 Over more than twenty years as a mediator Aaron T Wolf has learned that successful conflict resolution is shaped by complicated dynamics from how comfortable the meeting room is to the participants deepest senses of self Bridging seemingly intractable issues means addressing multiple layers of needs Wolf s approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion The Spirit of Dialogue draws lessons from a diversity of faith traditions to transform conflict from identifying the root cause of anger to aligning with an energy beyond oneself what Christians call grace to the true listening practiced by Buddhist monks Whether atheist or fundamentalist Muslim or Jewish Quaker or Hindu any reader involved in difficult dialogue will find concrete steps towards a meeting of souls **Re-creating the Circle** LaDonna Harris,Stephen M. Sachs,Barbara Morris,2011-12-16 A collaboration between Native activists professionals and scholars Re Creating the Circle brings a new perspective to the American Indian struggle for self determination the returning of Indigenous peoples to sovereignty self sufficiency and harmony so that they may again live well in their own communities while partnering with their neighbors the nation and the world for mutual advancement Given the complexity in realizing American Indian renewal this project weaves the perspectives of individual contributors into a holistic analysis providing a broader understanding of political economic educational social cultural and psychological initiatives The authors seek to assist not only in establishing American Indian nations as full partners in American federalism and society but also in improving the conditions of Indigenous people world wide while illuminating the relevance of American Indian tradition for the contemporary world facing an abundance of increasing difficulties *Bahā'ī Identity and the Concept of Martyrdom* Per-Olof Åkerdahl,2002 Reason and Revelation Seena Fazel,John Danesh,2002 Deciding in Unity Susanne M. Alexander,2014-08-30 Do you want a better way to make decisions as a couple peacefully The two of you have decisions to make constantly everything from who will go to the grocery to how you will manage your money And you would like to do it all without fighting All sizes of topics can be tough and sometimes painful when you need to agree and act on the decisions together No matter how long you have been together there is a better way Deciding in Unity provides couples with useful new knowledge and tools Practical and helpful content A clear decision making process Inspirational couple stories Humorous cartoons This encouraging book will help you have the happy healthy marriage you want Also useful for unmarried couples **Transforming Education for Peace** Jing Lin,Edward J. Brantmeier,Christa Bruhn,2008-06-01 Currently peace education remains marginalized in our education system however a united front can be formed and powerful paradigms can empower educators to play a critical role in peace

building through scholarship practice and activism Indeed educators around the world are developing effective strategies to transform education as a powerful force for global peace The diverse array of contributors in the book demonstrate that educators as peace makers can be and have been instrumental in transforming social forces the self and others for the construction of global peace The book aims to broaden the educational discourse in order to make room for new visions to educate future generations for peace Local and global efforts to build a long lasting peace are presented through the lens of education The timeliness of peace education surely renders this book relevant to educators and the general public alike as individuals communities and organizations struggle to find pathways to peace in a global world In other words this book will interest scholars and the general public concerned about the building of global peace The book can be source book for educators at elementary secondary and postsecondary institutions to explore multiple ways to conduct effective peace education at all levels of education The book may also be used as a textbook by instructors of multicultural education of comparative international education and of undergraduate and graduate peace education courses

Devotion to the Administrative State Mona Oraby, 2024-03-26 Why the pursuit of state recognition by seemingly marginal religious groups in Egypt and elsewhere is a devotional practice Over the past decade alone religious communities around the world have demanded state recognition exemption accommodation or protection They make these appeals both in states with a declared religious identity and in states officially neutral toward religion In this book Mona Oraby argues that the pursuit of official recognition by religious minorities amounts to a devotional practice Countering the prevailing views on secularism Oraby contends that demands by seemingly marginal groups to have their religious differences recognized by the state in fact assure communal integrity and coherence over time Making her case she analyzes more than fifty years of administrative judicial trends theological discourse and minority claims making practices focusing on the activities of Coptic Orthodox Christians and Bahá'í in modern and contemporary Egypt Oraby documents the ways that devotion is expressed across a range of sites and sources including in lawyers' offices administrative judicial verdicts televised media and film and invitation only study sessions She shows how Egypt's religious minorities navigated the political and legal upheavals of the 2011 uprising and now persevere amid authoritarian repression In a Muslim majority state they assert their status as Islam's others finding belonging by affirming their difference and difference Oraby argues is the necessary foundation for collective life Considering these activities in light of the global history of civil administration and adjudication Oraby shows that the lengths to which these marginalized groups go to secure their status can help us to reimagine the relationship between law and religion

