Consuming Cultures Power And Resistance:

Consuming Cultures Jeff Hearn, Sasha Roseneil, 1999-04-11 Stressing the variety of ways in which consumption is structured and organised through cultures and showing how these cultural technologies construct the person the senses and the self this book stands at the interface of the sociologies of culture and consumption Arranged in two sections Homes and Households Places and Spaces and Technologies of Consumption and Waste the book includes chapters on youth consumption cultures of the household pornography and waste and rubbish This will be of interest to all those concerned with the study of culture and consumption whether from sociological cultural or psychological perspectives **Consuming**

Cultural Hegemony Harisur Rahman, 2019-11-22 This book examines the circulation and viewership of Bollywood films and filmi modernity in Bangladesh The writer poses a number of fundamental questions what it means to be a Bangladeshi in South Asia what it means to be a Bangladeshi fan of Hindi film and how popular film reflects power relations in South Asia The writer argues that partition has resulted in India holding hegemonic power over all of South Asia s nation states at the political economic and military levels a situation that has made possible its cultural hegemony The book draws on relevant literature from anthropology sociology film media communication and cultural studies to explore the concepts of hegemony circulation viewership cultural taste and South Asian cultural history and politics **The Politics of Shopping** Kaela

Jubas, 2016-06-16 An exploration of how people who are concerned about globalization and consumption learn about these issues through their shopping and use that knowledge to change the status quo **Consuming Media** Johan Fornäs, Karin Becker, Erling Bjurström, Hillevi Ganetz, 2020-05-26 Inspired by Walter Benjamin s classical Arcades Project Consuming Media is a pioneering exploration of the interface between communication shopping and everyday life Based on a six year study by over a dozen scholars on a specific site it analyses the links between power media and consumption in contemporary urban culture Illustrated with rich ethnographic detail Consuming Media scrutinises four main media circuits print media media images sound and motion and hardware machines to assess how media texts and technologies are selected purchased and used Exploring the relations between different media the nature of cultural citizenship and the power relations of public space Consuming Media presents an ethnography of globalisation and develops a new approach to understanding media consumption **Consumption and Generational Change** Ian Jones, 2017-09-08 The study of consumption in social life is growing Moving from being a relatively unimportant part of the processes of production distribution and exchange questions of how people consume and to what ends now occupy center stage Today s capitalism is exemplified by a global arena of consumption in which distance is no obstacle to distribution and ownership Equally social distinctions that accompanied classically modern forms of consumption are now more complex and fluid than classifications of high and popular culture allow This book addresses the rise of consumer culture and the various attempts to explain and account for it It considers the view that a particular generational framework was formed in the post war period and has been carried on into the early

twentieth century with particular consequences for the experience of later life The rise of individualism of mass consumption leisure and lifestyles have been accompanied by the democratization of social forms and for many a corrosion of community and social cohesion The text highlights how understanding is gained from examining the generational habits that developed in tandem with the rise of mass consumption Drawing on historical perspectives and comparative studies the book addresses social change with reference to generation effects and conflict Having set the scene in terms of the literature on consumption lifestyles and generational change the volume poses key questions in relation to the transformation of later life that are addressed in turn by the contributors This is a key volume as we enter the second decade of a new century The World of Consumption Ben Fine,2016-10-14 Consumption has become one of the leading topics across the social sciences and vocational disciplines such as marketing and business studies In this comprehensively updated and revised new edition traditional approaches as well as the most recent literature are fully addressed and incorporated with wide reference to theoretical and empirical work Fine s refreshing and authoritative text includes a critical examination of such themes as economics imperialism and globalization the world of commodities systems of provision and culture the consumer society public consumption This book presents an updated analysis of the cluttered landscape of studies of consumption that will make it required reading for students from a wide range of backgrounds including political economy history and social science courses generally Encyclopedia of Consumption and Waste Carl A. Zimring,William L. Rathje,2012-02-29 These volumes convey what daily life is like in the Middle East Asia and Africa Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world *Dictionary of Media and Communication Studies* James Watson,Anne Hill,2006-05-26 No student of media communication and cultural studies can afford to be without the new edition of Watson and Hill **Consumption and Waste in American Environmental History** Martin V. Melosi,2025-03-31 Consumption and Waste in American Environmental History is an accessible introduction to the consumption experience wasting practices and disposal history of the United States spanning precontact to the present Centered around concise case studies the book confronts consumption and consumerism and assesses the impact of solid and hazardous wastes from political economic social and especially environmental perspectives The overarching relationship among consumption waste and climate change is woven throughout the book identifying key questions and themes in United States environmental history Each chapter explores a specific element of consumption and waste including the commodification of humans and animals depletion of resources the role of immigrants women and people of color in sanitation services and as sanitary and environmental activists salvaging and recycling environmental justice e waste plastics space junk and more With a broad chronology and a variety of relevant topics this volume is an engaging resource for undergraduate and graduate students in American history environmental history and sustainability studies *Cities and Consumption* Mark Jayne,2006 This text investigates the mutual and dynamic relationship between urban

