minority societies in Western Europe and North America Across these jurisdictions the relationship between sharia and state law is central It includes sharia state encounters notably in the form of state Islamic law in the field of family law which is often asserted as the core or last stronghold of sharia Moors 2003 2 Coulson 1969 115 6 and other substantive areas of law such as Islamic economics and Islamic philanthropy and also jinayah Islamic penal law Regardless of their differences in their own specific context these areas somehow manage to secure an importance place in the modern days It involves different loci of authority to interpret legislate and enforce sharia or parts of it that not only flourish but also being challenged around the Muslim world Equally important are implications of the increasingly unsettled authority of apparently agreed upon substance of sharia To contribute on these issues we would like to invite scholars from diverse discipline including law anthropology and Islamic studies working in both Muslim majority and Muslim minority contexts to present their works in our International Seminar on Sharia Law and Muslim Society ISSLaMS Monthly Bibliography United Nations Library (Geneva, Switzerland).1996 Drug Abuse and Trafficking in Nigeria Moses Ediru, 2019-12-27 At a time like this when the efforts in Nigeria and indeed the entire world to curb the menace of drug abuse and trafficking appear to be less than adequate the need to properly understand the subject before deploying states apparatus becomes paramount Many writers on this subject have often confused medical law with drug laws drug abuse with drug misuse leading to the conclusion that all drugs are liable to abuse Most worrisome are the inadequacies and inefficiency of Nigerian drug law which in turn have engendered deficient implementation strategies leading to a judicial prolapse in the interpretation of relevant penal provisions It is therefore hoped that the academia enforcement institutions practising lawyers and in particular the judiciary will find the modest contributions in this work useful Towards Reforming the Legal Framework for Secured Transactions in Nigeria Chima Williams Iheme, 2016-08-16 This book offers a valuable guide to one of the most challenging areas of commercial law now frequently referred to as secured transactions with a focus on Nigerian Canadian and United States perspectives A debtor's ability to provide collateral influences not only the cost of the money borrowed but also in many cases whether secured lenders are willing to offer credit at all The book proposes that increasing access to and indeed lowering the cost of credit could tremendously boost economic development while at the same time arguing that this would best be achieved if the legal framework for secured transactions in Nigeria and of course any other country with similar experiences were designed to allow the use of personal property and fixtures to secure credit Similarly the creation priority perfection and enforcement of security interests in personal property should be simplified and supported by a framework that ensures that neither the interests of secured lenders nor debtors are hampered so as to quarantee the continuous availability of affordable credit as well as debtors willingness to borrow and do business The book further argues that in addition to the obvious preference for real property over personal property by secured lenders due to the unreformed secured transactions legal framework in Nigeria its compartmentalized nature has also resulted in unpredictability in commerce and the

concomitant effects of poor access to credit Through the comparative research conducted in this book utilizing the UCC Article 9 and Ontario PPSA as benchmarks the author provides reformers with a repository of tested secured transactions law solutions which law reformers in the Commonwealth countries in Africa and beyond as well as the business community will find valuable in dealing with issues that stem from secured transactions **Dictionary of Law Enforcement** Graham Recent Acquisitions Ohio State University.