Bahá'í Ethics in

Light of Scripture: Virtues and divine commandments Udo Schaefer, 2007 There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose Ethics is the discipline by which man can understand how he can pass from the first condition to the second Udo Schaefer's *Baha'i Ethics in Light of Scripture* is an attempt to analyse the underlying structures and detect the interior architecture of the Baha'i moral system and is a step towards developing a Baha'i moral theology *Doctrinal Fundamentals* the first of two volumes provides a historical overview of the Baha'i Faith a systematic survey of its doctrines and an overview of the origin and derivation of moral values It considers the metaphysical nature of human beings and human responsibilities looks at reason and conscience and explores liberty and its limits Schaefer's second volume deals with concrete values the virtues divine commandments and principles of social ethics from a Baha'i perspective □□□□□□□□□□ □□□,□□□, 2014-11-01 2013 10 **The Eternal Quest for God** Julio Savi, 1989 Profoundly conceived and meticulously researched this book ranges over the sacred texts of the Baha'i to explore the deepest questions of existence God evolution and the human soul *World Religions* **A Reader's Guide** Eunice Braun, 1986 *Whitaker's Cumulative Book List*, 1984 **Spiritual and Religious Education** Mal Leicester, Sohan Modgil, 2005-07-15 Volume V distinguishes religious and spiritual education and takes a multi faith approach to pedagogic curricular and resource issues The important area of collective worship is also addressed **Religion on the Healing Edge** Frank Stetzer, 2007 An introduction to the Baha'i Faith that challenges readers to view religion civilization and spirituality in a new way *Religion on the Healing Edge* What Baha'is Believe examines the defining beliefs animating the Baha'i Faith and its distinctive practices which are intended to change the world Author Frank Stetzer offers insights into the Baha'i community and its vision to establish a new global civilization based on the recognition of the oneness of humanity The vision he presents is a bold and audacious one full of unique opportunities and unusual challenges A marvelous book for anyone interested in learning more about the mission of the Baha'i Faith and the relevance of its teachings [A Relational Model of Public Discourse](#) Leyla Tavernaro-Haidarian, 2018-01-29 Contemporary democratic discourses are frequently though not exclusively characterized by an attitude of pro and con where the aim is to persuade others a jury or an audience of what is right and what is wrong Challenging such procedures this book teases out an alternative model of public discourse that is based in collaboration and deliberation The African philosophy of ubuntu offers valuable insights in this regard as it implies relational notions of power that contrast and complement individualist facets It provides the space to think and speak in ways that support harmonious and cohesive societal structures and practices The book's model of communication rests on the premise that the various interests of individuals and groups while richly diverse can be conceived of as profoundly bound up rather than incompatible In this way communication enables broader lines of action and a wider scope for achieving diversity and common ground **Baha'u'llah** Moojan Momen, 2014-10-01 Worldwide in its membership and increasingly being recognized as the youngest of the world religions the Baha'i Faith is enjoying rapid expansion In this captivating book

Moojan Momen gives a brief survey of the life the works and the teachings of Baha u llah its founder Covering the resistance he encountered including successive forced exiles and vitriolic opposition this is a carefully constructed account of the eventful life of this influential nineteenth century religious figure Comprehensive and yet concise this is a perfect book for anyone interested in knowing more about the Baha i Faith and its founder