development and consumption It uses case studies and illustrations from North America Europe and Asia **Young People in Europe** Harriet Bradley, Jacques van Hoof, 2005-04-27 In a period of rapid social and economic change labour markets are undergoing major transformations This book explores the changing fortunes of young people in Europe s flexible and precarious labour markets and the range of policies that are being developed to help them deal with the problems they face The book draws on recent research carried out across Europe to highlight a number of key dilemmas for youth policy what help is needed for young people and their parents in coping with lengthened transitions from school to work What types of training and education are most effective Is a switch from general to vocational education needed Is workfare the right solution The contributors who are all leading authorities in the field challenge the conventional wisdom in many of these areas The book will be of interest to those researching and studying labour markets and youth policy and to policy makers and practitioners in these fields **Industrial Ecology and Spaces of Innovation** K. Green, 2006-01-01 This is an especially timely book Carefully organized and well motivated its power lies in the explicit effort to ask how industrial ecology and innovation studies do can and should intersect Reid Lifset Yale School of Forestry and Environmental Studies and editor Journal of Industrial Ecology This book explores the disciplinary interfaces and practical implications of working across the two disciplines of industrial ecology IE and innovation studies IS Both disciplines have something to say about instigating environmental improvement and more sustainable futures IE is predicated on the idea that social and economic systems mirror or should be made to mirror natural ecological systems Proponents of IE devise models and techniques to trace material and energy resource flows as they move through social and economic systems They propose policy and management improvements to increase the resource efficiency of such systems By contrast IS researchers work with the idea that innovation is a dynamic activity vital to social and economic change and is shaped by a range of actors in industry in government and in households The authors illustrate the conceptual and practical problems and opportunities of working across this bi disciplinary interface with case studies presented from each and from hybrid perspectives that draw on both These include applied examples from IE such as an evaluation of industrial symbiosis in the UK and from working projects in industrialising countries Cases that originate with IS cover the areas of food construction and waste incineration New directions for conceptual development and further research are also offered Conceptual blindspots and research gaps are identified at the interface of the two disciplines Industrial Ecology and Spaces of Innovation will appeal to a wide and interdisciplinary audience including academics and researchers of environmental innovation management and economics industrial ecology and schools of environmental engineering Business environmental practitioners consultants and managers working with techniques such as life cycle analysis environmental impact assessment and collaborative industrial symbiosis initiatives will also find much to engage them within this book **Changing Family Values** Gill Jagger, Caroline Wright, 2003-12-16 Changing Family Values offers a comprehensive introduction to contemporary debates and new research

surrounding the family It explores how we define traditional family values and how these values are perceived as being underthreat in contemporary society Ranging across politics social policy law and sociology the contributors focus on the diverse realities of contemporary family life Issues covered include the recent backlash against single mothers lesbian and gay families and the law men s changing roles within the family the future of the nuclear family This book is ideal for courses covering the family a central topic in sociology and women s studies

Culture, Environment and Ecopolitics Nick Heffernan, David A. Wragg, 2020-05-15 Culture Environment and Ecopolitics brings together a series of new reflections on historical and current ecological and environmental predicaments By way of critical interventions in environmental thought and through engagements with literary visual architectural philosophical and more general cultural studies scholarship this collection of essays by an international panel of writers breaks new interpretative ground While techno science has in some quarters been elevated to a master discourse of humanity s salvation charged with providing a magical fix for planetary ecological dilemmas the focus of our volume is on the importance of cultural reflection for bringing matters of local and global import to light Moving from the abstractions of eco critical utopianisms to the concrete identity of the land in the poetry of John Clare from British Petroleum s attempts to re brand climate change to examples of eco architecture and much more besides these essays exemplify ways in which eco political thought and practice might now be theorized The collection is framed by a substantial editors introduction which offers but one contextualization of the ideas and critical trajectories that follow Culture Environment and Ecopolitics will allow readers to discover original intersections and argumentative cross references across contested terrains in a world increasingly troubled by ecological crises

Consumer Tribes Avi Shankar, Bernard Cova, Robert Kozinets, 2012-06-25 Marketing and consumer research has traditionally conceptualized consumers as individuals who exercise choice in the marketplace as individuals not as a class or a group However an important new perspective is now emerging that rejects the individualistic view and focuses on the reality that human life is essentially social and that who we are is an inherently social phenomenon It is the tribus the many little groups we belong to that are fundamental to our experience of life Tribal Marketing shows that it is not individual consumption of products that defines our lives but rather that this activity actually facilitates meaningful social relationships The social links social relationships are more important than the things brands etc The aim of this book is therefore to offer a systematic overview of the area that has been defined as cultures of consumption consumption microcultures brand cultures brand tribes and brand communities It is though these that students of marketing and marketing practitioners can begin to genuinely understand the real drivers of consumer behaviour It will be essential to everyone who needs to understand the new paradigm in consumer research brand management and communications management

Understanding Contemporary Ireland Brendan Bartley, Rob Kitchin, 2006-12-20 This is an account of Ireland in the twenty first century and the remarkable economic and social transformations that have occurred since the late 1980s The Celtic Tiger phenomenon made Ireland the

focus of much attention in recent years Other countries have openly declared that they want to follow the Irish economic and social model Yet there is no book that gives a comprehensive spatially informed analysis of the Irish experience This book fills that gap Divided into four parts planning and development the economy the political landscape and population and social issues the book explains a particular aspect of Ireland and Irish life The authors reveal how the transformations that have occurred are uneven and unequal in their effects across the country and highlight the challenges now facing Irish society and policy makers

Youth Gill Jones, 2009-02-17 This accessible book takes a fresh and original approach to the concept of youth placing changes in the social construction of youth within a more general story of the rise and fall of grand theory in social science Gill Jones evaluates the current relevance of these wider social theories to understanding youth in late modernity in the light of key examples of empirical work on young people Individual chapters are organized around the themes of action identity transition inequality and dependence conceptual themes which cross cut young people's lives The book considers the validity of youth as a social concept and examines ways of identifying what is specific to young people without resorting to seeing them as a homogeneous group defined by their age in so doing it uncovers notions which are erroneously attributed to young people Youth represents a thought provoking challenge to a new generation of social science students youth researchers and practitioners to distance themselves from the politically and emotively charged issue of youth in contemporary society and move further towards re theorizing the concept of youth in ways which are relevant to young people's lives today
